TORONTO'S PLIGHT Boss-ridden Toronto has been reduced to the necessity of engaging in an expensive wirertising campaign to induce its citizens to come out and vote on Municipal Election Day.

The apathy of large numbers of Toronto's voters is not a matter to cause surprise. They no longer count it a privilege to go out New Year's Day merely to cast a ballot for one of the fourth-rate mediocrities regularly thrust into office by means of the ward system operated livy the City Ball gangsters.

This long continued degradation of the franchise has of necessity brought about a lowering of civic pride on the part of the average elector. Hence the present heroic measures.

The Stouffville Trihune observes: "Four vacancies on the Stouffville school board-leaves a big opening for any disgruntled natepayers to try their prentice hand." We might add that there is no dearth of similar opportunities as regards the Richmond Hill Council.

> The Junior Piowmen This article would be incomplete without a reference to the striking benefits that have followed the organization of the Junior Plowmen's competitions. In this respect Bruce County deserves special mention for the work there during the past two years has made rapid strides. It is also worth noting that Muskoka staged this year her first Junior Plowing Competition, and considering itial difficulties and farming conditions in general in that section of the Province, the result was exceedingly creditable and encouraging. No small share of the credit for this must be given to Mr. Tipper, agricultural representative, who is proud to say that Muskoka intends to drop into line next year and hold an up-to-date the west half of Lot 17, Concession 2, Plowing Match.
