### FEELING FEED SHORTAGE

Galt, May 12.—E. I. McLoughry, County Agricultural Representative for Waterloo, reports that feed shortage in Waterloo County is acute, and therefore the need of growing weather is important. Seeding is well under way, with a noticeable increase in the acreage of alfalfa. Fall wheat is patchy, and it is estimated that 30 per cent. of the fields are being re-sown to spring grain. Clover is poor, and many farmers are plowing fields up to soy oats and peas mixed.

### THE HOME OF ICE CREAM

The consumption of ice cream in the United States has increased from 1.04 gallons a year per person in 1910 to 2.8 gallons in 1925, the U. S. Department of Agriculture has announced. Per capita consumption in 1924 was 2.5 gallons. The total quantity of ice cream consumed last year is estimated at 322,729,000 gallons, compared with 285,550,000 gallons in 1924, and 260,000,000 gallons in 1920.

### PASSED ACCOUNTS

The only item of business transacted by the North York Township Hydro Electric Commission, on Monday, was the passing of accounts providing for salaries, construction, repairs, etc. No new work has been undertaken for the past few weeks, but it is expected that construction work will be recommenced in the near future.

### CARD OF THANKS

James H. Robson and family wish to thank their friends and neighbors for their many acts of kindness during their recent bereavement.

### PRESBYTERIAN CHURCH

Rev. M. C. Campbell, M.A., Minister

Ordination Service on Sunday, May 16th.

On Sunday morning 11 a.m., Messrs. John Ireland, Cairns Mash and Joseph Otkinson will be ordained as Elders in this congregation.

## "Way Back in the Liberal Files"

From the Issue May 17, 1906

J. Startup reported having completed an inspection of the village—and with a few exceptions, found all the premises in good condition. The few negligent ones were given a warning and instructed to clean up their premises and put their grounds in a sanitary condition.

An editorial brief extended an invitation to outsiders to settle in Richmond Hill. It is just the right size town said the article, to settle in and enjoy life. We have good schools, good churches, good sidewalks and almost every comfort of life, and ten dollars will go twice as far as the same amount in the large cities. When you want to leave the farm, come to our town, get a nice comfortable home and be among the best people in the world. The same ideal conditions still exist here and the invitation of the editor of twenty years ago still holds good.

At a public meeting in the council chamber, Robert Mackie was elected school trustee for the Union School section in place of the late David Lynett.

From the Issue May 14, 1896.

A political meeting was held at Maple, when N. C. Wallace, representative for West York, clashed in verbal battle with John Brown, the Patron candidate. Each spoke for about an hour and the audience divided about equally in applauding their favorite.

A meeting of football enthusiasts was held at King, and the York County league was organized. The officers were: hon. pres. Wm. Mulock, president J. M. Walton, vice-president J. W. Larkin, sec. treas. H. P. Hogan. Teams were entered in the league from Aurora, Kettleby, King City, Nobleton, Markham, Dairy Town, Weston and Woodbridge.

Rev. J. A. Grant occupied the pulpit at the Presbyterian church on Sunday.

The annual meeting of the Methodist church was held with Rev. J. Vickery presiding. The election of officers resulted as follows, secretary, Wm. Harrison; treasurer, J. A. E. Switzer; pew steward, Wm. Harrison; ushers, Thos. French, and James Wright; collectors, Messrs. Savage, Glass, Crosby, Sanderson, Hooper, Hicks, and Storey; envelope committee, W. A. Sanderson, C. Mason, J. H. Sanderson; auditors, I. Crosby, and R. E. Law; organist, Mrs. A. J. Hume, assistant, Austin Law; management committee, John Sanderson, P. G. Savage, J.A.E. Switzer.

From the Issue May 16, 1901.

Charcoal 10 cents per bag or three for a quarter at C. Mason's.

Owing to the press of business at Magee's foundry, the proprietor announced that he would not chop grain at his mill until further notice.

The Schomberg and Aurora Railway, fifteen miles in length, was granted a subsidy by the Dominion Government of \$3,200 per mile.

At a meeting of the Toronto lacrosse league, Richmond Hill was admitted to the Senior Series. Other teams in the group were Orioles, Young Torontos, and Young Tecumseths.

Heise's saw mill, between Gormley and Bethesda was burned about four o'clock in the morning. The fire was caused by a spark from the chimney.

Miss Josie Benyon of Tempranceville has been staying at the Parsonage for a couple of weeks with her sister, Mrs. Wellwood.

Hello information! What a great convenience it is to you when you want to know something to be able to pick up the telephone and call "Hello information".

Within a minute you get the facts you are seeking. Likewise, every time you pick up your newspaper you are in touch with information. You want to buy something; you are not sure when or where to get it. Turn right over to the advertising columns of the Liberal, and there you are. Could anything be more efficient?

An "All Canada" supplement of the Christian Science Monitor has been widely distributed in the Richmond Hill district. This supplement is a product of a great deal of time, thought, and money and the achievement is to be credited entirely to Canadians. Forty-eight pages of material with regard to Canada covering the country from coast to coast is presented in the issue, in handsome typographical form. Published at Boston, the Monitor has always maintaining its own correspondents in this country. The present supplement should be most helpful to Canada from the standpoint of publicity as more than 100,000 copies were distributed within the United States; some 10,000 were sent overseas, while Canadians themselves received a quarter of a million.

As the annual fair day is approaching and we are all looking forward to its coming it would be well for all who contemplate attending to seriously to ask themselves this question: "Do I get as much out of my visit as I should?"

Fairs and Exhibitions provide a means of social intercourse and entertainment for the people of the surrounding community but fundamentally they are educational, particularly to the rural community. Their main object is the improvement of agricultural conditions by comparisons of inferior and superior live stock, crops, etc., and by donating of premiums to the latter class.

The pleasure of the social and lure of the entertainment features should not be allowed to supersede the interest that should be taken in the educational features. Every agriculturist is, or should be, interested in making the most of his business and he can find numerous aids in a day well spent at the Fair.

Speaking more particularly from the live stock man's point of view, he should make a point of seeing as much of the live stock as possible as it is being judged, so that he can see the good and bad types and correct his own breeding operations accordingly.

Undoubtedly, the spectator will not always agree with the judge as the best of them make mistakes (as do the best of farmers) but to the dyed in the wool stock man there is no greater pleasure than to stand at the ringside and pit his opinion as to the meritorious animals in a class against that of the judge. It is well to remember, however, that the judge has the advantage in that he is able to handle the animals and view them from all angles and may see or feel something that is not evident to the man at the ringside.

**Performance!**

55 MILES PER HOUR

Dynamometer tests prove that the NEW STAR car has more developed horsepower than any other car in its price class. The NEW STAR has also demonstrated the quickest acceleration and pickup in traffic; from 2 miles an hour to 25 miles in a few seconds.

The NEW STAR car renders STAR PERFORMANCE.

The NEW STAR is "supreme in the low cost field".

Ask your STAR dealer about the Continental Red Seal Motor, lapped piston rings, honed cylinders and other STAR car features.
