Thornhill Chapter Dedication Ceremonies

Impressive Work Carried Out By Grand Chapter Officers

The new lodge room of Victoria Chapter Royal Arch Masons No. 205 was formally dedicated with fitting ceremonies on Wednesday evening May 13. Several Grand Chapter officers were present for the occasion and a very enjoyable evening was spent.

Rt. Ex. Com. W. G. Price of Port Credit officiated, and was assisted by Rt. Ex. Com. H. H. Long as Second Principal and Rt. Ex. Com. W. Hopkins as Third Principal, also several other Ex. Companions from Toronto. The beautiful ceremony of dedication was carried out in a very impressive manner, which was much appreciated by the large number of Companions present.

The members retired after the ceremony to the banquet room where ample justice was done to the many good things so bountifully supplied. The principal toast being to the Grand Chapter, was replied to by Rt. Ex. Com. Price and the Grand Secretary Rt. Ex. Com. Henry T. Smith, at some length. The toast to the visitors brought out many happy and complimentary remarks, to the Companions of Victoria Chapter, on the completeness and appropriateness of their new rooms.

League Opener Was Tie Game

S.Y.A.A. Staged Last Inning Rally and Tied Local Team

The first game of the Yonge Street Men's Softball league was played here on Monday night when Richmond Hill and Yonge St., A.A.A. played a tie game. Both teams showed lack of practice and there were plenty of errors but both displayed a lot of good material which should work in to real class aggregations before the season progresses very far. Richmond Hill had a five run lead at the end of their half of the seventh but the visitors staged a rally in the last inning and tied the scores.

The teams were: S.Y.A.A.—Perry, Hurst, p; Beadle, Campbell, c; Sambrook, Hacke, Sparrow and Weaver. Richmond Hill—Bayes, c; Wall, p; Harding, lb; Graham, 2b; A. White, s.s.; Morley, 3b; E. White, c.f.; E. White, l.f.; J. McLean, r.f. S.Y.A.A. 2 1 0 1 5 0—10 Richmond Hill 4 0 0 1 0 0 5—10

Merchants Report Business About The Average—R.R. 2 Extended To Provide Additional Service—Seeding Completed.

(Special to The Liberal) Rural Postal Route No. 2 is to be extended at once a distance of two miles to serve three families namely: Fred Willis, Earl Bowes and John Boys. The government apparently appreciates the meaning of the word "service" and are endeavoring to serve the greatest number possible. The extension to R.R. 1 a short time ago has proven a great benefit to those served by it.

The business men of our town report business to be above the average. The result of good crops and good prices is soon reflected in the buying power of the farmer. And when the farmer is prosperous all of the community share his prosperity.

Motor traffic on Sunday was particularly heavy and the need of a local constable was quite apparent at times.

The hum of the vacuum cleaner has been heard in our midst for the past week or so and "mere man" is hoping that the house-cleaning fever will soon abate so that he can have his meals again with the usual comfort and regularity.

Many of the farmers in this locality have finished seeding and are preparing to take a holiday on Monday and visit the fair at Richmond Hill.

Our local hotel keeper, Frank Armstrong, has been making extensive repairs and improvements to his property and is now in a position to serve the travelling public and others in the most up to date manner.

Mrs. Geo. Stone has recovered from her recent illness and is now visiting her daughter Mrs. Proctor. Mr. and Mrs. Wm. Carson spent

ALL IS IN READINESS FOR THE ANNUAL FAIR

Good Weather And The Co-operation Of The People All That Is Needed.

On Monday, May 24, the gates of the Richmond Hill fair will be opened for the seventy-seventh time. All is now in readiness for the big event and the officers and directors are looking for new records to be established in every department.

Entries have been received in large numbers and the showing in all classes will be good. Nothing that promises to add to the success of the exhibition has been neglected and every member of the fair board has thrown himself into the preliminary work with even more than the usual enthusiasm. There have been energetic efforts to improve the various features of the exhibition and at this date the complete success of the annual undertaking would seem assured. The only thing needed now—in addition to good weather, and one of the prominent directors has assured us that he had ordered that is the co-operation of the people of the district.

The fair is a community enterprise in which every citizen has a direct and vital interest. The directors can work and plan and prepare but if the people do not do their part as exhibitors and patrons then all the work and preparation in the world could not put the exhibition "over the top." That they will co-operate as they have in the past The Liberal has no doubt and because of that confidence, looks forward to the Richmond Hill fair setting a new record.

Fair Notes The importance of the office of Secretary is not perhaps generally appreciated, but as a matter of fact fair secretaries frequently make or mar the particular events for which they are in such a large measure responsible. Upon the secretary falls the onerous and exacting duties of allotting space to the various exhibitors, taking entries, supervising the judging schedule, correctly recording the long list of awards and lastly but by no means least satisfying the demands and keeping in good humor all those who contribute to the general display. It is no sinecure of a job and demands unusual qualities frequently hard to find in one individual. The local institution was fortunate in having the services for about thirty-five years of H. A. Nicholls who took over the office in 1888. At that time there was no money in the treasury, but the officers carried on with faith in their enterprise and in the people. The results have more than justified their efforts. Mr. Nicholls resigned in 1923 and the office was held for one year by Mr. James McLean, a director who has been associated with the fair for many years. In 1925 R. S. Cooper was appointed and has proven himself the right man for the job. Exhibitors and others who have dealings with

Sunday with Mrs. Carson's parents at Mount Albert. Mr. and Mrs. Joseph Thompson of Toronto spent the weekend with their aunt Mrs. Hogan.

Mrs. Winger and daughter of Ridgeville, Sask. is visiting her parents Mr. and Mrs. John Burns. J.L. Jenkins, our genial and efficient township clerk is making extensive repairs to his property.

Maple

The monthly meeting of the Women's Institute was held last week at the home of Mrs. C. E. Byam. Mrs. T. Jackson was appointed President for the ensuing year, and it was suggested that the annual picnic be held in July. Refreshments were served at the close of the meeting.

EDGELEY

(Special to The Liberal) The Women's Institute held their regular meeting last week at the home of Mrs. Homer Whitmore. The following officers were elected for the coming year: President, Mrs. E. Phillips; 1st. Vice-president, Mrs. L. Goddard; 2nd. Vice-president, Mrs. Jas. Mitchell; Secretary-Treasurer, Miss Helen Mitchell.

William Baker who has been ill in Toronto for some weeks does not seem to be recovering very rapidly.

John Snider has been confined to the house suffering from a severe case of blood poisoning. Several new cars have been purchased by different farmers during the past few weeks.

Do not forget the banana social under the auspices of the Ladies' Aid Saturday evening, May 22. Come and bring your friends and enjoy a real good evening.

the fair board should at all times remember that the secretary is a very busy man and endeavour to lend every assistance and at least not cause any extra or unnecessary work.

One of the special features of the fair this year will be the horse drawing contest. It is an event which is well worth seeing and which has proven popular at many of the big fairs throughout the province. Class one is an open competition with a set of dishes valued at \$30.00 as first prize, and Class II. is a competition for farmers teams only with a handsome silver cup going to the winner.

The softball game between picked teams from Vaughan and Markham townships will commence at 12 o'clock noon (standard time).

The attention of exhibitors is directed to the fact that rule II, which says that no animal will be allowed to exhibit in more than one class or section of class except in cases of specials and pony exhibits does not apply to horse classes. Horses in light and heavy classes may be entered in any class or section of class providing an extra fee of \$1.00 for each entry is paid.

The president and directors of the fair have requested that the business men and citizens decorate their stores and homes on Monday.

The secretary's office on the grounds will be open on Friday evening from 7 to 9 p.m. and Saturday afternoon and evening to receive entries.

A meeting of the directors of the Agricultural Society will be held on the fair grounds on Saturday afternoon, May 22, at 2 p.m. Every director is requested to be present.

The present officers of the fair are: Honorary Directors: Hon. Sir Henry Drayton, M.P.; Lt. Col. T. H. Lennox, M.P.; W. F. McLean, Esq., M.P.; Hon. G. S. Henry, M.P.P.; Hon. Dr. Forbes Godfrey, M.P.P.; Wm. Keith, Esq., M.P.P.

Officers: Honorary Presidents, A. J. H. Eckardt, Esq.; W. H. Fuglesy, Esq.; E. J. Stephens, Esq.; President, Robert Thompson; 1st. Vice-President, R. W. E. Burnaby; 2nd. Vice-President, W. H. Legge; Secretary-Treasurer, R. S. Cooper.

Auditors: W. Hall, G. H. Duncan. Directors: Jas. McLean, J. Lunan, H. A. Nicholls, T. H. Trench, J. A. Greene, Frank Graham, G. Dibb, J. S. McNair, P. A. Clark, T. Read, R. Agar, Col. F. H. Deacon, J. E. Francis, W. H. Wells, J. Cherry, F. A. Legge, W. McKnight.

Township Will Build Market At City Limit

At a meeting of the North York Township Council held on Monday, the tender of the Metallic Roofing Co., of Toronto, for the construction of a new Market building at the city limits was accepted. This is a result of the action of the committee appointed some time ago which was given power to obtain a market site in the township just outside the city. The farmers and dairymen will now be able to sell their products to city customers, free of city regulations, the most objectionable of which was the ruling of the board of health that all cream sold in the city must be pasteurized.

A By-law was passed making it unlawful to discharge firearms of any kind in the township. The only exception to this law will be in the case of farmers who use guns to prevent destruction of their crops by animals and birds. A fine of \$50 will be imposed on offenders.

A petition was received asking that Bathurst street be designated as a county highway. It was agreed by the council that the matter should be referred to the York Council, and their decision regarding the proposed viaduct on Bathurst street, between St. Clair and Eglinton avenue be ascertained. It was thought that if this viaduct were built, Bathurst street would be made a main highway.

A deputation headed by W. G. Ellis appeared concerning the future of Avenue road. They felt that considerable road work should be done on the thoroughfare and were anxious to ascertain whether or not the county would be willing to do this work. They believed that the city would be willing to annex them, but before making any move they wished to consult with the council. The matter was referred to Engineer E. A. James for a report.

School districts three, four and five of the township will not unite. This decision was reached at the evening session of the council and ratepayers. The residents of district four objected to the proposed union on the ground that it would not in any way benefit them from pecuniary standpoint, nor would it, in their minds, increase the efficiency of the educational system. Their rate is at the present time lower than it would be were the three districts to unite, and furthermore, it would not, in their opinion, in any way hinder the plans of the metropolitan school area, should the York council decide in June to put it through.

The building permits in the township show an increase for April of \$145,500 over the same month last year. This is due largely to the building of Haverhill Girls' College. A portion of the school will be in the city, and the rest in the county.

Owing to the fact that the ditches were deepened last fall too close to the sidewalks on many of the streets in Kingsdale, the sidewalks are becoming undermined, and in many cases falling away. It was decided to have this matter dealt with without delay.

W. P. Mulock told the council that many young trees planted by residents of Armour Heights are being stolen. A constable will be placed in the district.

A petition was presented for a pavement on Botham Road.

Contract Let For New School

(Special to The Liberal) Langstaff, May 19—The old school has been moved to a new site and the trustees have let the contract for the new building to William Riddell of Thornhill. Of the five tenders submitted the one at \$15,200 was the lowest. Construction work will commence at once and the new school will be ready for the opening of the fall term in September.

At last Langstaff is to have an industry. Garnet Duncan has purchased the lot and siding on the Macklam road and will open at once a coal and wood yard and will handle in addition lumber and builders supplies.

J. L. McDonald & Sons of Thornhill installed this week, a new gasoline pump. The new pump replaces one which has been in operation for thirteen years and which was one of the first gasoline service stations on North Yonge Street.

See Our Display at the Fair on the 24th-- We will have a full line of all models of Chevrolet and Oakland Cars on display at the Fair Grounds. We have the following Used Cars on our floor at Bargain Prices:
