DAYLIGHT SAVING

Richmond Hill will officially adopt Daylight Saving on May 29. Already several citizens are operating on the new time and it will be a relief to many doing business when all people in the community are going by the same clock. It has been said that nothing is finally settled until it is settled right, and this seems to apply to this question whose discussion every spring is as regular of late years as the coming of May flowers.

The idea of tinkering with the clock "To save daylight" first found definite form in England during the war years. The innovation spread practically to all the civilized world but, it has apparently never met with unanimous approval anywhere, and especially in rural districts has been unpopular. It quite clearly is of no apparent benefit, and is not wanted by the farmers. The dew remained on the sheaves in the harvest field long after the daylight saving clock announced that workmen should be busy; moreover six o'clock has no special significance on the farm in harvest time.

Even in the cities many mothers complain that their children's health suffers, because they cannot put them to bed through the daylight hours. Although to this is replied that one extra hour spent in the open air will weigh heavily in the balance against one hour robbed from their sleeping hours, which far too often must be spent in hot and stifling rooms.

However, despite the many arguments against the idea it is true, that an extra hour of daylight is very welcome to city workers who toil long hours in offices, stores, or factories. Therefore it is possible that those of us who constitute that fortunate majority which lives outside of that congested Metropolitan district do not fully appreciate the blessings of an extra hour of recreation in the open air. And if a change to "Summer time" were made all over Canada, or better still, all over the continent, we are of the opinion that it would find more

general favor and the few that it would then inconvenience no doubt would be willing to become reconciled if it would benefit the majority.

BY-LAW NO. 361

To provide for the closing of the hereinafter mentioned places of business on Wednesday afternoon of each week except during the month of December in each year, and except when Wednesday immediately precedes a public holiday, from one o'clock p.m. until five o'clock a.m. of the following day.

Whereas a petition signed by a number of the business men of the village has been presented to the council, praying that a by-law shall be passed providing for the closing as above set forth of all grocery, drygoods, hardware and provision stores in the village of Richmond Hill, and whereas the Clerk of the said village has certified that the said petition is sufficient under the Statute in that regard.

Now therefore the Municipal Council of the Corporation of the village of Richmond Hill enacts as follows, under and by the authority of Chpt. 15, George V. Section 2, Subsection (4a.):

1st. That all business places in the village of Richmond Hill carrying on the business of a Grocery, Drygoods, Hardware or Provision Store, shall be closed from one o'clock on Wednesday of each week until 5 o'clock in the morning of the following day, except during the month of December, or when Wednesday immediately precedes a public holiday.

2nd. Nothing in this by-law shall render unlawful the continuance in a shop after that hour appointed for the closing thereof, if any customers who were in the shop immediately before that hour, or of the serving of such customers during their continuance therein.

3rd. That the contravention of the provisions of this by-law shall be punishable upon conviction before any Justice of the Peace by a fine not exceeding the sum of \$10.00, for the first offence and \$25.00 for each subsequent offence, and every such penalty shall be recoverable under the "Ontario Summary Convictions Act" all the provisions of which shall apply.

This by-law shall come into operation and be of full force and effect on Wednesday, the 26th day of May, 1926.

Read a first, second and third time and passed, the 12th day of May, 1926.

Mrs. Geo. Cowie, with her one-year-old son, Jim, left Tuesday morning for a three months' visit with her father, mother, brothers and sisters in Aberdeen, Scotland. They will sail on the Corinthian which plies between Montreal and Glasgow. May Mrs. Cowie and son have a pleasant trip and safe return.

The Agricultural Hall was struck with lightning on Thursday last. The bolt struck the ridge board, cleaned off a large square of shingles, went through the ceiling, followed the iron rod on which a lamp hangs, shattered several seat supports, bored through the asphalt floor and buried itself in the earth.

THORNHILL

(Special to The Liberal)

The Thornhill Branch Women's Institute, numbering twenty members, attended the union meeting in Richmond Hill last week. Mrs. H. M. Aitkin's address on the subject, "The Business of being a Woman", was much enjoyed. Her splendid personality and wit made a great impression on her audience. Solos were rendered by Miss McDonald of Aurora and Mrs. D. Bales of Lansing. At the close of the meeting dainty refreshments were served and a social hour much enjoyed. Regrets were expressed for Mrs. Plewman's absence through illness.

Mr. and Mrs. Wyatt are moving into Mr. Moyle's house.

The official opening of Thornhill Golf Club took place Saturday. A large number remained for the dance in the evening.

Rev. Mr. Conning of Rosseau preached an eloquent sermon in the United Church Sunday evening.

The Horticultural Society held their monthly meeting and entertained the school children to moving pictures which were both instructive and amusing.
