

The Traffic "Cop" is Your Protector

Ontario highways are policed for your protection. The traffic "cop" is your friend.

The traffic patrol is not to inconvenience the motorist, and not for the purpose of collecting fines. Its aim is to protect life and limb, and the public investment in the roads. Its work makes for the safety of yourself and your family.

Won't you do your part in this movement to reduce accident on the highways, and encourage your friends to do the same?

Do not fall into the temptation of speeding, because the road ahead is clear. Remember that excessive speed is one of the greatest agents of destruction of some roads. While reminding motorists that the traffic patrol will do its full duty in enforcing the law, the Government urges the co-operation of motorists in refraining from excessive speed. Each motorist is interested in road protection because each must contribute to road maintenance.

THE HON. GEO. S. HENRY,
Minister of Highways

S. L. SQUIRE,
Deputy Minister

Issued by the Ontario Department of Highways to secure the co-operation of motorists in abating the abuse of the roads of the Province.
