

## Sporting Notes

The local girl's softball team have been threatening all season to make the district softball fans sit up and take notice and on Friday evening last they realized their ambition by administering an 11-9 defeat to the Thornhill team, leaders of the league. Throughout the entire game the Richmond Hill girls looked far the best and only in the fifth inning did the league leaders look dangerous. The Thornhill battery was J. McDonald, pitching and G. Hooper, catching; Richmond Hill battery was D. Hart pitching and L. Burns, catching.

Thornhill and Lansing have long been rivals in the world of sport and on Monday night B. H. Eaton's crew stepped into the home field and defeated Lansing 17-14. The winners took the lead early in the game and maintained it until the last innings. They successfully bunched their hits with good effect and played a very creditable game. B. Chinery was on the mound for the losers and after a rather bad innings at the

start settled down to a good game and Jean McDonald for the winners turned in her usual excellent performance.

Richmond Hill girls motored to Newmarket on Tuesday evening and played an exhibition game in the Northern Town but were defeated by a 20 to 21 score.

Both Richmond Hill softball teams took part in the tournament at Willowdale last Saturday afternoon.

A critical league game will be played here on Friday evening when the local girls will play against the Aurora team. A win for the locals will put them right in the running while a loss for Aurora will put them out of the running. Richmond Hill girls have already upset the dope several times and many fans are looking to have them repeat the performance on Friday night.

A good crowd of fans should turn out for the game on Monday night in Thornhill when Richmond Hill girls will be the visitors. Last Friday's score is still fresh in the minds of the players and a keen battle is looked for.

## Where do You Keep Your Valuable Papers?

THE whereabouts of your valuables is nobody's business but your own, and for that very reason they should be placed beyond the reach of meddling persons, thieves or elements which compromise their security. Use a safety deposit box in your nearest branch of the Standard Bank. It is the most convenient method of safe keeping for documents, jewels and other small objects of value.

## SELF-OILING — SELF-REGULATING

With the Strongest Tower Built

It's the "Toronto" Self-Oiling Windmill—requiring "oil only once a year". All gears operate in a bath of special oil affected by neither heat nor cold—every bearing and working part thoroughly and automatically lubricated.

If you have a "Toronto" Windmill now, you can obtain this self-oiling feature by interchanging the head and using your present wheel. Most Toronto Windmills, too, can be made absolutely self-regulating in operation. The "Toronto" Tower will stand for a lifetime because it is the heaviest, strongest and best-braced one built for any windmill. See this new Mill now—or get my booklet.
