Manufactured By

TORONTO HEIGHTS POULTRY SUPPLY CO., Limited.
Toronto, Ontario.

STERLING EGG MASH

Follows the chick starter, combined with Sterling scratch feed for a perfect balance.

Running Water!

When and Where You Want It

On any farm of average size at least one hour a day—36½ ten hour working days a year—are spent in the irksome, wearying task of pumping water. 36½ days which one of my Toronto Windmills will give you for profitable work, rest or recreation—besides supplying running water wherever you want it.

The one bothersome task, that of oiling the windmill in all kinds of weather, is overcome in the Toronto Self-Oiler, which requires fresh oil only "once a year." Friction and wear are practically abolished. Toronto windmills, too, can be made absolutely self-regulating in operation.

The "Toronto" Tower will stand for a lifetime because it is the heaviest, strongest and best-braced one built for any windmill. Let me explain why I believe this is one of the biggest conveniences you can have.

Richmond Hill

Victoria Square

(Special to the Liberal)

In the baseball series the girls visited Buttonville and although a girl short in the line-up gave a good account of themselves. Umpire Mill Brown discovered early in the game that the plate was disarranged and accordingly called the game until things were O. K. Proceeding the game ended 21-8.

At Unionville the girls from the Square administered a whitewash to the girls of Unionville 3-0.

In the boys Markham Softball League Milliken vs the Square played off the tie at Unionville on the 6th. After a snappy game called on account of darkness, the Square emerged thus to the good 6-8. There is talk of a protest but is it sportsmanlike?

Manager Jim Smith is feeling happy and is to be congratulated on his good generalship.

The girls of the Red Ribbon Class are holding their annual entertainment Friday evening August 13th. There will be a good program. Admission 25 and 15 cents.

Mrs. Emily Meek visited with Mrs. May Meek over Sunday.

Russell Boynton is threshing his alsike. The yield, five bushels to the acre is not large but is fair for the seed.

There is a report of good prices this year. Russel has been offered eleven per bushel.

Rev. Mr. Wall has returned from his vacation and gave a talk in Sunday School and afterwards gave a splendid sermon on the miracle of Galilee. He illustrated from Lake Simcoe and the surrounding towns on the lake to represent the country around Lake Galilee.

Mr. and Mrs. D. Wideman of Toronto spent Sunday at the home of L. B. Heise.

Mr. Milton Byer of Hamlin Kansas who has spent some time visiting with friends at Victoria Square and Gormley, expects to leave on Friday for his home by motor and will be accompanied by his cousin Miss Anna M. Steckley of Gormley, who recently returned from India.

Mr. C. E. Heise left on Saturday morning for Orville Indiana and expects to return in a few days with his wife and family.

Mr. Milton Byer and Miss Elva L. Heise visited at the home of Miss C. Heise of Richmond Hill on Tuesday.

Mr. L. Stoutenburg has commenced the erection of his new house under the able direction of G. Dennis and L. B. Heise.

Miss Gladys Shaantz of Wainfleet Ont. is visiting with friends at Victoria Square and Gormley.

Elgin Mills

(Special to The Liberal)

Mr. Eli Bates and Mr. R. Rync met with an accident last Thursday morning Aug 5th. The car turned a summersault into the ditch. Something went wrong with the steering wheel.

About 12:30 last Thursday afternoon a Star car and a truck collided. A woman was seriously hurt and rushed to the hospital.

The cars that were smashed were all brought to Harold Reid's garage at Elgin Mills.

A party of tourists camped in Mr. Nicols field in the edge of the village on Friday night. The party consisted of Mr. and Mrs. John Collins and Rev. A. J. and Mrs. Love and family of Putnam. Mr. and Mrs. E. Medlyn and son of St. Thomas, Mr. and Mrs. E. M. Baker of Lambeth. They left on Saturday morning for a fishing party where they enjoyed some fishing. The party appreciated the kindness of the village people.

Mr. Walter Bird of Detroit has been visiting her sister at Elgin Mills. Mrs. Bird is the wife of the late Walter Bird.

Mr. R. B. Brown's barn was burned to the ground last Monday night. Overheated hay was said to be the cause of the fire.

Mrs. Walter Bird of Detroit has been visiting her sister at Elgin Mills. Mrs. Bird is the wife of the late Walter Bird.

FOR SALE

345 feet Yonge St. frontage, N.W. corner Yonge St. and Maple Side Road (Arnold Property), Lots 50x181. Private 15 foot driveway, in rear from Maple Road. Easy terms if desired. No better location on North Yonge St. Splendid opportunity for investment as these lots will increase in value. Apply

WATER SUPPLY IS VERY GOOD QUALITY

So Says the Report of the Department of Health—Some Citizens Say Otherwise

The local water supply is an every day subject of comment in the village and the citizens who are somewhat sceptical will be relieved to learn that the report of the provincial Department of Health just received declares the water to be of "very good quality." The water is tested from time to time and careful analysis made by experts and their latest judgment is the above.

Despite the official sanction of the Board of Health there is considerable comment locally concerning the water. Local citizens as well as visitors at times even go so far as to remark that it is "rotten." Investigation however, will show that ever since the installation of the system in 1922, a persistent effort has been made to combat conditions which are shared by other municipalities all over the country who are similarly situated as to water supply. Citizens will recall that shortly after the installation of the system the water became very foul smelling owing to weed growth that had settled in the bottom of the pond and ever since that time at various intervals the weeds have been a constant source of annoyance. Councillor Gordon Sloan, at the council meeting on Monday night stated that he had taken special notice of the water system at Smith's Falls which has a population of six or seven thousand and a water system very much similar to ours. They experienced the same difficulty with weeds and after spending large sums of money endeavouring to clean the bed of the pond by pulling them found that the effort was useless as the weeds grew in the next year thicker than ever. They finally overcame the difficulty by erecting a huge concrete basin which was easily cleaned from time to time if necessary. The opinion has been expressed that similar action will be the ultimate solution of the local problem and it has also been suggested that the reservoir should be covered which has proven satisfactory in some places. The proposal to move the intake has been laid aside as tests have proven that the water in the creek shows a varied contamination at different periods which would mean the necessity of treating with chlorine for the maximum contamination with a resultant chlorine taste in the water.

Reports from various centres in various parts where a system similar to the local one is used indicate that there is always trouble in the summer months. Even the great system which supplies nine hundred million gallons per day to the city of New York gave considerable trouble last year.

The citizens should take note of the public notice appearing elsewhere in this issue and should co-operate with the municipal authorities in every way whatsoever in their effort to provide the village with a pure water supply.

WEDDING

Risebrough—Kelly

A most delightful event took place at the home of Mr. and Mrs. Robert J. Risebrough, Second Line, East York, when their daughter, Hilda Estelle, was made the bride of Dr. George Kelly of Buttonville. The event took place among the beautiful flowers that surround the home. The guests were seated on the lawn and the bridal party stood in the porch under a wedding bell and amidst banks of flowers. The bride was presented by her brother, Mr. Robert Risebrough and the bridegroom by Rev. E. J. Ryan of Newtonbrook. Miss Lillian Risebrough acted as bridesmaid and Mr. Gordon E. Leatherer, of Toronto, was groomsmen. After the marriage ceremony a delightful solo was sung by Mrs. W. R. Stephens of Newmarket. A sumptuous luncheon was served in Coles' best style to the happy party and after the bride was toasted the party adjourned to the lawn where a social hour was enjoyed, the bride greeting her many friends and being "snapped" by many an enthusiastic friend. The bride's going away dress was powder blue crepe with navy blue French charmeuse coat, trimmed with grey squirrel and her hat blue and grey. The bridal party left for an extended motor trip through the United States returning via New York and Montreal, when Dr. and Mrs. Kelly will make their home in Buttonville.
