### LOCAL MEN DONATE TROPHIES

#### Show Keen Interest in Ontario Plowmen's Association

James McLean, Director and past president of the Ontario Plowmen's Association states that extensive preparations are being made for the annual international match which will be held this year at Niagara on the Lake on the site of Lundy's Lane battle field. The location is an excellent one and being situated so close to Niagara Falls promises to attract a large number of visitors. Keen interest has already been manifested in the event and the demand for space by large manufacturing firms is away ahead of previous years.

That this district will be well represented is evidenced by the number of trophies presented by prominent men of this district as well as the interest which is being taken by local plowmen. Colonel Deacon of Unionville has offered a handsome silver cup for boys under eighteen years of age plowing in sod. Mr. Bowman has also given a handsome silver trophy which will be placed by the Association in one of the sod events. Mr. E. T. Stephens has very generously donated a forty dollar silver trophy to be awarded to the best team and equipment on the grounds at the match.

### SIFTON INVITES LENNOX TO HOLD JOINT MEETINGS

#### Hon. W. L. M. King Expected to Speak in Newmarket on Nomination Day

The campaign in North York which so far has largely been a matter of organization work gives promise of developing into a warm battle in the next few days and members of both parties have greeted with enthusiasm the announcement of Harry Sifton, the Liberal candidate that he has invited T. H. Lennox, the Conservative standard bearer to hold joint meetings with him throughout the riding. Mr. Sifton is determined that the electors will have ample opportunity of hearing the questions of the day discussed and is determined that the fight will be decided on the issues confronting Canada to-day. He is confident that the issues are of vital importance to every voter and is willing to stand his ground on the public platform and defend the cause he represents. It only remains now for the Conservative candidate to accept his challenge and the people of North York will be assured of a fighting type of campaign which has a decided appeal to every elector.

It is expected that Rt. Hon. W. L. Mackenzie King will be present at the official nomination in Newmarket on Tuesday, Sept. 7, which will be in the midst of the Liberal leaders Ontario tour.

The Liberal Committee rooms have been opened in Richmond Hill with Mr. Norman Batty in charge and rooms have also been opened in Thornhill, Aurora and other centres in the riding.

### NORTH YORK

#### Widening of Yonge Street Considered At Regular Council Meeting

The second council meeting in August was indeed an important one not only for North York but also for greater Yonge Street as the council received a suggested draft agreement for widening Yonge Street.

Last year a building line was set to make Yonge Street 86 feet wide from old Yonge Street north to the north township limit. The council are now considering acquiring the land and are negotiating with the Department of Highways to assist in paying.

Briefly the terms of the agreement would be as follows:—

1. That the part of Yonge Street running through North York from old Yonge Street be increased from 66 feet to 86 feet in width.
2. That the township acquire the land 20 feet on the east side of Yonge Street.
3. That the township at its own expense construct all drains and other necessary works.
4. That the township deal with all lawsuits which may arise from the acquisition of and work upon this land.
5. That the Department of Highways pay 25 percent of the cost of acquisition including that of destroying or removing buildings.

It was further intimated that the street railway would contribute to the cost of widening. A letter was read from Alex Watson, representing some of the rate-payers of the Newtonbrook section protesting against the issue of \$36,000 bonds for the building of a new school, on the grounds that the meeting which voted the money was illegally held. The point in question was of the time of the meeting some persons under the impression that it was to be held on standard time, having arrived too late to vote.

The North York Hydro-Electric commission sent a letter requesting issue of \$76,000 of debenture bonds and the matter was placed in the hands of the solicitor.

The increased activity of the market at the city limits was recognized by the council, which accepted a tender of \$60 for the installation of a lighting system in the market place.

A resolution was passed instructing the building of a bridge as a local improvement on Addington Ave.

Solicitor was instructed to take proceedings against the Bayview Golf and Country Club, Bayview Ave. to recover taxes due the municipality.

### T. H. LENNOX IS AGAIN CANDIDATE

C. received the unanimous nomination of North York Conservatives as their candidate in the Federal elections. Harry Sifton the Liberal Candidate has been in the field for some time and has his organization throughout the riding working well.

The convention on Saturday last was well attended and no other names were mentioned except that of Colonel Lennox who in a short speech thanked the representatives present for the honor they had conferred upon him by again tendering him the nomination. The main speaker of the afternoon was C. W. Bell, former member for East Hamilton, and short speeches were also made by W. Pugsley of Richmond Hill, Robert Miller of Stouffville, and Wm. Keith M. P. P. The oldest representative present was Mr. F. Button of Thornhill, who although ninety years of age was on hand as enthusiastic as the youngest man present.

Anniversary Services  
On Sunday August 15th the congregation of St. Paul's, Vaughan celebrated the 82nd anniversary of the erection of a Presbyterian Church on that site. Dr. A. S. Grant, who was the preacher of the day, delivered two stirring and impressive sermons which will long be remembered by those who were privileged to hear them. In the morning he dwelt upon recent events in church history, giving exceptionally favorable reports of the speedy and satisfactory manner in which the Presbyterian Church is being built up again all over the Dominion. In the evening he emphasized the truth of the new testament teachings especially the need of individual salvation through Jesus Christ the Son of God.

At the morning service short extracts from old church records dealing with the original church building and naming the committees in charge of the work, were read by Rev. C. H. Bowman Pastor in charge, Mr. Jas. McNeil and Mr. J. McGillivray whose fathers were named on the church committee, acted as collectors making use of the long handled collection boxes in service long ago.

The choir rendered suitable anthems at both services and are to be complimented on the manner in which they led the service praise throughout.

Morning and evening found the building filled to capacity, many friends of the congregation taking advantage of this occasion to revisit this church.
