Letters From the People

The Coming Elections
Richmond Hill Oct. 11, 1926.
To the Editor,
"Liberal" Newspaper,

Dear Sir:—
I noticed in your last week's paper that the W. C. T. U. had passed a resolution at their regular meeting pledging their members to vote only for a candidate who would support the "O. T. A." Surely not! One would have thought they would vote for a man who is a Christian Temperance man, as their name implies not an anti-christian prohibitionist which is what the O. T. A. stands for—an act that has done more to lower the morale of the Canadian people and has caused more law-breaking and disrespect for authority than any law that has been placed upon the statute book in the past decade. If the ladies of the W. C. T. U. will consult their standard dictionaries they will find that "Temperance" and "Prohibition" have vastly different meanings—one is christian and the other anti-christian and I hope that the forthcoming election that they will either alter the name of their Society to W. A. C. P. U., or vote for a really sound "Temperance" candidate, if such as one offers himself.

I am,
Yours Truly,
A Temperance Man.

Mr. Dunlop is well known as an authority on roses and the address will be instructive to all. The meeting will be held in the High School at eight o'clock.

The executive would like the members who are indebted for spraying, etc. to make their payments in the near future so that prizes won at the autumn flower show may be paid at an early date.
