H. A. Bywater Is Again Elected President

Annual Meeting North York Conservative Association

The annual meeting of the North York Township Conservative Association was held in the Municipal Hall, Willowdale on Friday last. As a tribute to the splendid work done by the organization, President H. A. Bywater and all the officers were elected by acclamation. In his address the president thanked the members for the support he had received during the year. The organization they had perfected for the last election campaign was perfect. It was so effective that no matter when the provincial election is announced no new organization will have to be perfected. The good attendance at the meeting, he thought, augured well for the success of the association. He also felt that the return of the officers by acclamation also showed that the association was fully organized.

The officers elected were:—H. A. Bywater, president; M. B. Howard, past president; J. V. Batchelor, first vice president; A. Scott, second vice president; R. Dillon, third vice president; W. Zrotherton, treasurer. Auditors, A. Coleman and F. Johnston.

North York Council

The regular meeting of the North York Township Council was held in the Municipal Hall, Willowdale on Monday afternoon and evening with all members present.

A report on the radial situation was received from Solicitor Urquhart to the effect that:—"We are of the opinion after considering the facts that the City of Toronto is bound to operate the Metropolitan Radial Railway until February 3, 1929, but that the service might be cut down to two trips each way morning and evening, as provided for in the agreement of 1894."

According to an agreement made on April 6th, 1894, between the Toronto and York Radial Railway company and the County of York unless hindered by accidents or unavoidable causes, two trips each way would have to be made morning and evening every day on a regular time table such as will best meet the needs of the public. The agreement will be in force until February 3rd, 1929.

If the City of Toronto should discontinue the operation of the service on 3rd of February, 1929, and should decide not to operate the service it would no doubt be entitled to remove its tracks at other works.

Breach Of Agreement
The report also stated that if the service was discontinued before that time, then it would be a breach of agreement, as it took over the obligation in the way of agreements, etc., of the old company, the matter could be taken to the Ontario Railway board under section 20 of the Ontario Railway Act. But under this act the two trips only would be ordered.

To Build Bridge
Messrs. A. Thomas, J. Burford and H. A. Bywater, waited on the Council asking that the tenders for the Addington Avenue bridge be let and thus settle a matter that has been hanging fire for some time. No decision having been given by the Railway Board in the controversy, the Council passed a resolution accepting the tender of McGregor & McIntyre for the construction of the Addington Avenue bridge, subject to any legal action which may be taken against the construction. Those opposing the building of the bridge will have 21 days to again petition against the work after the advertising of the work under clause nine of the Local Improvement Act.

The treasurer was instructed to issue a cheque for \$5,000 to the trustees of School Section No. 3 on account of debentures to be sold. The section to pay the interest at the rate of six per cent. per annum. The Council made a grant of \$150 to the North York branch of the Canadian Red Cross Society. The expenditure of about \$325 was authorized to pay for the work of cleaning the ditches on Harding avenue and Cheswick street.

Free Hall for Vets
The North York Township Post of the Canadian Legion was granted the use of the Municipal Hall, the first Monday of every month, free of cost.

The tender of Samoni Bros. for the Brook Street drain at \$3,642.10 was accepted.

Thornhill

(Special to the Liberal)

The Women's Association are putting on their first bazaar in the Sunday School Room on Saturday, 23rd from 3 to 6 p.m.

There is a large collection of various articles, useful and ornamental, which should find ready sale. The Women's Association are to be commended for their enterprise and industry and it is hoped they will be rewarded by a great success of their Bazaar. Tea, Refreshments, Ice Cream will be served. In the evening W. Chapman will sing. Altogether the event promises to be entertaining and successful and many friends, not only in Thornhill, but also Richmond Hill and Willowdale are expected to patronize this event.

Autumn Sale

Do not overlook the announcement of H. E. Wray, druggist of an Autumn sale which offers many attractive bargains. "We save you money," is the slogan of this popular store and a glance over the advertisement will convince you that it is true.

York Market

It is wonderful how the producers Market on Yonge Street at the City Limits grows.

At first it was an early morning market, now the Saturday market is busy from 8 o'clock in the morning until 4 o'clock in the afternoon.

Last Tuesday night the York County market committee, W. C. Gohn, R. F. Hicks, W. G. Scrace and Geo. Little decided to at once enlarge the building and put in a floor and stoves for winter heating.

So far the caretaking has been done by those using the market but it would appear that someone will have to be paid for this work as it is becoming heavy.

The prices at the Saturday and Tuesday night markets were about the same. In both cases potatoes showing the most marked advance in price.

Prices:—Potatoes 30c and 50c a basket, and \$1.75 to \$2.00 a bag.

Evergreen corn 25c. Golden bantam 20c and black Mexican squaw corn, 15c a dozen.

Honey 16c per pound or 20c and 25c per glass.

Cider, 30c. gallon or 5c. a glass.

Elderberries, 25c basket, Grapes 35c. and 50c per basket. Snow apples 25c. Pears, 45c.

Chickens, 30c. to 40c per pound. Ducks, 35c. to 40c a pound.

Eggs, 45c. to 55c. for pullets and 60c to 65c. for hens while duck eggs sold at 70c. per dozen.

Butter, 45c. to 55c. a pound. Cream 20c. and 25c. a bottle. Cauliflower, 10c. and 15c.

NEWTONBROOK

A concert will be held in the United Church, Newtonbrook, under the auspices of the Home and School club on Thursday evening, Oct. 28th at 8 o'clock. Some of the artists taking part are: Miss Emma Thompson, Elocutionist; Miss M. Sennett, soloist; Miss M. Wright, reader; Mr. David Stirling, violinist; assisted by local talent.

Special Ladies' Aid service will be held in the United Church on Sunday, October 31st at 7 p.m. Mrs. A. O. Rutherford of Toronto, vice-president of the Dominion Board of the Women's Missionary Society will be the speaker and there will be special music by a ladies choir. Mrs. Douglas Bales is president and Mrs. Glenn Shaw, secretary of the Newtonbrook Ladies' Aid.

Plan Re-Numbering Of Yonge St. Area

At the regular meeting of the North York Council on Monday a plan for the numbering of places along Yonge Street and in the Yonge Street area, was submitted by Engineer E. A. James. The report recommended that on Yonge Street a new number be assigned to every 17 feet. The numbers on the east side be odd numbers and the numbers on the West side even numbers. It was also recommended that the numbering of the City of Toronto be continued northward throughout the Township. By such a scheme the last number on the south side of 20th Avenue East will be 3999 and on the West Side of Yonge Street 4000. On the South side of 30th Avenue East the number will be 4799 and on the West side 4800. At 40th Avenue East the last number would be 5499 and on the west side 5500 and at 50th Avenue East the number would be 6199 and on the West side 6200. For the numbering of intersecting streets it was recommended that they number east and west from Yonge Street, and that the numbers on the south side of the street be odd and on the north side even and that there be a number every 20 feet. It was suggested that the numbers which cost approximately 5 cents each, be bought by the township and that they be placed in position by the Hydro and Waterworks Departments, to which departments they would be a great convenience.

Deputy Reeve Anderson expressed the opinion that on some streets, which were fairly well built up on 50 foot lots that the numbering should be based on lots of this size. It was pointed out, however, that it was very desirable that the numbering throughout the entire Township should be uniform so that the same numbers on different streets would be opposite each other.

CARRVILLE

The anniversary services of Carrville church will be held Sunday, October 31, 1926 at 2.30 p.m. and 7 p.m. The pastor Rev. J. W. Fox will preach in the afternoon and Rev. Lavell Smith in the evening. Special music will be given by the choir. Every person in the community, young and old, health and weather permitting should endeavour to be present.
