

# SUPPLEMENT TO THE LIBERAL

Vol. XLIX

Richmond Hill, Thursday, November 18, 1926

No. 21

## Expected to Pay for 20 Years Finished in 14

HERE is a case where Mutual profits were so generous that this policy holder was handed a paid up policy for \$1,000 in 1926 instead of 1932. In addition, he was given \$8.26, instead of being asked to pay his 1926 premium.

This policy holder is no exception. Every other Mutual policy-holder of the same age who took out a 20 Pay Life P & M Policy in 1912 has received the same treatment and is feeling just as happy.

Mutual Life profits are more than a promise. They are actual, genuine facts, as you can see for yourself, if you will ask the Mutual Life Agent to show you his Mutual Book of Results. It shows the Mutual's wonderful profit record for the past 57 years. It shows what the Mutual principle of insurance means to you.

In a few years "Movie Queen" may just mean queen—or Marie. A cosmopolitan is one who realizes that table manners are a localism. A bad cold is much like a wife. It never kills you unless you neglect it. Money still talks. But in political circles it is confining itself to words, "not guilty." You'd like to call on your superiors? Well, that's what animates the bores who call on you. Cheer up.

## North York Post Held Poppy Day

The Flanders Poppy was very much in evidence on Armistice Day in North York. The North York post of the Canadian Legion held its first "Poppy Day" campaign under the supervision of Comrades J. J. Duggan Millwood and Simms. Thirty-five taggers stationed at various places throughout the Township, disposed of 3,000 poppies. Business men in the Township displayed wreaths in their places of business.

Three Captains managing the districts, Mrs. F. M. Pawley, Lansing and Willowdale, Mrs. A. W. Galbraith, Newtonbrook, and Mrs. Alice Spalton, City Limits.

The afternoon was spent in a house to house canvass of the district. All the proceeds from the Poppy Day will be utilized for the purpose of relief for the needy veterans.

## Scores Ferguson's Liquor Policy

The official Board of Richvale circuit in the United Church of Canada, held its regular meeting in Headford Church last Monday evening. Among other matters under consideration the Temperance situation was freely discussed. The following resolution was moved by C. W. Gane, seconded by W. H. Wellman and unanimously carried.

"Resolved that this meeting of the official board of Richvale Circuit in the United Church of Canada, views with alarm the proposals of Premier Ferguson, if returned to power, to annul the O. T. A. and substitute for it so-called Government Control or Sale.

Feeling that this would be disastrous to the Temperance Cause and undo the work of the Temperance for a generation, we pledge ourselves to do our utmost to uphold the O. T. A. at the forthcoming Provincial election."

W. M. S. Meeting

There was a good attendance at the W. M. S. meeting at the home of Mrs. Wells on Tuesday afternoon. A committee was appointed from that meeting to co-operate with the prohibition Union when called upon. Mrs. Rae, president of the Central Presbyterian gave a very interesting address mentioning especially that the W. M. S. was making new women, new homes and new Society. Mrs. Douglas Bales sang a solo in her usually pleasing manner and reports were received from the different officers.

## Father and Son Banquet

A father and son banquet was held in the United Church on Tuesday evening of this week. Between sixty and seventy fathers and sons were present to enjoy the good things that had been prepared after which a lively debate took place between two fathers and two sons. The subject was, "Resolved that there should be a curfew ordinance enacted in Ontario." Those taking the affirmative were Messrs. G. R. Goulding and W. T. Wells and the negative Messrs. Egerton Young and Robert Jack. Mr. Harry Smith, president of the club was time keeper and the judges were Magistrate Jones of Toronto, Mr. McCormack, Maple who decided in favor of the negative, Magistrate Jones then gave an interesting address. Gilbert Jack and Charlie Proctor also gave readings and Howard Moore a piano solo. Reeve Hicks also spoke for a few minutes. Magistrate Jones, presided at the piano during the sing-song and a right good time was enjoyed by all.

The executive meeting of the Sunday School was held on Wednesday night at the home of Mr. and Mrs. J. R. Smith, making plans for the Christmas entertainment. All enjoyed the friendly hospitality of this home.

## BUTTONVILLE

Mr. George Kelly Jr. is erecting a new house north of his father's residence. It is now well under way. The "Buck Fever" has affected some of the Buttonville sports again this year. The victims include Leslie Hood, Tim Patterson, Newt. Burr, Bill Young. We wish them success.

The gates are all swinging again and the pumpkins have disappeared. The Young People's Meeting on Sunday evening was well attended and the missionary committee put on a very instructive program about India.

Buttonville School fared ill when visited a week ago by Mr. Nicholls and his scholars of Gormley School. The visitors showed their superiority in spellings and mathematics. The return match will be held on November 27.

## THE LOCAL PAPER

The local newspaper is the best friend that a retailer can hope to have. It is the means by which he is enabled to carry his business messages to the very heart of the homes where they will be read and listened to by every member of the household.

The local newspaper stands by the local merchant through thick and thin. Like the trade paper, it works when it gets paid and when it doesn't. The merchant who does not use his local paper is paying for it just the same. He may not think so, but he is. The local paper is the backbone of good government. It is the most potent force in moulding public opinion, and to the credit of local editors be it said, that as a class the local newspaper is the most incorruptible institution of the present day.

If there is a single retailer anywhere in the country who does not use his local paper liberally and intelligently he is making the biggest mistake of his business career, for the local newspaper will furnish the demand which will sell his goods.

Using the local newspaper does not consist in running standing advertisements, but it does consist in supplying the editor with the best copy for every issue. The man who does not change his copy hurts himself and hurts the paper. His trade wants a message, and the man, who puts up a new message in the most attractive manner is the man who gets the business.—Wesley A. Stranger.
