### New Year Greetings Extended To Our Readers

FROM THE PREMIER

I am happy to avail myself of the opportunity afforded by "The Liberal" to extend New Year greetings to the people of York County.

At no time in its history have Canadians had greater cause to share with pride the record of our country's past, or to greet its future with greater confidence. The Diamond Jubilee of Confederation comes as a special gift of 1927 to the people of Canada. It is this great pride in the past and confidence in the future of our land which it is the privilege as well as the highest duty of all to assert.

W. L. MACKENZIE KING.

FROM OPPOSITION LEADER

Once again we are in the midst of the joyous Yuletide Season with all its happy associations of home and friends. Soon we shall greet the rising dawn of a new year. Let us face the coming twelfth month with a strong determination to make it one of advancement and progress for Canada.

My heartiest greetings and best wishes to all for health happiness, contentment and success in 1927.

H. GUTHRIE.

FROM PREMIER FERGUSON

I earnestly hope that the New Year will bring happiness and prosperity to the people of Ontario as well as to Canadians everywhere. The exchange of cordial greetings at this time throughout the length and breadth of the land means much for the welfare of our country. It breathes the spirit of good-will and co-operation, so essential to the realization of national unity and the highest ideals of citizenship. May we go forward during the coming year with confidence to greater and better achievements in every field of human effort.

G. H. FERGUSON.

FROM THE MINISTER OF HIGHWAYS

I want to thank you for the invitation extended through your paper to give a word of greeting to your readers.

As the New Year approaches, we are apt to take a glance backward over the year that is passing, seeking for what we have accomplished. 1926 for Canadians generally, has meant some progress. Our people should feel thankful for the advancement that Canada has made. There is at least some improvement in business and general employment, but we trust that next year will show much greater improvement. We live in a country of great promise and many opportunities. I would bespeak for all a feeling of hope and assurance that a year hence we may feel even more satisfaction with the result of the year's activities than we do at the present time.

GEO. S. HENRY.

FROM OUR FEDERAL MEMBER

Christmas has come and gone and New Years is with us once again. The friendly, truly Christian spirit has, I think, been more apparent on this Christmas than on any other that I can recall.

This augurs well for the year over whose threshold we are now passing. Let us make 1927 a banner year in achievement and enterprise. Let us put our shoulders to the wheel. Let us keep alive and flourishing those kindly feelings that make for the best in life and bring out the very best that is in all of us.

That very citizen of this great riding shall enjoy throughout the coming year the utmost happiness and prosperity is my greatest wish.

T. H. LENNOX.

FROM HARRY SIFTON

I have great pleasure in wishing you and the people of North York the greatest possible success and happiness for the coming year.

A few moments consideration of the present position of Canada is enough to make anybody most enthusiastic about our country. There is no doubt whatever that we are on the threshold of a great period of expansion and success.

I agree with Sir Henry Thornton who said the other day that, "If I have a message to young Canadians abroad that message is: 'Come back now before it is too late.'"

HARRY SIFTON.
