Thornhill Will Have Street Lighting System

Hydro Engineer Looks Forward To The Day When Yonge Street Will Have Lights As Far North As Aurora.

Thornhill will have a street lighting system. This was unanimously agreed at a meeting held in Victoria Hall on Tuesday night when no one of the petitioners asked to have their names withdrawn after hearing the estimates for the work and the terms of payment. The meeting which was adjourned from Wednesday, February 9 was presided over by Reeve George Kellam of Vaughan Township and occupying seats on the platform with him were his fellow councillors, Reeve W. C. Gohn and members of the Markham Council and engineer E. G. Maddock of the Hydro, George Stokes acted as secretary.

The lights to be installed will be similar to those in use in North York township along Yonge Street and it is expected that the work will be commenced in the course of about two months. It is expected therefore that by midsummer the lights will be in operation. In laying the facts before the meeting E. G. Maddock stressed the importance to a community of street lights and ventured the prophesy that the day was not far distant when Yonge Street would be equipped with an up-to-date lighting system as far north as Aurora.

Debentures will be issued by the two townships to take care of the cost of installation and this amount will be paid back by special assessment on the area served. The special assessment will be determined by the two councils who it is understood will make some allowance for farm property in the area by only assessing a certain specified depth from the street. It is thought that an equalized assessment can be determined which will not make the charges burdensome on any of the large property owners in the district. It was felt that a frontage system would be entirely unfair to many of those concerned. The two councils are willing to pay one third of the cost of operation.

Ford Agency Is Established Here

Elsewhere in this issue is the announcement of Little Bros. who have taken over the Ford agency in this district. They have located in the Palmer property on Arnold Street just off Yonge Street and contemplate extensive improvements and the installation of an up-to-date repair shop. Little Bros. also operate a Ford business in Fenelon Falls and all three brothers who comprise the firm have had several years experience in the automobile business and all have been associated with the Ford Company for a number of years. Mr. Alex Little who will be stationed here has had twelve years experience in the Ford Plant, and Mr. E. Little who will also devote a considerable amount of time here has served as district sales agent for the company in this section. Mr. R. S. Little who will retain charge of the Fenelon Falls business has also been associated with the Ford people for a number of years. We welcome the firm of Little Brothers to Richmond Hill and bespeak for them the generous patronage of the people of this district.

Arranging Reception
A meeting of the committee arranging for the reception to be tendered the members of the staff of the High and Public Schools by the Board of Education was held on Wednesday night. The event will probably be held on Tuesday, March 29, and the committee arranging the details include representatives of the Board of Education, Home and School Club and Women's Institute.

Highly Respected Old Resident Dead

Late Mrs. J. N. Boyle

The largely attended funeral of a highly respected former resident of Richmond Hill, Mrs. J. N. Boyle took place on Thursday afternoon from her late residence on Beech Avenue, Toronto to the Richmond Hill cemetery. It was attended by large numbers of old friends of the family in the village and vicinity. The late Mrs. Boyle was the widow of John N. Boyle of Braeside farm and a prominent member for many years of the Vaughan Township council and was predeceased by him by twelve years. Mrs. Boyle who was in her sixty-sixth year had been in poor health for the past two years and was on an extended visit to her daughter, Mrs. William Scott, wife of Dr. W. Scott of Cookstown, when seized with heart trouble which proved fatal.

As the mother of a family of eight sons and daughters and the mistress of one of the most hospitable homes in the district the late Mrs. Boyle and her husband were among the best known and most popular residents and the deceased lady will be much missed by a very large circle of friends in the Presbyterian Church of which she was always an active member and greatly interested in all the organizations connected with it. Mrs. Boyle, whose maiden name was Marianne Marsh Sprague lived for most of her youthful life with Mr. and Mrs. Alex Marsh her aunt and uncle, on the Marsh farm a short distance below the village but came originally from Owen Sound where her mother, sisters and brothers lived. One of her sisters, Miss Emma Sprague was for a number of years a very successful teacher in the Richmond Hill Public School and during this period was resident with Mrs. Boyle at Braeside.

The late Mrs. Boyle leaves to mourn her loss, four daughters, Mrs. J. Earle Newton of New Brunswick, New Jersey; Mrs. Harold Hatcher of Beech Avenue, Toronto, Mrs. Harry Carrol of Montreal, Mrs. Wm. Scott, of Cookstown; and four sons, Alexander of St. John, N. B.; Arthur of Todmorden; Sydney of Toronto and Norman of Montreal. Of her immediate family two sisters and one brother survive, Mrs. J. Robinson, Miss Maud Sprague and Mr. George Sprague, all of Owen Sound. Mrs. Boyle leaves also eighteen grandchildren. Most of Mrs. Boyle's children attended the obsequies on Thursday when the service was conducted by the Rev. M. C. Campbell of the Presbyterian Church, Richmond Hill. The floral offerings were very numerous, artistic and beautiful and testified to the esteem in which the deceased had been held.

A Real Invention

A news item in the Mail and Empire states that soon we will be able to see the party to whom we are talking on the telephone. We wonder if this will apply to rural party lines and if the invention will let us see all the parties who are listening to our conversation.
