I pray Almighty God that the words I write in this house may be pure and honest—that they be dictated by no personal spite, unworthy motive or unjust greed for gain; that they may tell the truth as far as I know it—and tend to promote love and peace—amongst men.  
—William Makepeace Thackeray.

**TESTS FOR A GOOD TOWN**

The Kansas municipalities drew up a list of ten tests as those most pertinent to the question of what a stranger thinking of settling wants to know about a town. These were published in Community Leadership, a paper of the American City Bureau:—

**Attractiveness**—Is it a quiet, airy, well lighted town with the beauty of shaded streets and attractive houses and public buildings? Is it well paved?

**Healthfulness**—How efficient are the milk and sanitary inspection, the health department, and the hospitals? Is the water supply pure, and have I and my family a reasonable chance of keeping well?

**Education**—Are the public schools, libraries, lectures and concerts, newspapers and higher educational facilities up-to-date?

**People**—Do the people indulge in religious, social or industrial prejudices? Do the people support artistic and educational programs? Where are the children, in schools or factories?

**Recreation**—Are there theatres, parks, gymnasiums and museums? Are there active agencies providing good entertainment.

**Living**—Can we live reasonably well in the town? Are there electricity, gas, telephones, good shopping conditions, good hotels and plentiful truck garden products available?

**Accessibility**—Does the town have good roads and good train service?

**Business**—Is there active co-operation between business interests? Can I make good use of my capital? Are there progressive banks and stores, a prosperous farming country near by, good shipping facilities, favorable labor conditions, and fair real estate values?

**Employment**—Can I get a job in that town with fair pay and a good chance for advancement?

**Progressiveness**—Is the town up-to-date in its civic consciousness? Has it adequate police and fire protection? Is it a town with a future.

**A Business Proposition**

To ask you to purchase your goods in your own home town is simply asking you to give your local market an opportunity to meet your requirements; asking you to help the town in your trade territory that is trying to provide the necessary merchants stores and equipment to serve you faithfully honestly and economically; asking that you keep your money as near home and as near your business as possible, and also asking that you assist in building up one of the most progressive town in Canada.

But mind, you are not being asked to do this to your own detriment or loss. You are only being asked for an opportunity of meeting your requirements. If after you have given this opportunity to the merchants in your home town and you find their services, prices and goods do not come up to your expectations, then they will not expect you to continue their patronage with them. Your local merchants prices on all commodities will stack up with the best, and they want to build up their business on, PRICES, QUALITY, COMPETITION and not SYMPATHY.

So when you are asked by your home merchants to buy at home, they mean BUSINESS and BUSINESS means PRICES. A fairer proposition than this couldn't be expected by anyone. Isn't it to your advantage to have a thriving town? Doesn't it improve your investments in the district? Isn't a thriving town a reflection of what kind of people are living in the district?

The do your part, give your home town merchants a chance to serve you. That's all they ask. Before you patronize any of the big mail order houses, take a few minutes and scan the "ads" in the Home Paper. The merchants whose messages you will read are ready and anxious for a chance to serve you.

**WHAT'S IN A NAME?**

Vaughan Township (1792)

Come, Grey—come Vaughan; let us here embrace;  
Farewell until we meet again in Heaven.

King Richard III.

Vaughan was called after Benjamin Vaughan who with Richard Oswald was sent to Lord Shelburne to negotiate the Treaty of Peace with the United States in 1783. The pair of fools let the Americans get all that part of Canada now included in the States of Ohio, Indiana, Illinois, Michigan and Wisconsin and would have allowed Franklin and Jay to wheedle them out of the rest of Canada, if Sir Henry Strachey, Under Secretary for Foreign Affairs, had not opportunely appeared in Paris. From that day to this the United States has always got the better of Great Britain in treaties and arbitrations. See Thomas Hodgins' article in March 1898, "Canadian Magazine." Dr. Scadding thinks the name is from Viscount Vaughan (1793) also Earl of Lisburne. That would probably be Sir John Vaughan colonel in Army, born 1769, died 1831, who succeeded his father as Earl of Lisburne in 1800. Sir Thomas Picton was aide de camp to Sir John Vaughan in the West Indies in 1794. Hon. General Vaughan, M. P. for Berwick, voted against the Canada Bill, and so did the Earl of Lisburne, M. P. for Cardiganshire.

**First Offence Means Jail Under Government Control**

"STRONG MAN" COMMISSION HAS SUPREME POWER

According to the regulations presented by Premier Ferguson, last week to the Legislature no store shall be established by the board for the sale of liquor in any municipality or portion of a municipality except as provided by the regulations in which at the time of coming into force of "The Ontario Temperance Act," a by-law passed under "The Liquor License Act," or under any other Act, was in force prohibiting the sale of liquor by retail unless and until a vote has been taken to establish government stores in the manner hereinafter provided.

The council of any municipality in which such by-law was in force may submit to the electors of the municipality one of the three following questions:—

(a) "Are you in favor of the establishment of Government stores for the sale of liquor under the Liquor Control Act?" or

(b) "Are you in favor of Government vendor or from a physician, under the Liquor Control Act?"

(c) "Are you in favor of the establishment of Government stores for the sale of beer under the Liquor Control Act?"

The board is empowered to grant permits for the sale of light beer to anyone.

**Native Wine Only**

No person shall, except with the permission of the board obtain within three months from the date upon which this Act comes into force have or keep any liquor, other than native wine within the province, which has not been purchased from a government vendor or from a physician.

**Don't Need Warrant**

Any provincial police inspector, constable or other officer who finds liquor which in his opinion is had or kept by any person in violation of the provisions of this Act may without obtaining any warrant, forwith seize and remove the packages in which the liquor is kept.

No person shall be in an intoxicated condition in a public place.

**Can't Serve Drunkard**

No vendor or employee shall sell or supply liquor or permit liquor to be sold to any person under or apparently under the influence of liquor.

Liquor shall not be given, sold or otherwise supplied to any person apparently under the age of twenty-one years.

Except in the case of liquor supplied to an interdicted person upon the prescription of a physician or administered to him by a physician.

**Jail For First Offence**

Every person who knowingly violates any provision of the two latter

sections of the Act shall for the first offence be imprisoned for not less than one month nor more than three months, and for a second or subsequent offence be imprisoned for not less than four months, nor more than twelve months.

No permit shall be issued to any interdicted person, and every interdicted person who makes application for a permit or who enters or is found upon the premises of any Government store shall be guilty of an offence against this Act.

No advertising of liquor, either in windows on bill boards or in newspapers is permitted.

**Must Have Permit**

No liquor hereafter may be purchased by anyone without a personal permit. The Commission may issue a permit to any person a resident of the province and upwards of 21 years of age to purchase liquor for beverage purposes. This permit may be suspended by magistrate before whom prosecution takes place; it may be cancelled by the county judge before whom the trial is held; and any permit may be cancelled by the commission at their discretion, without giving any reason.

All liquor must be purchased through the Government agency. Permits are of five classes:—

Individual permit to a resident of Ontario.

Individual permit for any period not exceeding one month to a tourist or temporary resident.

Special permit to physicians, dentists, veterinaries and those in scientific or mechanical pursuits.

A special permit for ministers of the Gospel for Sacramental purposes.

The Board has further authority to issue a special permit as authorized by the regulations for the purchase of liquor for the special purpose named in the permit.

Druggists are not permitted to dispense liquor.

Breweries and distilleries can only sell in the province to the Board under a permit from the Board.

No liquor may be consumed in a public place. All liquor must be consumed in the residence or temporary home of the purchaser.

**Keep Local Option**

The Commission will establish stores for the sale of any or all classes of liquor at such points as they may deem best in the public interest, but no store may be established in any municipality where the Canada Temperance Act is in force, nor where a by-law under Local Option had prohibited the sale of liquor at the time of the coming into force of the Ontario Temperance Act in 1916.

From Our Issue March 26, 1903.

New Commandments:—

1. Thou shalt not go away from home to do thy trading, nor thy son nor thy daughter.

2. Thou shalt patronize thy home merchant and thy home printer for yea, verily, doth not thy home printer spread over the glad tidings of thy goodness and greatness and they shall patronize thee.

3. Thou shalt employ thy own mechanics that they may not be driven from their homes to find bread for their little ones. Thou shalt also consider him as thy neighbor, above all them that dwell in a strange town.

4. Thou shalt not ask for credit as the goods cost much money and the merchant's gain is burdened with bills. His children clamor daily for bread and his wife abideth at home for lack of such raiment as adorns her sister. Blessed, Yea, thrice, blessed is the man who pays cash.

5. Thou shalt do whatever lieth in thy power to encourage and promote the welfare of thine own town and thine own people.
