### Council Rejects Thermometer Proposal of Board of Health

Regular Session Held Monday Night.

The regular session of the Richmond Hill council was held in the Clerk's office on Monday night with Reeve Lunau in the chair and all the members present. The question of the purchase of a recording thermometer for the local dairy which was recommended by the Board of Health was discussed and the proposal did not meet with the approval of the members. Councillor Sloan said that as far as he could learn even the recording thermometers can be "beat" by the dairyman if he wants to. He had every confidence in the present dairyman and now that there was to be more rigid inspection of the stables supplying the milk he thought the matter could be very well laid over for the present. Councillor James McLean said that he thought the by-law regarding the sale of milk should allow the sale of milk from accredited cows as well as pasteurized milk. This was the procedure followed in other centres throughout the province and he was quite sure that the greatest assurance of good milk was to have clean healthy cows. Councillor Herrington thought it was up to the dairyman to purchase it. Councillor Baldoock thought it would be sufficient if the dairyman was interviewed and urged to be more careful in the pasteurization. It was mentioned that cream was being retailed in the village and it was suggested that the Board of Health ascertain whether or not it was pasteurized. If it is unpasteurized it should not be sold was the opinion of the council.

The council approved of an agreement with Dr. McDonald which provided that he will inspect the stables supplying milk to the village, six times per year at a salary of \$60.

The request of Harry S. Burt for a crossing on Roseview Avenue was granted.

E. Hall was granted permission to place another gasoline pump at his service station at the north end of the village.

It was decided to place the cinder walk on Benson Avenue on the north side of the street instead of the south side as was originally intended.

The Reeve reported that there had been complaints regarding the town scales and suggested that they must either be fixed or closed up. Councillor James McLean took strong exception to closing the scales which he contended were a great convenience to the farmers of the district and he thought they should be fixed and maintained if at all possible. The Reeve and councillor McLean were appointed as a committee to investigate and report at the next council.

On motion of councillors Herrington and Baldoock a car of cinders will be purchased for streets and sidewalks.

It was decided to let the contract for the oiling of the streets, the first spraying to be made in accordance with weather conditions.

Thos. Trench interviewed the council and intimated his intention of going ahead with the construction of a vault in the town offices in the near future.

Councillor Herrington drew attention to the prevalence of grass fires and suggested that people be warned against this dangerous practice. He highly commended the prompt and efficient action of the local fire brigade during the past week.

The statement of the receipts and expenditure for the arena was presented and showed a balance of \$340 to be applied on capital account. Councillor Baldoock, chairman of the arena committee pointed out that the statement was not as good as he would like but the season had been a very short one and soft weather had set in early and interfered with the hockey tournament which was counted on to swell the receipts considerably. The total receipts were \$1696 and the expenditure \$1356.13.

The clerk was instructed to send a letter of condolence to Mrs. Wm. Innes expressing the sympathy of the council in the loss of the late Wm. Innes who was a former member of council and a highly esteemed citizen of the town.

#### Annual Meeting

Members of the 127th Battalion are reminded that their Association will hold its annual meeting in the Veteran's Hall, 41 Isabella Street on Friday evening, April 22 at 8 p.m. Any man who ever enlisted in this famous Battalion from York County is welcome. After the election of officers and general business the meeting will be of a social character with a musical program.

#### A Fine Store Front

Much favorable comment is heard concerning the improvements made by Mr. F. J. Mansbridge to his store. This popular business house now presents an up-to-date appearance and is a credit to the owner and to the village.

HON. J. S. MARTIN,  
Minister of Agriculture for the Province of Ontario who will open the Richmond Hill fair on May 24.

### Fire Marshall Suggests A Clean Up Week

Local Councils often Overstep Authority In Issuing Building Permits.

Deputy Fire Marshal Lewis from the Provincial Fire Marshal's office Toronto addressed a large gathering of firemen in Lorne Hall, Richmond Hill on Tuesday night April 12th. Delegates were present from Newmarket, Aurora, North York and Richmond Hill. The meeting was presided over by Chief Harold Mills of Richmond Hill brigade. Deputy Marshal Lewis spoke at length on the duties of volunteer fire fighting organizations. He pointed out that all chiefs of brigades were assistants to the Provincial Fire Marshal and it is their duty to report all fires which occur under their jurisdiction to the fire marshal's office. The chiefs are empowered by law to serve notice on any person within their area who harbors a hazardous fire condition and if the condition is not rectified by a given date the Fire Marshal may fine the offender at the rate of \$100 per day.

Mr. Lewis said it is a good thing for neighboring municipalities to cooperate with each other for the purpose of fighting fires but he pointed out that no municipality should depend entirely upon a neighboring brigade for their protection unless they were willing to assist in the upkeep of the apparatus. He points out that local councils have been known to issue building permits entirely contrary to the building by-law in existence.

This he said was entirely illegal and such action could only be taken when the council had rescinded the building by-law and then it was a case for action from the building inspection rather than the council.

There is he said a great lack of appreciation on the part of the citizens to their volunteer fire fighters whose efforts to reduce the fire loss brought them in danger of injury and personal loss but regardless of this the citizens in many cases were cruelly critical and sometimes went so far as to heap ridicule upon the local brigades.

He suggested that the local brigade co-operate with the fire marshals office this year in holding a clean up week when all premises would be inspected and fire hazards reported.

A vote of thanks to Mr. Lewis was moved by Chief Mills and seconded by Chief Doyle of Newmarket.

#### A Joyous Easter.

Easter means new life—new life throbbing through all nature. From the dark earth there springs millions of eager growing blades and leaves where last fall were buried seeds dead roots and bulbs and seeds. Life from the dead, the living dead. For ages past the living miracle has recurred telling men as well as nature could tell them of the possibility of life in and beyond death for them. But men were afraid to trust to analogy and parables in matters of life and death and went on for the most part doubting and despairing of the existence of aught beyond the grave. UNTIL EASTER CAME. Then when trees were budding and life was springing from the soil a MAN really did triumph over the grave and with that Easter came new hope and new life for all Christian people. At this blessed season The Liberal extends to its readers our sincere wish that all may enjoy a JOYOUS EASTERTIDE.

Interesting Address  
At the United Young People's on Monday evening the Rev. Mr. McIntosh gave an address on the life and work of Savonarola. In an inspiring manner were pictured the outstanding characteristics of the man, his goodness, his unworldliness, his personalty and his courage. At the conclusion a number of views of the city of Florence were shown with especial reference to places associated with events of Savonarola's career.

### Set the Children's Feet in the Right Path!

SEE THAT THEIR SHOES ARE

Mothers, experienced in the ways of children's shoes—who know how hard the average child is on his footwear—buy Hurlbut's, knowing that "Hurlbut's" last practically twice as long as ordinary shoes and therefore, cost much less per day's wear. Apart from price considerations, they are scientifically lasted to take care of the growing foot, and allow "room to grow for every toe."

### Markham Ratepayers Discuss Road Problems

Special Meeting of Council Held.

A largely attended meeting of ratepayers of Markham Township was held in the township hall, Unionville on Saturday last when Mr. J. McVicar Provincial engineer of the department of highways gave a very interesting address. The speaker laid great stress on the necessity of proper organization to further the carrying out of the roadbuilding in the townships. He clearly explained the position of the council, the road superintendent and road foremen in the township and appealed for the support and co-operation of the general ratepayers in carrying on the work. Short addresses were also given by members of the council, road superintendent, and road foremen after which an open discussion was held when many problems dealing with road building were discussed.

On the same date the members of the township council met in special session with Reeve W. C. Gohn in the chair and all the members present. Communications were received from the workmen's compensation Board, Mr. McVicar, Highways Engineer, from the Richmond Hill Agricultural Society asking for the usual grant of \$15. Accounts for road expenditures were presented and passed. A resolution was adopted to the effect that road foremen will be prohibited from using their own team or teams in carrying out the work in their divisions. The question of the appointment of a constable for the township was also considered but was laid over until the next regular meeting on May 2.

#### Yonge Street Improvement

Meeting will be held on Thursday evening, April 14th at 8 p. m. in Council Room (Lorne Hall) Yonge Street Richmond Hill, to organize a Yonge Street improvement association. All persons who are interested in the development of Yonge Street and adjacent districts are requested to attend the Organization Meeting.

#### Girls Judging Competition.

We are going to have our judging competition for boys and girls in Richmond Hill District on Tuesday April 19th. The girls competition to be held in Richmond Hill. Throughout the county the girls are obtaining coaching lessons this week. Much enthusiasm is apparent as the prizes are excellent. The girl winning the highest number of points is given a free three months course at McDonald University, Guelph. Mrs. Batty of the Quality Shoppe, Richmond Hill is very kindly supplying dress materials and models for the dress parade.

#### Canada's Jubilee

This is Canada's Jubilee year and it is expected that every town and hamlet in the Dominion will recognize the event with some kind of local ceremony which will fittingly mark the event. Every newspaper we pick up carries an account of preparations being made in other centres. What has been done in Richmond Hill???

#### Horticultural Meeting

The regular meeting of the Richmond Hill Horticultural Society will be held in the High School on Tuesday evening, April 19 at eight o'clock. Mr. A. W. Galbraith, Newtonbrook, who is an enthusiastic horticulturist will give the address of the evening.
