## General News and Views

It is rumored that there will be a great demand for barley now that the new liquor bill is coming in. Brewers are undoubtedly anticipating an immense increase in the sale of beer as all the agricultural representatives in the province have been circularized asking them to encourage the growing of barley. They desire only the light colored varieties, as the darker shade imparts a browner color to the beer, which it is claimed, makes it less saleable. The amount demanded for brewing purposes this fall will be at least 100,000 bushels.

"Make Markham Memorable" is the slogan the committee in charge of arrangements for the 12th of July celebration have adopted and from advice received the 12th July, 1927, will be an historical one for Markham.

In Stouffville the Wednesday half holiday is effective only in the summer months. During the summer the stores close Wednesday afternoon and open three nights a week.

Vincent Baker who recently moved from Whitchurch Township to a farm immediately east of Claremont lost three good cattle since his removal. The animals got away from the premises and strayed onto the railway track, where they unfortunately came into contact with a train.

Now that the good weather is here and our thoughts naturally turn to baseball it seems time some action was taken to improve the ball park. It should be fixed and whoever takes the lead in this commendable movement will be rewarded by the sincere thanks and affection of the fans and players.

Yes, it's time to start fixing the garden, but a local resident says it's not much encouragement to fix things up if the dogs tear around all the time in your flower beds. Can nothing be done?

With hopes of solving the problem of the "back-seat driver," a British automobile manufacturer has introduced a car with the rear seat backed up against the front one. Passengers in the rear seat are spared the distraction of driving which spoil motoring for some people. Windows are cut in the rear of the car to give an adequate view of the fleeting landscape.

Farmers of Algoma will appeal to the government for relief from the wolf menace in regard to sheep raising and will ask that remuneration be made when sheep are killed by wolves as is the case when dogs do the damage.

A bald-headed eagle, an unusual visitor for this section of the province, was shot at the quarries, three miles north of Georgetown. It is a splendid specimen, and measures nine feet from tip to tip of its wings.

A Matchedash man has a Buff Orpington pullet that recently laid an egg measuring 7 and a quarter by 9 and a half inches and weighing 6 and one-half ounces.

The auction sales of farm stock and implements are about over for the season, and generally speaking good prices have been realized by the owners. The value of property which changes hands in this way each winter in this district amounts to many thousands of dollars.

The Peace Bridge Brewery Co., Limited of Bridgeburg has been formed with Col. John A. Currie, M.P.P. as president. It is assuredly an attractive name for a brewery.

Destructive criticism is often only a sign of bad manners.

It is worthy of note that Babe Ruth the greatest of baseball attractions, receives an annual salary as large as that of the president of the United States.

And now we require only the peeping tulips and the annual increase in the price of gasoline to convince us that summer is just around the corner.

Rockfeller, who just celebrated the 87th anniversary of his birth, advises people not to worry if they desire to live long. That's splendid doctrine—for Rockfeller.

Take no chances  
with your  
Home Butchered  
MEAT!

Old Hickory  
SMOKED SALT  
EDWARDS' PROCESS

The only meat salt that is as good for table use as for curing meat. Smell it. Taste it. You can tell it at once from salt that has been mixed with pyrogenous acid or other dangerous chemicals.

We have it. Packed in ten pound drums and guaranteed genuine.

## Judging Competitions

### For This District

The Boys' and Girls' Judging competitions for York County will be held in the Richmond Hill District on Tuesday, April 19. The girls will be judging in Richmond Hill while the boys will commence Judging live stock at Langstaff and later in the day at Unionville. Excellent Classes have been arranged for both contests.

Special prizes have been donated and one especially good prize goes to the girl who stands highest in her competition, namely, Three Months Short Course at MacDonald Institute. The 1st, 2nd and 3rd prize winners in each class will be sent to the Girl's conference at Guelph with expenses paid. Silver cups and good prizes have been granted for the Boys' competition. The Imperial Bank is again donating a beautiful Silver Cup to the coach of the three high boys.

## East End Market

### To Be Opened Soon

County Market Committee Active.  
The long talked of market for the east end of the city is shortly to become a reality when a market will be opened at the corner of Victoria Park and Danforth Road, East York Township. A very suitable lot one hundred feet square has been secured from the Ford Motor Company at a nominal rental and will be a very convenient location.

At a meeting of the York County Market Committee held in Toronto on Monday the question of a suitable building was discussed and after the building was discussed and after the lot is put in shape tenders will be called for. The opening of this new market is the out growth of the splendid success of the North York Market at the northerly limits of the city. The market will be convenient to both producers and consumers and should prove a great convenience to the people of the east end. The following are members of the York County Market Committee whose efforts this year are proving fruitful of very excellent results:—W. C. Gohn, Markham, chairman; George B. Little, Scarborough, Deputy reeve Muirhead, North York, Deputy reeve, Westbrook Etobicoke.

# Raise Larger Crops and Make More Money

Plow 5 to 8 acres daily

Double disc 15 to 25 acres daily

Seed 25 to 40 acres daily

In crop production the Fordson farmer's advantages are sevenfold:

- First** —He prepares an ideal seed bed. Fordson speed and power allow thorough use of plow, disc, cultivator and harrow producing a splendid state of tilth in which young plants thrive heartily.
- Second** —He prepares as much land for field crops as he had planned.
- Third** —He gets his seeding done on time.
- Fourth** —He accomplishes the work with greater ease and convenience.
- Fifth** —He receives a larger yield from timely work well done.
- Sixth** —His cost is much lower because one man can do two or three times as much work.
- Seventh** —He makes more money.

In addition the Fordson farmer has ample power for such belt jobs as threshing, filling silos, baling hay, grinding grain, sawing wood, and many others.

Over 17,000 Fordson farmers in Canada enjoy these advantages.
