### Protect the Growing Foot

Trained salespeople will fit the child with a pair of these comfortable, long wearing shoes. Shaped to allow the foot ample room to grow, they have a cushion inner sole to protect the tender foot. And since they have been known to outlast two ordinary pairs of shoes, "Hurlbut" prove most economical in the long run. 12

### Elgin Mills Team Preparing For Season

Elgin Mills Girl's Softball team held a snappy practice Saturday afternoon and are looking forward to the season in the Yonge Street League with confidence and enthusiasm.

This team is going to make the best of them step this summer. Among the players are Lillian Burns, Daisy Hart and Ella Young who played last year with Richmond Hill. These players will steady the new team a lot. There is no shortage of players and the girls have a full turn out every practice. They have had the benefit of a months training indoors under the direction of the coach and manager. The people of the district are solid behind their team and they are building a first class diamond. Mrs. Whitton the president of the club has given the girls the use of the pavillion for their indoor practices and meetings and is ever willing to help the girls in any capacity that she is able.

#### Clean Up

It has been intimated that the town sanitary inspector will make the rounds of the back yards early in May and citizens are urged to get cleaned up ready for this official visit. A word to the wise is sufficient.

In a hotel you can get all the comforts of home except the comforting feeling that nobody can hear you quarrel.

### Daylight Saving Effective Here May 1st

Elsewhere in this issue is the official proclamation of the reeve of the municipality calling on all citizens to adopt daylight saving time on May 1st the date which will conform with the change in the City of Toronto. The announcement will no doubt be greeted with general approval and it is very essential and desirous that all the citizens conform with the request of the council and advance their time pieces on Saturday night. No doubt there are those who still regard with suspicion and distrust this "meddling" with the clock and grudge handing over the extra hour, though we are sure of having it returned to us in the fall. Just now Old Sol makes his appearance long before most of us think of crawling out of our nice warm beds, and by next month and the month of June many will be just nicely getting settled for sleep when the sun is rising—(some exaggeration of course). Toronto and many of the towns, cities and villages of this and other countries have found the daylight saving plan a good thing so there is no apparent reason for any great objection here. The easiest way is to forget absolutely that the other time existed and put the brakes on any imaginary speculation as to what time it would be now or in half an hour if we were still on the old time.

The ancients who knew no clocks had to depend upon the sun; we might do worse than imitate them, especially when the earth is bathed in sunshine hours before we stir, with only the birds and countless wild and living things of the woods to appreciate the fact. After all that is all that daylight saving does. We lament our brief but ideal summers so let us appreciate daylight saving which is nothing more nor less than an opportunity to prolong them. We must keep abreast of Father Time if we would make the most of the gifts that Nature so generously bestows on us.

### W.C.T.U. Will Hold A Public Meeting

Realizing that one of the means to combat the evil influence of Government Control is by education along temperance lines the W. C. T. U. is holding a public meeting in the United Church Sunday School on Tuesday, May 3rd at 8 p.m.

Mrs. George of Toronto will speak on scientific temperance, a subject which should appeal to all who are striving to safeguard our girls and boys from this coming evil.

A cordial invitation is extended to all interested to attend this meeting.

### Baseball Club Elected Officers.

Will Have Both Junior and Senior Team.

A meeting was held in the Richmond Hill rink Tuesday night to organize a Baseball Club. It was decided at the meeting that the Senior and Junior teams be run by the one club and the following officers were elected:—Pres. Leonard Clement; Vice President, J. E. Smith; Secretary, C. Harding; Treasurer, A. T. Minnis; Manager Seniors, W. Middleton; Juniors, V. Anderson and B. Grant.

### FAIR NOTES

President W. H. Legge of the Richmond Hill Agricultural Society and the other officers and directors have been making a determined effort to have some outstanding public man open the 78th annual fair on May 24. Hon. J. S. Martin had accepted the invitation but about a week ago informed the directors that owing to matters of personal business which called him to United States on that date he would be unable to officiate at the opening. The fair board then approached Hon. G. Howard Ferguson premier of Ontario but have received a communication from him advising that owing to a previous engagement for that date he will not be able to accept the invitation. It is hoped however that some prominent public man will be secured to conduct the opening ceremonies of the historic event.

As pointed out last week sports will be featured at the fair this year and there will be track events ranging all the way from 100 yards to two miles with prizes which are worth getting in condition for. Probably the outstanding event of the day will be the softball tournament for valuable prizes. Fifty dollars has been offered for a first prize for both a ladies and men's tournament and it is expected that there will be a large number of entries. J. G. Routley is secretary of the sports committee.

A special prize has been added to the children's department for the best essay on "Canada" in honor of Jubilee year. A prize of five dollars in cash has been given by the Board of Education for the best one from the public school and the society is giving a similar prize for the best one from the High School.

A directors meetings was held on Saturday night last and several of the committees met on Monday night. One of the questions yet to be settled is the engagement of a band for the day. Applications have been received from Drury's Concert Band, North York Band and Stouffville. A Special Committee was appointed to hear the North York and Stouffville bands during the week.

The prize list is now on the press and will be available for distribution the first of the week.

Cars are much like men. The smaller the car the louder the horn.

### The "Follies" Will Be Repeated Next Wednesday

The second appearance of the Richmond Hill Follies was very favorably received in the Masonic Hall on Wednesday evening when a delightful program was given by the young people of St. Mary's Anglican church in aid of the Girls and Junior Auxiliaries. Although it was greeted by a large audience, owing to many conflicting engagements which prevented many from attending, and in view of the remarkable success of the production by popular request it has been decided to repeat the show next Wednesday evening in the Masonic Hall at the popular price of 25 cents.

Anyone who missed the entertainment last night and is desirous of enjoying an evening's good clean wholesome fun should reserve next Wednesday night and take in the "Follies." It is a rollicking mirthsome entertainment from start to finish and all who took part are worthy of commendation. Part one was in the form of a comedy, "Betsy Baker," in which the parts were ably taken by Ralph Paris, Olive Paris, Schofield Battersby and Violet Paris. It was a clever comedy with a moral dealing with the affections of a man to his "better half." Anastasia felt herself a much abused woman by virtue of having a husband who was too attentive by half; but through a plot of Crummy's in which Betsy Baker played an important part she was taught a long to be remembered lesson.

Lively songs, choruses and dances interspersed with mirth provoking repartee with local color featured the second appearance of the "Follies." Especially appreciated were the numbers, "Wot Cher"; "For She Ain't a Bit Like Other Gals"; "The Automobile Honeymoon," and "My Juliet" by Row-me-oh (W. Ward Price) who was the honorary director of the production and was the life of the show from start to finish. "My Juliet" was a number from last years program repeated by special request. The personnel of the follies included the following, Misses Margaret Battersby, Sylvia Battersby, Olive Paris, Kathleen Morris, Vera Morris, Grace Paris, Herberta Baker, Gladys Goddard and Violet Paris, Messrs. Alan White, Walter Mason, Kenneth Braybon, Frank Braybon, Ralph Paris, Schofield Battersby and W. Ward Price. Pianist Mrs. Mollett. At the conclusion of the program Rev. Bat-

### Ratepayers Association

A meeting of the Richmond Hill Ratepayers Association was held on Tuesday night with the following members present:—President W. Thompson, Miss F. Brown, David Hill G. H. Duncan, William Davies, Thos Trench, H. Innes and J. E. Smith

A large volume of correspondence was read relative to the improvement of Yonge Street from Hon. Geo. S. Henry, Minister of Highways and officials of the Toronto Transportation Commission. The members present were unanimous in declaring themselves in favor of taking advantage of the legislation recently passed which provides that the province will assume 75 per cent. of the cost of the construction of a 20 foot roadway through the village. They were also unanimous in favoring the placing of the T. T. C. tracks in the centre of the roadway and correspondence relative to this was read. The last word from the T. T. C. regarding the matter was to the effect that they were awaiting a declaration of policy from the Richmond Hill Council before they could make any definite statement. The executive will endeavor to have a conference with the council in regards to data which has been collected.

Regarding the communication from the council asking that the association accept the responsibility for organizing of a suitable celebration for Dominion Day to commemorate Jubilee year the executive decided that such duties rested on the council. Inasmuch as the ratepayers association charges no membership fee and has therefore no funds it was decided that it would be impossible to take on the work. The opinion was also expressed that in the large majority of towns all over Canada the lead was taken by the municipal councils. The members of the association will be glad to assist the council in any way whatsoever.

tersby on behalf of the Junior and Girl's Auxiliaries thanked Mr. Ward Price for his services in producing such a splendid entertainment. The audience concurred in the expression of appreciation with a hearty hand clap.
