Ease and Convenience in Farm Work

The compact build of the Fordson enables it to be operated anywhere. The overall length is but 102 inches and the width 61 3/8 inches. It can be turned in a 21 foot circle. The controls are so easy and convenient to manage that a twelve year old boy can operate the tractor.

With all tanks full, the Fordson weighs only 2950 pounds. This light weight results in easier handling on every farm job. Soil packing is minimized, being actually less than one-fourth as much per square inch as when packed by the hoof of an average size work horse.

No other tractor at any price has all the features of the Fordson.
