EXPECT LARGE CROWD AT ANNUAL FAIR

There Will Be A Varied Program Of Exceptional Merit.

All is in readiness for the seventy-eighth annual exhibition of the Richmond Hill Agricultural Society which will be held at the Driving Park next Tuesday May 24. Already many entries have been received and the showing of live stock and ladies work promises to exceed in volume and quality that of previous years. The officers and directors have been working overtime in preparation for the big event and now look to the people of York County to generously patronize their efforts.

Richmond Hill Fair is one of the oldest spring exhibitions in the province of Ontario and through the years it has maintained a splendid reputation as one of the best fairs in the district. The record of past years promises to bring a record crowd to Richmond Hill next Tuesday and judging by the program prepared they will not go away disappointed. A varied program has been arranged and there will be attractions for young and old. The judging in the ring which in past years has been the delight of lovers of good live stock will be up to the usual standard as attractive prizes and trophies are offered which should attract the best animals for miles around. It is expected that one of the biggest and best softball tournaments ever held in this district will be played that day for which \$150 in prizes is offered. Sports will be featured and there are twenty-five dollar prizes for one and two mile open races. These races will be a novel feature of the fair and should attract the best athletes in this section of Ontario. There will also be the usual races for the children with suitable prizes.

Prepare For Record Attendance At The Provincial Match

Officers and Committees appointed—Work Already Started in Preparation for Big Event.

The Provincial Plowing Match which will be held at the Municipal Farm, Langstaff on October 11, 12, 13 and 14 got away to a good start at the organization meeting which was held at the farm on Thursday night. There was a large attendance of representative men from all parts of the county and the enthusiasm which was manifest augurs well for the success of the match. James McLean of Richmond Hill and a past president of the Plowmen's Association ably presided and carried the business of the meeting through with despatch. The various committees were appointed and all preliminary organization completed. Those who have charge of the event are confident that this match which is the largest and best of its kind in the world will exceed all previous records and that there will be over one hundred thousand in attendance. Already many of the large manufacturers of the Dominion have spoken for space and there will be an exhibition of farm machinery and equipment of all kinds which will be an educational feature of the event. The teams committee intend to arrange for one hundred teams for the convenience of plowmen from a distance and all other committees are preparing for record entries in all classes. It was intimated that the three plowmen's associations of the county would hold their local matches on one of the days of the big match and have several open events which would be open to all visiting plowmen. Already a number of handsome trophies have been received by the executive for prizes in the different classes and it is expected that many more will be offered before the date of the match. Organize Parent Training Class

Inspiring Address By Judge Mott.

In the course of his remarks in the Sunday evening, Judge Mott said that within the next twenty years people would wake up and have schools for parents as to-day they have for lawyers and doctors and other important professions of life. There is nothing so important for the life of a community and how much more for the life of the individual, than that children should be started right and that those who have charge of the earliest and most formative period of life, should be wise to their job. The people of this community do not have to wait for twenty years for some such help as the judge referred to. A teacher and parent training class is being organized in the Newtonbrook United Church and is open to all who wish to attend, especially the teachers of the Sunday school of the Yonge Street Association. The initial meeting will be on Wednesday evening, May 25th, at 8 p.m. daylight saving time. This will be a six weeks' course, meeting every Wednesday evening. Be sure and be on hand for the first study and then stay with it to the end. The teacher, secured, is the Rev. E. Ryerson Young, B. A. who has just closed a successful course of studies on Religious Education in the Newtonbrook Public School. The subject of this course of studies is "The Training of the Child."
