Junior Farmers Debate Township School Boards

Enjoyable Picnic Held At Eaton Hall Farm.

While the crowd at the Junior Farmer's picnic last Saturday held at Eaton Hall Farm, was not as large as it might have been owing to so many other functions, those who were present report a good time.

Softball and boating were enjoyed by all, but the chief feature of the program was the final debate of the Junior Farmers Debating League; "Resolved that Township School Boards should replace the present system of School Boards." The affirmative was upheld by Rankin Kellam and Don Dalziel of Woodbridge and the Negative by Earl Toole and Frank Williams of Bogartown.

After a long discussion the Judges, Miss Carroll of Woodbridge, Mr. Le Roy Cody of Bogartown and Mr. N. L. Mathews of Newmarket, brought in the decision in favor of the affirmative. Mr. Mathews, as chairman of the committee, in giving the decision clearly outlined the difficulty that the judges had and highly commended the able way in which each speaker had taken his part.

The Association appreciate very much the generosity of the officials of Eaton Hall Farm and those who assisted with the program and judging.

Lansing

As a result of several cars running out of gas on the steep grade at the southern end of Hoggs Hollow hill Sunday evening a traffic jam occurred which tied the traffic up for miles, and needed all the police along Yonge Street to regulate it. Between nine and ten o'clock the cars were lined up from the City Limits through to Willowdale. They were stopped at that point waiting to clear. The traffic from the Muskoka district and Lake Simcoe to say nothing of joy riders from the city was exceptionally heavy throughout afternoon and evening.

Farewell Reception For Rev. and Mrs. McIntosh

Members of the United Church Pay Tribute To Work of Departing Minister.

The farewell reception tendered Rev. and Mrs. J. W. McIntosh in the school room of the United Church, Monday evening was largely attended and was evidence of the general regret felt in this community at their departure for their new field of work at St. Johnsbury, Vermont. The room which had been furnished with rugs, and chairs was very tastefully decorated with a profusion of flowers and the tea table lighted with candles and decorated with roses and lily-of-the-valley made a delightful setting for the reception. Many guests were present from Victoria Square, where Mr. and Mrs. McIntosh have endeared themselves through their many kind ministrations.

The large number attending the reception was in itself a speaking tribute to the esteem in which Rev. and Mrs. McIntosh are held in the village and community. Rev. Wall acting as chairman asked all to join in singing "Blest Be The Tie That Binds" and vocal solos were sung by Miss Phyllis Glass and Miss Mae Sanderson and by Mrs. Walker Hall of Toronto and Miss Olive Switzer. Dr. McGillivray of Toronto and Rev. McIntosh occupied seats on the platform with Rev. Wall. Dr. McGillivray who has been a life-long friend of Rev. McIntosh was called upon and spoke of the sterling qualities which endeared Mr. McIntosh to the people in his various fields of labor and which has made him so outstanding as a pastor and leader here. Other speakers were, Rev. N. Wellwood, Mr. John Dunlop, Major Blaney, Prof. W. Walker, Mr. James Stewart and Mr. Murray Smith, and Mrs. W. W. Trench who represented the ladies of the congregation. In her remarks Mrs. Trench referred especially to the relation of Mrs. McIntosh to the W. M. S., the Ladies Aid and the Sunday school and the help she had been giving so generously of her time and ability and the cordial hospitality in her home all of which has made Mrs. McIntosh outstanding in Women's work and it was with deepest regret that the relations in this connection must be severed.

A resolution of appreciation to Rev. and Mrs. McIntosh from the Church as a body was presented by Mr. A. L. Phipps and seconded by Mr. A. J. Hume. In putting the resolution Rev. Wall asked for a standing vote at which time Mrs. McIntosh was presented with a basket of exquisite roses by Mrs. A. Campbell, a gift from the congregation. In responding Rev. McIntosh referred to the very happy and intimate relationship which existed between pastor and people, and his most earnest desire for the United Church was a spiritual development which would be a vital force in the community here and the church at large. Mrs. Wall and Mrs. J. Dunlop poured tea while a number of the young ladies and gentlemen assisted in serving refreshments, in charge of the matrons of the church. Many and tender were the farewells which were said and the chief note through all was that continued success should be the lot of ones so beloved as the departing friends.

Regular Session Village Council.

Paving Program Still Held Up Awaiting Word From the T. T. C.

The regular meeting of the Richmond Hill Council was held in the clerk's office on Friday evening last with Reeve Lunau in the chair and councillors Herrington, McLean and Sloan present.

Reeve Lunau reported that he was in constant touch with the T. T. C. but that the matter of changing the gauge had not been definitely settled and that therefore nothing definite could be said whether the T. T. C. would move their tracks to the centre of the road in the village or not. Just as soon as the Railway Board gave a ruling on the change of gauge and the T.T.C. were able to approach the city council to ask an appropriation for the work the Richmond Hill Council will be in a position to consider the paving of Yonge Street, he said.

Councillor Herrington wanted to know what was to be done to Centre Street East and he also voiced the complaint of several citizens who were asking that the streets be oiled. The reeve stated that Centre Street and Richmond Street would be patched as far as possible and that it would be given a coat of tarvia. He also reported that work had commenced on the ditches on Centre and Baker Avenue and that as soon as weather conditions permitted would be continued throughout the town.

J. H. Dunlop was granted permission to erect a sign at the corner of Yonge and Dufferin Streets. Councillor Herrington will oversee the work and see that it is erected in a place and position satisfactory to the council.

Councillor Herrington wanted to know if the hydro pole at the corner of Church and Lorne Ave. could not be moved as he felt that it was a menace to the public safety. He pointed out that it was a very dangerous corner with the barn on the south-west corner right on the street and the pole in about what he thought to be the centre of the road. There will be a lot of traffic on Church street if we pave Yonge street he said and it should be fixed. He also thought that if the building on the corner was on the street it should be moved as it completely obstructed the view of the motorist. The members of council were not just sure as to where the correct street line was but it was decided to investigate the matter and see what could be done to improve matters. In all probability the pole will be moved from its present location and placed right against the lock-up or else inside the Agricultural grounds.

There was considerable discussion regarding the Jubilee Celebration which is sponsored by the Council and which will be held in the Agricultural Park on July 1.

Rev. J. W. McIntosh Preaches Farewell Sermon in United Church Here.

The people of Thornhill United Church were greatly pleased to find it was possible to have Rev. J. W. McIntosh preach at their morning service last Sunday. A large number were present to hear his farewell sermon. Few ministers have won a warmer place in the affections and appreciation of the people of Thornhill United Church than Rev. Mr. McIntosh. His sermon was very practical and inspiring and entirely in harmony with the manner of life he has manifested amongst the people of this community. Under such able and earnest preaching any congregation might well be expected to grow in the best graces of life. It is a great loss to Ontario when such men must leave us for other parts. In his new field of service Mr. McIntosh will be followed by the best wishes of many people in Thornhill and community, and with the kindest remembrance of his useful ministry and kindly spirit, and his splendid zeal for the welfare of truth.

We are glad to learn that Miss Mary Strangways has been successful in her examinations at Toronto University.

Exciting Game

Thornhill was the scene of considerable excitement last Friday evening, when Maple "Red Shirts" and our girls played a regular game in the Yonge Street Ladies' Softball League. The game was replete with thrills from start to finish. Both teams mixed good and bad baseball in their playing and the result was a toss-up until the last of the 7th inning when, according to the official score keepers record, the score was tied at 17-17. However, there was some doubt in the minds of the officials and followers of the Maple team as to the accuracy of the score and after considerable heated controversy a further two innings were played in which Thornhill scored one run to gain the verdict by a score of 18-17.

At the end of the sixth inning the score was 11-8 in favor of Aurora, but the Thornhill girls made a good rally in the seventh stage and scored nine runs.
