

Attractive Convention Centre

In the Lake of Bays district of the Highlands of Ontario, where not more than a half century ago, Chief Bigwin and his Indian braves conducted their hunting expeditions, the Canadian holiday-seeker now finds a delightful vacation land. Splendid facilities for boating, canoeing, fishing and other sports are there in abundance in this land of lake and forest, and to provide for the comfort of visitors, Bigwin Inn, named after the Indian chief, has been provided. Not only aquatic sports are enjoyed here, for there are also bowling, tennis, golf and tramping in the bracing, pine-scented air. The scenery which surrounds Bigwin Inn, an attractive lakeside hostelry providing for the accommodation of 500 guests, is magnificent. Lake of Bays, of which the Inn is located, nestles on the western slope of the Laurentian Range, 1,000 feet above sea level, in a region where the air is always clean, cool and invigorating. The lake has a shoreline of 350 miles and is surrounded by thickly wooded hills.

As a convention centre Bigwin Inn is ideal. A spacious pavilion, with seating capacity for one thousand people, makes an ideal convention hall. In the artistic dining room, five hundred delegates may be banquetted at one sitting, while committees may meet around the spacious fire places in the rotunda. Bigwin Inn was chosen as the 1927 convention centre of the Canadian Weekly Newspapers' Association whose gathering brings together newspaper publishers and their wives from all parts of the Dominion of Canada.

Bigwin Inn which is one of the charming summer hotels of Eastern Canada, is conveniently located near Huntsville, Ont., and splendid boat and train service connections ensure the comfort and convenience of visitors to this delightful resort.—Canadian National Railways photograph.

Citizens Appreciate Road Improvement.

The residents of this section of the North Yonge Street district appreciate very much the road improvement being carried on by the Vaughan Township council. The streets have all been well graded and will be filled in with broken stone and rolled which should provide the residents here with a first class roadway which should considerably enhance development here. The Vaughan Council are certainly worthy of commendation for their active interest in this portion of the township.

Congratulations to our capable teacher Mrs. Webb who was successful in passing the whole class from here at the entrance examinations.
