GENERAL NEWS AND VIEWS

On Tuesday morning, July 26th, a porcupine, that had wandered away from its native haunts, was found in the neighborhood of the electric light office in Barrie. He was coaxed into a box and taken to the swamp east of Bradford St., Barrie, where he was liberated.

Sidney Johnson, aged 84 years, and a citizen of Tillsonburg appeared before Magistrate Patterson charged with assaulting his neighbor, R. Cornell, by hitting him over the head with a heavy cane. Accused pleaded guilty and was fined \$5 and costs, a total of \$9, or 30 days in jail.

There are other sorts of advertising, besides newspaper advertising. Hiring a band to play every day in every neighborhood of your trade territory interspersed by announcements of what you have to sell is getting publicity, but it costs something more than space. Having a girl call every household up by telephone every day and announce your bargains to the member of the family who replies is advertising, but it will leave a sting. Newspaper advertising hits everybody all at once; it does not inflict itself on their attention when they are not ready to read it; and it costs less, all things considered.

The barn on the farm of J. Norman Sommerville in Vaughan Township, near Coleraine, was destroyed by fire on Sunday evening, Aug. 7th. The owner and his family were absent at the time, leaving the hired man, Wm. Meek, a recent arrival from Ireland, at home. When Mr. E. Moody, of Brampton, Mr. Sommerville's brother-in-law, visited the farm about 5 o'clock, he found smoke issuing from the stable underneath the barn. With the assistance of the hired man he was able to extinguish the blaze which was confined to some straw on the concrete floor of the stable. About 8 o'clock the same evening the fire again broke out in another part of the building, totally destroying the barn and contents. In the barn were ten bags of alsike seed, four loads of hay, some implements, vehicles, etc. The stable was equipped with modern conveniences including a water system, steel stanchions and milking machine.

While Alex. Leith, of Atherley, was preparing to pitch a load of hay from a wagon to the mow, the barn floor suddenly gave way and precipitated the wagon, team, load and driver to the floor beneath. Strangely, neither Mr. Leith, the horses or the equipment were injured.

Owen Sound is charging garage-men \$25.00 for the privilege of placing a gasoline pump on the streets. A second pump is only \$5 under certain restrictions.

When the average man goes to the grocery and buys his lowly "spuds" he probably does not realize what a great part that vegetable plays in the amassing of the annual production of wealth in Canada. One feature that has brought the Canadian potato into the limelight has been the increased demand for it in the United States. Uncle Sam is buying Canadian Potatoes at a rate that has boosted the export of tubers from this country four hundred per cent. in the last two years. The federal bureau of statistics has recently issued some very interesting figures in this connection. Eight million bushels of potatoes worth ten millions were shipped into the United States in the twelve months ending with March of this year as compared with three millions and a half bushels in the same period of 1925. Last year the total production of potatoes in Canada amounted to forty eight million hundred weight valued at seventy-one millions of dollars.

Laziness is Root of Crime

Many will agree with the official police view that it is time we stopped "sentimentalizing" so much about the "unfortunates" who are criminals "because they have diseased minds." The great majority of criminals are criminals, because they are too lazy to work hard for an honest living. They deliberately embark on a career of crime because it offers an easy road to wealth, and too many of them get off much too easily when apprehended and convicted.

AN INFORMAL POSE

Like ordinary mortals, the Prince of Wales has to relax occasionally. This unusual snap of His Royal Highness was made during a lull in the Ottawa reception, as he stood hand in pocket and one foot partly raised.

There are now from 1,500 to 2,000 certificated school teachers in Ontario who have no permanent appointments.

Teacher:—"Billy, spell 'needle'."
Bill:—"Neidle."
Teacher:—"No! There is no 'i' in 'needle'."
Billy:—"Then how would you thread it?"

Use NATIONAL FERTILIZERS For Your Fall Wheat

As a rule, properly fertilized wheat matures from a week to ten days earlier than unfertilized wheat.

Get the advantage of an earlier and better-quality crop this season by using National Fertilizer.

Every bag is uniformly mixed with guaranteed analysis attached to each bag. All National Fertilizers are "Made in Canada" from tested formulae it has taken years to perfect.

You can't go wrong on "National". Write us now. Ask also about National Stock Foods—they get results!

AGENTS WANTED in districts where we are not represented.

Labor costs can be reduced with a Fordson

Of all items entering into the cost of crop production, labor is the one item that can be reduced. And the only effective means of reducing costs to a minimum is the adoption of mechanical power and modern farm machinery.

A Fordson farmer has a greater capacity for work. He can accomplish 2 or 3 times as much as he did before and with greater ease and convenience for himself. This saving in labor makes possible larger acreages, sown under ideal conditions—at just the right time. And, an extra 15 acres of wheat often more than pays for a Fordson.

The Fordson is built and sold to serve mankind. It is significant that over 20,000 are now in use on Canadian farms.
