#### Silence

A stranger who was rather deaf entered a little Scotch church. He seated himself in a front pew and placed an ear trumpet on his knee. An elder of the kirk, who had never seen an ear trumpet, watched him with grave suspicion.

When the minister entered, the man lifted the trumpet from his knee, but before he could adjust it he felt a tap on his shoulder and heard the indignant elder saying: "One toot, an' you're oot."

#### STANDARD TIME HERE ON MONDAY

Local citizens will come in for an extra hour of sleep on Monday morning next, to make up for the one lost last spring when the hands of the clock were shoved on one hour. According to official announcement elsewhere in this issue the village will revert to standard time on Sunday night at midnight. Monday is a holiday so people will have one day grace to get used to the change. Church on Sunday will be on daylight saving time and if anyone perchance walks in an hour late it will be due to his enthusiasm to eliminate the vagaries of Big Ben by doing the hand turning stunt one day too soon.

The Reeve in conversation with The Liberal explained that the change is made one week previous to Toronto largely to accommodate the school pupils.

#### Decide Markham League Winners Here on Friday

Unionville and Victoria Square Will Play Deciding Game for League Trophy

A softball game will be played at the Agricultural Park, Richmond Hill on Friday afternoon, of this week at 2.15 p. m. between Victoria Square and Unionville, to decide the championship of the Markham Central League. There were six teams in the league, two Unionville teams, Brown's Corners, Buttonville, Locust Hill and Victoria Square and a very interesting season of softball has been enjoyed. Victoria Square were easy winners of the first half of the schedule having won every game. They were beaten by one game by Unionville in the second half and in the play-off each team has one win to their credit. The deciding game will be played on Friday afternoon and as the teams appear to be quite evenly matched should be very interesting for the fans of this district.

#### SCHOOLS WILL OPEN TUESDAY, SEPT. 6th

Richmond Hill Schools will be on Standard Time

The old school bell will ring out once again throughout this district on Tuesday morning thus ending the summer vacation which seemed all too short, and heralding the commencement of another school year. School bags and dust laden books will be rescued from the seclusion of the shelves and closets which they have enjoyed since last June and there will be the usual scramble which has characterized school opening since time immemorial.

Richmond Hill reverts to standard time on Sunday night and all schools will be on this time. It was largely out of consideration for the schools that this action was taken by the council. Many pupils who attend are from districts where daylight saving never was in effect and as the time for the change in the city of Toronto and other districts is so near at hand it was thought advisable to make the change now with the minimum inconvenience.

For the residents of South Yonge Street it will mean coming to school at 10 a. m. for a week but the radial schedule provides good service under this arrangement.

#### Ladies Bowling Tournament

A tournament will be held on the local green by the Richmond Hill Ladies' Club, on Wednesday, September 7. The draws will be made at 9.30 and 11 o'clock daylight saving time. There will be four games of twelve ends each. The greens are in good condition and good prizes will be given. Refreshments served on the green.

MR. JOHN KING  
President of the British Newspaper Society, who, with a party of other pressmen from the Old Country, is making a tour of Canada.

#### PAVING TO COMMENCE ABOUT SEPTEMBER 15

County Council Committee Inspected Road on Thursday

Arrangements have been completed for the paving of Yonge Street and it is understood that the contract will be awarded to-day. The T.T.C. tracks will be paved between the rails which will give a twenty nine foot pavement, but there will be no curbs constructed this year. If the contract is awarded to-day it is likely that the work will commence about September 15th.

The special committee of the county council appointed at the June session appointed to investigate Richmond Hill's request for a county grant were in the village on a tour and inspection to-day. They looked the situation over and were met by Reeve Lunau and Councillor Herrington.

#### TO MAKE HIGHWAYS SAFE

Drastic measures are being taken by the Ontario Government in their determination to eliminate or reduce to a minimum, the menace to life and property created by the speed fiend and the careless driver, according to the Hon. G. Howard Ferguson, Prime Minister, interviewed on Monday in connection with this question. The department of Highways is doubling its force of motorcycle officers, and instructions are being given every police constable and motorcycle officer to rigidly enforce the provisions of the Highway Traffic Act.
