GENERAL NEWS AND VIEWS

The bird who says "I don't have to Advertise for everyone knows who I am, where I am, and what I sell," will never make any more than a living. The average shopper does not care who a merchant is, where he is, or what he sells. But, he does care about information as to cost of what he wants without wasting steps. So Advertise.

Windsor police have arrested fifty persons in alleged gambling dens and blind pigs. The authorities knew nothing about such doings until they read about them in the newspapers.

The menace of glaring headlights is to be discussed at the annual convention of the Canadian Good Roads Association, at Niagara Falls, on Sept. 27, 28, and 29. It is anticipated that many ideas will be brought forward on this subject which has been a worry to government officials.

There has been evolved a comfortable motor car in which a passenger can lie at full length. The only trouble is that one's first ride in it is always the last.

The Aurora fire brigade have been equipped with new rubber coats and hats. These outfits were purchased with the proceeds of the Still Alarm, shown in the Starland Theatre last November.

There is much alarm in Alberta and some parts of British Columbia at the present time over a serious outbreak of infantile paralysis, which has caused a large number of deaths among children in these Western Provinces. This dreaded disease is one which has baffled medical authorities for many years, and the cause and treatment of it still remains much of a mystery to medical science.

Markham fall Fair promises this year to be one of the biggest in its history. The prize list contains over \$1,200 in cash special prizes for speed, ring alone, besides a number of silver cups and other trophies for the harness and light horse classes. A special attraction on Friday is a softball tournament between these girls teams:— Aurora, Stouffville, Patterson Candy Co. and Gooderham & Wurts. The secretary reports that at the rate entries are pouring in the exhibits will easily break all records. "You're sure to have a good time at Markham Fair," is as true a slogan this year as ever.

Many farmers in this district have purchased tractors this year. The use of the tractor seems to speed up the work on the farm.

On Sir Harry Lauder's recent visit to New Zealand, a class in one of the schools was asked to name the world's richest man. A boy answered, "Sir Harry Lauder." "But," said the teacher, "Rockefeller and other millionaires are much richer." "Yes," was the boy's surprising reply, "but they spend some of theirs."

The attendance at Vellore school fair was not quite as large as in former years. The cup was won by one of Miss Carroll's pupils of Pine Grove school. The same pupil won it two years ago. The singing by the schools was good but many schools did not take part in this. Speeches were delivered by Reeve George Kellam of Vaughan, Mr. Wilkinson, the new inspector, Mr. A. Campbell and others.

Indications point to an early by election in the riding of Prince Edward. Horace Colliver, former Conservative member for that riding, was at Queen's Park recently interviewing Premier Ferguson, it is understood, on the prospects for an early filling of the seat left vacant through the appointment of Hon. W. E. Raney to the Supreme Court Bench of Ontario. In the event of an election, Mr. Colliver, who lost to Mr. Raney by a very small margin on the Government control issue of last December, will again be the Government candidate.

Advertising for a Cat In connection with the recent advertising convention in London, the story of how a dubious citizen became convinced that advertising is sometimes effective is being related.

The story concerns the attempt of a canvasser to persuade a reluctant trader to place some advertising. The trader couldn't see it, asserting that "nobody reads advertisements."

The agent decided to represent his client as desirous of purchasing a cat. The advertising was inserted. Four hours elapsed after publication, and then the office of the newspaper received a frantic telephone call.

It was the trader. Please, would they withdraw the notice at once? It must not be allowed to get into another edition. For already, he said, no less than 117 cats had been brought to his door.

Weston Fair

After having been frowned upon by the elements for several years, Weston, York, North York and Etobicoke fair finally shook off the jinx, and on Saturday held one of the most successful days in the history of the fair. In the neighborhood of 5,000 people gathered in the grounds. The entry list in farm products and live stock was exceptionally large and the high quality of all the features of the fair all contributed to the unqualified success of the day.

GEORGE F. PERLEY Of Ottawa, who is the General Secretary of the National Conservative Convention to be held at Winnipeg on October 10th.

Recovers Stolen Goods

Police Chief R. D. Risebrough has recovered a set of ivory chess-men that was stolen from the home of Mrs. J. Kilgour, Sunnybrook Farm. It was found at an antique shop on Avenue road, in the city, as a sequel to the arrest of Robert S. Gardener in London. Gardener was brought to Toronto on Saturday and Chief Risebrough interrogated him regarding the series of robberies which have occurred in North York recently. He says that Gardener confessed to stealing the chess-men but denied breaking into any other houses.

During the past month several places have been entered in the York Mills district and articles taken.

Carp Epidemic

The strang epidemic which overtook the carp in Lake Simcoe it appears has passed into Balsam Lake, evidently through the Trent Canal as did the original fish. With the Department of Game and Fisheries still searching for a solution to the Lake Simcoe situation, carp have begun to die in Balsam Lake, and, according to information that has reached the department, are now dying by the hundreds.

Scarboro Fair

Fine weather attracted a large crowd to Scarboro fair on the Agincourt fair grounds Saturday afternoon and great interest was taken in the splendid exhibits in all departments. From all over the township and even as far as Markham and surrounding villages came people to visit the oldest fair in Ontario, and old friends renewed friendships and discussed cattle and crops in the way people do when they meet at a fair.

Thanksgiving Day

Monday, November 7, will be observed as Armistice Day and Thanksgiving Day throughout Canada. A proclamation to this effect appears in the current issue of the Canada Gazette.

Look at Your Label

Our mailing list has been revised and should show correctly the date to which your subscription is paid. Kindly examine the label on your paper and if it is not correct advise this office at once.

Subscriptions should not be in arrears and we would greatly appreciate a remittance from all those past due. Thank you.

Not the Country

Acton Free Press: The "poor" farmer is not always poor, in fact is not generally poor. A young farmer settled in the Webb district, Saskatchewan, in 1916, as a hired man. He bought a farm in 1918 at \$40 an acre, has paid \$25,000. No doubt he worked very hard but even so his success is worthy of note. The trouble is not always with the man if he fails to make good.

STOVES

The col evenings will soon be here You will need a little fire to make the house more cosy. If buying a stove make sure its

To Drivers of Motor Vehicles

LAST WARNING!

If you have not yet secured your Motor Vehicle Operator's License apply for it without delay

It is against the law and punishable by fine to operate a motor vehicle registered in Ontario without first securing a Motor Vehicle Operator's License.

Highway Traffic officers have been instructed and municipal police have been requested to demand the production of Motor Vehicle Operator's Licenses, and any driver unable to produce his or her license at any time is subject to a fine of not less than \$10.00. In case of accident or infraction of The Highway Traffic Act, the Operator's License is sure to be called for. Drivers who have not their Operator's License cannot be considered experienced and competent.

Application forms for a Motor Vehicle Operator's License can be secured at any garage. Licenses will be granted forthwith to anyone who has driven over 500 miles and for six months continuously, and who is not physically disabled. Examinations will be afforded to all others by Highways Department examiners.

If you have omitted to get your Operator's License, this is your last warning to secure it. Don't drive a car without it, either on city streets or country highways.

Lights on Horse Drawn Vehicles

After October 1, 1927, every horse drawn vehicle on the public highways in Ontario must carry after dusk and before dawn a light plainly visible on the left hand side showing white to the front and red to the rear. The attention of horse owners is particularly directed. Drivers of automobiles should be more certain than ever that their tail lights are always in working order.

Ontario Department of Highways

The Hon. GEO. S. HENRY, Minister
