Re Sanitary Supervision of Water Area

The area defined by the Provincial Board of Health as the source of water supply for the Corporation of the Village of Richmond Hill is as follows: "That part of the stream on the west side of Yonge Street, between Mill Street and adjacent to lots Nos. 449 and 451 by Reuben's plan; and a point on the said stream at a distance of two and one half miles north of Mill St. Over this area the Local Board of Health has sanitary supervision. The attention of persons living within the defined area is directed to the following being section 93 of the Public Health Act.

93.—(1) No sewage, drainage, domestic or factory refuse, excremental or other polluting matter of any kind, which either by itself or in connection with other matter, corrupts or impairs or may corrupt or impair the quality of the water of any source of public water supply for domestic use in any municipality, or which renders or may render such water injurious to health, shall be placed in or discharged into the waters, or placed or deposited upon the ice of any such source of water supply, or be placed or suffered to remain upon the bank or shore of any such source of water supply near the place from which the supply of water for domestic use is obtained, nor within such distance thereof as may be considered unsafe by the Provincial Board, after an examination thereof by a member or officer of the Board, nor shall anyone bathe or swim in the waters of any such sources of water supply within such area as may be fixed or defined by order of the Provincial Board. 10-11 Geo. V. c. 81, s. 5.

(2) Every person who contravenes any of the provisions of subsection 1 shall incur a penalty of not more than \$100 for each offence, and each week's continuance after notice by the Provincial Board or local board to discontinue the offence shall constitute a separate offence. 2 Geo. V. c. 58, s. 93.

By order of The Local Board of Health of the Village of Richmond Hill.
Signed J. LUNAU, Chairman.
A. J. HUME, Secretary

Wilson and Hargrave Install New Machinery

We take pleasure in announcing that we have recently installed in our repair shop a CROWE Cup Wheel Valve Refacing Machine, Guaranteed to be the most Accurate Valve Refacing Machine on the Market, and a complete set of valve re-seating cutters, and are now fully equipped to do a scientifically perfect and accurate valve job for you.

This method of doing valve work is endorsed by automotive engineers, as being the only way in which to obtain a perfect gasoline tight joint, which will give your motor the power, pep, and mileage it should have.

As we are always endeavoring to be up-to-date, so we can give you the very best of service and workmanship, we have gone to great expense in installing this equipment, and believe that our efforts will be appreciated by you.

If your car, truck or tractor jerks and snorts, lacks pick-up and power and acts like it is trying to climb a mountain when you are only trying to navigate a small hill—and you are getting tired of feeding it an overdose of gasoline—it needs a valve job—that's all! Bring it to us and let us do a valve job with this wonderful machine and we absolutely guarantee to remedy the trouble.

We invite you to drop in the next time you are around this way and let us demonstrate this machine, and explain to you the importance of having your valves properly seated.
