She explained very ably the situation of the Christian church in China at present. She and her friend Miss Ketchum, also a missionary, appeared in Chinese costumes of different rank. At the close of the meeting they had many interesting novelties to show which they brought from China. Miss Constance Mortson favoured the gathering with a solo. Lunch was served.

**Up and Down The Furrow**

If some of the visitors to the big convention at Winnipeg this week had taken in the plowing match they would have seen some real contests for leadership.

R. J. Rogers local representative of the Ontario Department of Agriculture has shouldered a great deal of the responsibility of the match by virtue of his office of secretary of the committee. He has worked hard for the success of the match and deserves a great deal of thanks.

The exhibit of the Hydro Electric power Commission is worthy of particular mention. It is in charge of Mr. Purcell and includes a threefold exhibit of electric labor saving machinery for the farm home, the dairy and the barn. The hydro has brought within the reach of the farmers of this province every modern convenience which tend to make farming less of a drudgery and much more attractive and profitable. As one farmer who has hydro fixtures in his barn remarked "it's so darned comfortable in the stable I kind of hate to leave it and go in the house."

Plowmen on the first day reported that the land especially for the stubble classes was not just what might be wished for at a plowing match. It was reported that there was a great variation in type of soil and some twitch made real good plowing somewhat difficult. However it was as fair for one as another and no-one was complaining.

An energetic official of the York County Association is E. M. Legge of King who is the treasurer of the joint organization. He is a commercial traveller by calling but knows a thing or two about good plowing and always takes a keen interest in all matches.

Of all the jobs in connection with the big event it is conceded that the teams committee had the most difficult. Robert Thompson chairman, and John Breakey vice-chairman had a very difficult task and devoted a great deal of time and effort to the work.

Col. Harry Cockshutt was a visitor to the match on Tuesday and made the generous offer of a special medal to every plowman competing, who finished his land.

People who park on the roadside should bear in mind that it is prohibited and also that their patronage would be appreciated by the Christie Street Branch of the Canadian Legion who have charge of all parking.

Despite the large crowd and the many activities on the grounds no accidents have occurred to mar the big event.

Among the enthusiastic plowmen present are Peter Morrison and his son Malcom from Eldon Township. Mr. Peter Morrison is a veteran of the old school and has done much to encourage good plowing in his home County of Victoria.

Mr. Short of Woodville showed his enthusiasm by bringing his team with him a distance of over sixty miles. If there were more like Mr. Short the job of the teams committee would not be so difficult.

The local committee and the members of the directorate of the provincial Association meet every night in Richmond Hill.

Local hotels are well filled and several homes in Richmond Hill, Langstaff, Thornhill and surrounding district have been opened as accommodation for visiting plowmen.

D. A. McFadyen of Lorneville, a director of the Provincial Association arrived on the scene on Tuesday. He is a first class plowman and takes an active part in the Victoria County Association. He is an ex-reeve of Eldon Township.

The billeting committee had a busy time the first night locating accommodation for plowmen and their teams.

"It was a good match, but I've seen larger in both Vaughan and Scarborough in the old days" said an old timer on Tuesday night.

Exhibits at the Plowing Match Among the local exhibitors at the Provincial Match in the industrial section are two of Richmond Hill's progressive business men namely J.A. Greene of Richmond Tailors and W.G. Baldock.

**MARRIED**

**IRVINE-JENKINS**

A very pretty wedding was solemnized at St. John's church, Jefferson on Tuesday, September 27, when Grace, daughter of Mr. and Mrs. J. Jenkins, Elgin Mills, was married to Mr. W. C. Irvine of Toronto. The ceremony was conducted by Rev. Soanes after which there was a reception held at the home of the bride's parents. The happy couple left amid showers of good wishes from their many friends for a honeymoon in America cities after which they will take up residence in Montreal.

**CURBS AND GUTTERS FOR YONGE STREET**

A forty foot pavement with curbs and gutters is now assured for Yonge Street through Richmond Hill from Baldock's Garage to the northerly limits. Petitions sufficiently signed for this work were presented at the council meeting held on Monday evening and were accepted by the council. The contract will be let to the Warren Paving Co. and every effort will be made to speed up the work.

A petition was also received for the construction of a sewer from the north end to Dufferin Street on the East side of the roadway and was accepted. It will be constructed as a local improvement the same as the extra pavement and curbs.

The members of the council were unanimous in the opinion that it was regrettable that a real job could not be made by having the wide street and curbs extend all the way through the town. The council feel so strongly on this matter that they will give the residents in the south end of the town another opportunity to either accept or reject a petition for a forty foot road.

At a special session on Tuesday night the securing of engineers advice was discussed and it is probable that a certified engineer will be put on the job to protect the interests of the village.

**Oak Ridges**

The regular monthly meeting of the Oak Ridges Branch of the Women's Institute was held on Wednesday afternoon of last week at the residence of Mrs. W. H. Legge, Jefferson.

Various fruit cakes were most favored in answer to the Roll Call, among which was the good old fashioned sort that keeps well, if hidden.

Mrs. Perry, of Richmond Hill, in her very able, talk on "Women's Civic Duty to Public Health," left with the audience a heap of food for thought, and Miss Alice Ferguson's splendid paper on "Yesterday and To-day" was most interesting. The comic readings by Mrs. Bilbrough, of Aurora, added life to the meeting and the fine solos by Mrs. Tebbs, of Burlington, who is a niece of Mrs. W. H. Legge, were greatly enjoyed.

Dainty refreshments were served by the hostess during the social half hour at the close of the meeting.
