### Can You Beat This

A pumpkin of stately dimensions and avoirdupois is now on display in THE LIBERAL window and has been the subject of much comment during the week. It was grown by Mr. George Caldwell Richmond Hill and weighs 67 pounds, stands 20 inches high and has a circumference of five feet. If there is a larger one nestling in any gardens in this part of the country we would be glad to hear of it otherwise we are going to award the championship in the "pumpkin handicap" to Mr. Caldwell.

### COMMUNITY HALL PREY TO FLAMES

Bad Fire at Buttonville

The Community Hall at Buttonville was completely destroyed on Wednesday night by a fire which for some time threatened the whole neighbourhood. The alarm was first given about nine-thirty and many volunteers from the surrounding district lent aid in fighting the flames. The Richmond Hill Fire Brigade were called and were quickly on the scene with their equipment and men. Water was secured from the creek and in short time streams of water were keeping the flames in check. The local brigade did excellent work and had it not been for the assistance the toll of the fire it would have been very much greater as the strong wind fanned the flames to great fury. The residents of the Buttonville community in conversation with The Liberal this morning were loud in their praise of the work of the Richmond Hill brigade.

The hall was used for the various activities of the community and was moved to Buttonville from its former location on the fifth concession where it served as a church about three years ago. Everything in the hall was burned and it is estimated that the loss is in the neighbourhood of three thousand dollars. The cause of the fire is unknown.

Fire Chief Attends Fire in Full Dress Attire  
It is a well known fact that Richmond Hill has a fire brigade up to date in every particular. The town is proud of them and the members of the brigade take a personal pride in the efficiency of the organization but it was not generally known until Wednesday night that they are also very particular that they attend all fires immaculately dressed. Buttonville residents were somewhat surprised to see the chief of the Brigade arrive in full dress attire and to day are asking how this municipality manages to dress its officials so elaborately. Incidentally it might be mentioned that it is not made possible by the generous appreciation of Markham Township Council of the fire protection rendered by the Richmond Hill Brigade. Fire Chief Mills was in attendance at Lodge when the fire alarm was sounded on Wednesday and needless to say rushed to the scene of the fire without the necessary delay of changing from his dress togs.

### Farmers Are Paying Cash

The fact that farmers have lots of money at the present time was clearly demonstrated at an auction sale held this week by Robt. Topper, lot 1, con. 7, Vaughan. The sale included several milk cows which sold for a price averaging \$110.50, and although three months credit was advertised ninety per cent. of the stock was paid for in cold CASH.
