LOCAL COUNCIL HAD BUSY WEEK

Willowdale
Construction of a sewage plant in Armour Heights is to be proceeded with almost immediately, and North York Township Council on Monday entered into an agreement with the Armour Estates Limited for the immediate construction of a sewage disposal plant. The erection of the plant has been a contentious question for some time, but all negotiation have now been completed.

Participation of township employees in municipal politics is not to be tolerated by the Council, it was indicated clearly when the foreman of one of the road divisions was discharged when it was reported that he had taken part in a meeting called to support election candidates.

The Township Treasurer was authorized to purchase certain lands for the widening of Don Mills Road to 66 feet in order that the Toronto and York Roads Commission might proceed with the paving.

The Richmond Hill council has had a busy week holding no less than three meetings in addition to numberless conferences in regard to the paving operations now in operation. It is now definitely arranged that there will be a forty foot roadway from the north limits of the village to the south line of Baldock's garage with curbs and gutters as well. The cost of the curbs and gutters and extra pavement in this section which will be constructed as local improvement will be in the neighbourhood of \$18,000. A storm sewer will also be constructed on the east side of the tracks will have a sections to take care of the surface water.

A change has been made in the original plans and the pavement on the west side of the tracks will have a concrete base instead of the black base used on the west side. This is necessary in view of the fact that without it there would not be a sufficient foundation for the road and the Department of Highways insisted on this type of construction.

The steam shovel has been working preparing the roadbed on the west side all week and work of construction the foundation for curbs and gutters has already commenced at the north end. T.T.C. cars are now using the new tracks in the centre of the road and the old tracks have been pulled up. It is confidently expected that the whole job will be completed in slightly over one month.

Court of Revision

The Court of Revision for the Village of Richmond Hill will hold its First sitting on Monday, October 24th in the Council Chamber at 8 o'clock p. m. for the purpose of hearing complaints and appeals against the assessment for the current year.

All whom it may concern are requested to take notice and govern themselves accordingly.

About sixty attended, and progressive euchre, occupied the guests in the early part of the evening the ladies prize being won by Miss Beatrice Matheson and the gentlemen's prize by Mr. Ed. Cooper. The presentation was made on behalf of the gathering by Mr. J. T. Saigeon, who carried out the duties in his customary acceptable manner and read the following address:—

Dear Friends,—We, your friends of Maple and vicinity wish to take this opportunity of expressing to you the feeling of friendship which we have for you. We sincerely hope that the good feeling which now exists between us may long continue and that all through the future your lives may be happy and prosperous. We ask you to accept our congratulations at this the beginning of your wedded life with the wish that your lives may be a blessing to one another. We wish also, besides in mere words to show in some tangible way our regard for you and ask you to accept this chesterfield table, not for its intrinsic value but as a token of our esteem and with the hope that you may long be spared to enjoy it.

Signed on behalf of your friends,
Maple, Ont., October 14.
