HOUSEHOLD HINTS

DO YOU KNOW THAT:

A few drops of vanilla in milk will often help to persuade the most resistant child that he likes to drink it?

To preserve silk umbrellas they ought to be allowed to dry open or standing handle down?

Onion juice will flavor a dish and not leave the unpleasant taste or odor that characterizes the vegetables?

A little soft American cheese mixed with boiled salad dressing is a nice change as an adjunct to plain lettuce egg and lettuce or lettuce and tomato salad?

Peanut butter and jelly make a tempting combination sandwich?

Pie crust seems to be more flaky if it is placed in the refrigerator for a while before baking?

Glass tumblers which have become coated with a white crust from hard water may be cleaned perfectly by the application of strong vinegar?

Lemons can be kept for weeks if they are buried without touching each other in a stone jar filled with dry sand?

Soft bread is a splendid wall paper cleaner?

Kerosene oil used on a dust mop on the floors will help keep a house free of insects?

A coat of whitewash is a valuable disinfectant which preserves wood, and, if properly prepared, is a fire retardant?

No grease will be needed and the bulk will be doubled if three or four tablespoons of milk are added to scrambled eggs.

Lemon juice will remove the smell of onions from the fingers.

A piece of paper stitched with seams in chiffon, georgette, organdie, voile or crepe de chine and torn out afterward will insure against puckering?

Beef is the only meat that cannot be cooked slowly?

A drop of glycerine will make cream whip?

Milk may be pasteurized by cooking it for twenty minutes in a double boiler?

The addition of a very little orange juice to sweet milk makes it as digestible as buttermilk?

Lard is good for burns?

Naptha, if you are experienced in working with it, or, if you aren't, a less inflammable oil, is the best agent to use for cleaning a stove?

Laura La Plante and All Star Cast in Coming Grand Feature

Everyone who has taken an interest in attempting to solve mysteries is promised the thrill of a lifetime when "The Cat and the Canary" opens as the feature attraction at the Capitol Theatre, commencing next Monday.

"The Cat and the Canary," a Universal production with an all-star cast headed by Laura La Plante, is said by those who have seen its previous to be by far the most mysterious mystery ever filmed.

Six people, three women and three men, go with an attorney to a supposed haunted house to hear the reading of a will. The attorney is murdered—each of the six persons might have done the killing.

Which one of them was it—if any—is undiscoverable until the final scene. "The Cat and the Canary" is a screen adaptation of the great stage success of the same name by John Willard. It was directed by Paul Leni perhaps the most famous of a score of foreign directors who have come to this country in the past two years.

In addition to Miss La Plante, the cast embraces some of the best-known names of filmdom, including among many others, Arthur Edmund Carew, Forrest Stanley, Creighton Hale, Gertrude Astor, George Siegmann, Flora Finch, Martha Mattox and Tully Marshall.
