First Faith Mission Concludes Work at Victoria Square

SUCCESSFUL SERVICES BROUGHT GREAT SPIRITUAL BLESSING TO COMMUNITY

The first Mission of the Faith Mission of Scotland, held in Canada is concluding its efforts here this week. Since Sunday, October 23rd the work has been carried on six days of the week by two bright young women, Miss Gibb, of Scotland, and Miss Rowdon, of England.

These young pilgrims have dedicated their lives to the services of Christ of Calvary and through faith and intercession many hours daily are able to carry their congregations into the very presence of the most high. Never in the history of our church as we know it have servants of the King lifted those in attendance to finer and higher conceptions of the Christ of Calvary, nor to a loftier possibility of the Christian living under the power of the Gospel. Their one plea is that man would magnify their creator, through salvation and sanctification as offered by Jesus Christ.

These young ladies spend their forenoons in prayer and study, the afternoon to visiting. In the homes to which they have access they read the scriptures, sing and pray. In the schools they sing, teach the children choruses and give helpful talks.

That a great revival is coming our way is assured. Is evidence of the fact we draw your attention to a few facts. Throughout every service even though of two hours one could hear the clock tick continually. The total attendance at these services up to Tuesday of this week was 4165.

The following ministers have contributed to the success of these services Rev. W. Haig, Rev. A. McD. Haig, Agincourt; Rev. H.S. Warren, Stouffville; Rev. Mr. Baker, of Baptist Church, Stouffville; Bishop Winger, Gornley, Rev. A.A. Wall, Richmond Hill; Rev. Mr. Fox, Richmond Hill; Rev. Mr. Nesbitt of St. John's church Toronto gave the final Gospel message on Tuesday evening. Rev. Mr. Kirkwood, of Presbyterian church, Creemore gave the message two weeks ago Mr. Wilson and Mr. Sloan, of Toronto, Salvation Army took part in two of the services, when the evangelical Christian bodies unite in this way to worship, it certainly gives inspiration. The spirit of love manifested is beyond description.

Members of all denominations were present. The Brethren in Christ the Mennonite and the Baptist and the Disciple turned out in large numbers. On three or four evenings about forty of the members of St. John's Presbyterian Church, Toronto, accompanied their pastor, and there were living epistles who were an inspiration to all. Over seventy dollars worth of religious literature has been sold during the mission. Some sixty visits have

been made by the workers, and twenty eight young people have gone to the altar as evidence of their decision to follow Christ.

Two weeks ago these young women were strangers to our land its citizens. Today they have a host of friends in this part of the country, because of their zeal, and consecration to things divine, to men a fresh vision of a risen Christ.

We noted above the fine spirit of service and co-operation displayed by our church friends. We might also add that our esteemed veterinary surgeon, Dr. Kelly sr., in the midst of his arduous duties to restore life in the animal world had time to remind those whom he visited of the good work being conducted here. "Have you been to the Mission at Victoria Square?" was his gentle reminder.

The second mission is to be held in Carrville United Church. May we remind the Liberal Readers in that district that a real spiritual uplift is coming your way. Don't miss a meeting if the deeper things of life appeal to you.

OLD TIME DRIVER AGAIN AT THROTTLE

When "The Confederation," the largest locomotive, not only in Canada, but in the British Empire, left the Canadian National Railways terminal at Toronto, to take part in the "Pageant of the Iron Horse," at Baltimore, Maryland, John Ryburn McIntyre, a pensioned engineer, who commenced his railway career 62 years ago, emerged from his retirement to take the throttle of "The Trevithick," the oldest wood burner in the Dominion, which was also brought from honorable retirement for the event. Together the two "pensioners" escorted "The Confederation" out of the yards to take the rails for its trip to the big pageant which is intended to depict the evolution of rail transportation.

"The first locomotives I fired weighed 22½ tons," Mr. McIntyre remarked, as he looked over the old timer and compared it with the modern Canadian product, "and when I retired on pension the Grand Trunk system was putting in service locomotives weighing 227½ tons." By comparison, "The Confederation" type weighs 329 tons. Again, Mr. McIntyre noted that when he commenced his railroad career some of the freight cars had a capacity of eight tons. To-day many of the cars in service have a capacity of 40 tons.

Mr. McIntyre was born in Kilmarnock, Ayrshire, Scotland, in 1852. The family, like many other Scottish families, was attracted to Canada to share in the railway building of that period, and in December, 1863, at the age of 13 years, Mr. McIntyre began service with the Grand Trunk as a cleaner at Sarnia, continuing, except for a short interval, until he retired at the age of 65 years. Mr. McIntyre became fireman and then driver and saw some service with the militia during the second Fenian Raid.—Canadian National Railways Photographs.
