Letters From The People

Some Comparisons of Municipal Statistics.

Dear Mr. Editor:-

In glancing over the Municipal Staitics recently issued by the Provincial Secretary's Dept., one is bewildered by the startling facts therein contained especially relating to the village of Richmond Hill. If one compares the figures as given with other villages with a similar population they will be convinced that there is something radically wrong with our Municipal management and financing, and THAT something is inefficiency.

Our Business assessment is \$12,400
