Observing a fifty-year custom by titled ladies, whose husbands play important roles in the government of the country, of holding lavish receptions on the eve of the opening of the British parliament, the Marchioness of Londonderry, LEFT, at her palatial Park Lane residence received "everybody who is anybody" in the Conservative party. The Tories being in office representatives of foreign countries in glittering uniforms attended the function, which was the most brilliant since the war. In contrast to this magnificence, at humble Victoria Hall, Bloomsbury, Miss Isabel MacDonald, RIGHT, daughter of the former premier, received a number of Labor members of parliament and friends. Champagne was replaced at this reception by ale and Scotch and soda, while the 60-cent cigars of the Londonery event were supplanted by the democratic pipe.

GENERAL NEWS AND VIEWS

Those people who doubt that the world is getting better should compare the valentines of 1927 with those of twenty years ago. They show a marked improvement and would indicate that we are becoming more civilized.

No provision for old-age pensions, it is understood, will be made by the Ontario Government this year.

We commend our readers' attention to the health talks from the Canadian Medical Association which are appearing in another part of this paper each week. We cannot learn too much along this line.

Yes the times have changed at the schools, even if the system of administration has not. Forty years ago the youngsters carried a book to and fro while in the proximity to the seat on which they sat was a slate on which they did their figuring and wrote their exercises. Slates used by the girls had red felt edges secured by black cord; the boys preferred the plain wooden frame. The girls used a sponge to clean their slates; not so the boys, as their coat or shirt sleeves and pant legs readily testified.

Mayor J.M. Walton, Mrs. Walton, Mr. and Mrs. Howard Sloan, left on Friday last for a motor trip to the Southern States.

All men are born free and equal but many of them marry.—Kitchener Record.

Let the beautiful snow get as deep as it wants to. It will have a hard job touching the hem of the ladies' skirts.

By the time it becomes possible to fly over to England in a few hours people will discover that it was the leisurely days of the ocean voyage that they valued most of all.

Permanent peace would be nearer if the League of Nations or some other international authority could muzzle the people who talk of 'the next war.'

At a meeting of the directors of the Aurora Agricultural Society, Mr. A. M. Kirkwood was appointed Treasurer, and Mr. G.W. Baldwin, Secretary. It was decided to hold the annual Show on Saturday, June 2nd. A horse shoe pitching contest will be one of the new features this year.

Hon. E. C. Drury, former Premier of Ontario, under the Farmer Government, delight his hearers when in Calgary recently, with his broad outlook in regard to Canadianism. He said that if Canada is to attain the nationhood, worthy of her resources and her people, she must achieve a deeper unity based on justice, sympathy and tolerance amongst all parts of her varying population. It is impossible to build a nation if various sections mistrusted each other; if labor was pitted against capital, or town against country.

Since other newspapers are asking questions, we give you this one: Name the pugilist who at the eve of a championship fight, publicly expressed doubt that he would win?

Mr. E. C. Drury is out west writing articles for a Financial Journal. It is wonderful how some people get on. We remember him when he was only a premier or something down in Ontario.

An Ontario man predicts the weather for a whole year in advance, and sometimes he is right. His forecasts attract a good deal of attention—except from the weather, which goes on regardless.

Richmond Hill man says that anyone who can forecast the weather should be able to tell how his wife will behave at any given moment. But no one is prophetic to hazard his reputation as a prophet on so speculative a proposition.

A man can get a living out of dirt in farming, mining, politics and literature.—Galt Reporter.

It is stated that Premier Baldwin advocates the free importation of cosmetics. The premier is making a bid for the flapper vote.—Ottawa Journal

Toronto during 1927 increased the population 13,000. Glad to know it. Toronto is a fine place to go—for a short visit.—Stratford Beacon.

You wouldn't be happy with double your salary. Watch those who have double your salary.—Quebec Chronicle.

A dog fills an empty place in a man's life—especially a hot dog.—Galt Reporter.

Hon. R.B. Bennett, one of Canada's richest bachelors, took a big chance in appearing at a Peterboro social function in Leap Year. But he got away with it.—Peterboro Examiner.

A scientist says that nature is all the time at work increasing the oil supply. Nature increases the supply and man increases the price.—Ottawa Journal.

You can start the new year with good resolutions, but just try to start a car that way these frosty mornings.—Toronto Star.

Owing to the depletion of fish in Lake Erie, a conference was recently held to devise means of conversation.

During three months ending with January the Ontario government paid out approximately \$50,000 in bounties for the destruction of 3,310 wolves.

Telephone conversations may now be held between St. Louis and Brussels, Belgium, at \$85 for the first three minutes.

Gilbert D. Mathewson, father of the late famed pitcher Christy Mathewson, died at Scranton, Pa., at the age of 80. He served as a drummer boy in the Civil War.

You can tell a good driver by the mileage he gets from his tires

SOME fellows are sure rough on tires—slam on the brake and slide a yard or two in stopping—drop in the clutch and spin the rear wheels in starting—speed round corners and skid.

It may save a few minutes running time—it may even look a little "showy" to the man on the sidewalk—but the real driver knows that it means miles off the running life of the tires.

Good tires will give unbelievable miles of service if you treat them right. Drive sanely.

Come in and let us put the gauge on the valves once a week—under inflation means certain trouble. Let us examine the casings regularly for embedded flints and nails. This service will save dollars on your year's car expense.
