VILLAGE TO VOTE BY SUB-DIVISIONS

According to the revised statutes of Ontario when there are more than 300 voters in a municipality the election must be carried out by voting in sub-divisions. There were 838 eligible voters in Richmond Hill last year so that at least three sub-divisions must be made. At the regular meeting on Monday night clerk A. J. Hume submitted plans for the division of the village into three subdivisions and an alternative plan making four sub-divisions if it was thought advisable. The dividing lines will be north and south from Centre Street, and east and west of Yonge Street. If the three sub-division plan is adopted all on the east side of Yonge Street, would vote in one sub-division. No action was taken by the council on Monday night but the matter will be brought up and dealt with at the next meeting.

Contrary to an impression which has gone abroad this does not mean that the town will be run on the ward system with certain councillors elected from each ward. It is merely for the convenience of balloting so that all electors will be assured of ample time to cast their ballots. The reeve and four councillors will be elected as at present, but the voting will take place by sub-divisions.

W. A. Vanderburgh applied to the council for a rebate on the cost of sidewalk constructed by him in front of Richmond Hill motors. Mr. Vanderburgh constructed the walk in front of his place of business some two years ago at his own expense. Since that time the sidewalk has been built by the town and he asks for a rebate of fifty per cent. of the cost of the five foot walk which was granted by the council.

HIGH SCHOOL ENTRANCE EXAMINATION RESULTS

Principal Scott of Richmond Hill School Has Again a 100 Per Cent Pass Record

The High School Entrance examination results which are announced this week are very gratifying as far as Richmond Hill Public School is concerned. Principal Walter Scott had a class of twenty one and every one was successful and thirteen passed with honors. This is an enviable record which is a credit to the school and a tribute to the Principal and the entire staff of teachers of the school. This might be termed Principal Scott's "Century Year" as the successful class this year brings the total of pupils who have passed the entrance exams during the four years he has been in Richmond Hill up to the one hundred mark, one hundred and one to be exact. In this 101 who have passed thirty seven have received honors and there have been only three failures in the four years with a one hundred per cent pass both last year and this year. The four "high" pupils at the Richmond Hill centre are also from Mr. Scott's class. Robert Little headed the list, Vivian Routley was second, and Jean Middleton, Herbert Mason, and Lawrence Smith were tied for the third place. Forty two pupils tried the exams here this year and the following list shows thirty-four who have been successful.

The following candidates have successfully passed the Entrance Examination held at Richmond Hill, June 25th and 27.

Anderson Robert, Avison Ruby, Beatty Elaine, Beresford Sheila (H), Bull Archie (H), Bull Earl, Burnett Norman, Carter Hugh, Cook Claire, Connor Andrew, Corbett Elsa, Coulter Margaret, Deadman Jas., Deadman Jean, Dewesbury Blanche (H), Fortuk Alex., Fortuk Mary, Gillings Mary (H), Glass Margeurite (H), Haldane John, Hart Dorothy, Jenkins Clifford, Kennedy Eleanor (H), Kerswill Ella, Little Robert (H), Mason Herbert (H), Middleton Jean (H), Moses Clayton, Paris Elsie (H), Reaman Ruth (H), Savage Adele, Routley Vivian (H), Savage Wm., Smith Lawrence (H), Thompson Lloyd (H), Tuck Austin.

Valuable Discovery In Vaughan Township

It is reported that drilling operations for oil which have been in operation on the farm of John Asl. on the fourth concession of Vaughan have resulted in striking water heavily impregnated with chlorides which is regarded as a much richer and more valuable discovery.

The chloride is in three forms: calcium, magnesium and sodium, while the well also produces a certain percentage of mineral oil. James Henderson, chief shareholder in the syndicate, declares that the find is of great value. Calcium chloride is now used for road maintenance. Already the local solution has been tried out on Wilson Ave.—the main road leading to Weston—about an eighth of a mile east and west being treated.

Calcium chloride, which is imported, is used extensively in the United States and Canada for the purpose of laying dust on the roads. It is put on in crystal form on top of the gravel. The action of it is to draw the moisture through the gravel, keeping the roadway damp.

The chloride water from this York county well, containing a percentage of mineral oil, and being put on the road in liquid form by a pressure spray, forcing it deep into the gravel, is expected to prove an excellent road binder, as well as providing a much more economical process than spreading crystal chloride on with a shovel, as the chloride gets right down into the gravel and spreads evenly.

SUNDAY SCHOOL PICNIC

A good crowd enjoyed the annual picnic of the Richmond Hill Presbyterian Sunday school at Bond Lake on Wednesday afternoon. Games and races for prizes were thoroughly enjoyed by all.

Whitchurch Council

The regular meeting of Whitchurch Township Council was held at Vandorf on Saturday, July 7th. Members all present. Reeve M. Baker presiding.

Communications received from Provincial Treasurer advising remittance to Township of its share of railway tax for 1927 amounting to \$101.03; from Ont. Dept. Public Highways advising remittance of road grant on 1927 work amounting to \$6,953; from H. Vandwell, Toronto, complaining of work being done on road allowance running behind sub-division 163 Wilcox Lake, as this roadway is not a township road. No action was taken by the council; from R. W. Phillips, County clerk, stating that Whitchurch Township's share of County taxes for year 1928 is \$24,208.44.

Tenders were received from David Hartford and W. Dillane for erection of culverts on 5th and 7th concession lines.

On motion of Deputy-Reeve Kidd and Councillor Crawford, the written tender of Mr. Dillane for culvert on 5th concession was accepted.

It was decided not to award contract for culvert on 7th at present time.

Mr. A. J. Stuart presented petition asking to have Lake Wilcox road and Lake Avenue oiled from Yonge Street to sideroad on north in Second concession line, petitioners agreeing to pay a portion of cost. No action taken.

Wm. Webber approached council re prospective leasing of gravel pit on his farm for 12 years.

Revised deed was received from J. H. C. Durham for widening of Wilcox Lake road.

Geo. Drury presented claim for 4 sheep killed by dogs unknown to him and also for bonus for having shot one of the dogs. On motion of Councillors Ratcliff and Deputy-Reeve Kidd, the treasurer was instructed to pay Mr. Drury the sum of \$40.00.

Several ratepayers approached the council asking for wire fence bonus along the road allowance. These were referred to Road Supt.

On motion of Councillor Ratcliff and Deputy-Reeve Kidd the clerk was instructed to have township constables collect license fees for year 1928 from

proprietors of summer booths. On motion of Councillor W. Crawford and Deputy-Reeve Kidd the clerk was instructed to have the solicitor prepare a bylaw to be passed at next regular meeting of council for appointment of a permanent clerk and treasurer for Township of Whitchurch.

FAMILY IS GROWING

Our large family of readers is growing. Our special Jubilee Drive for 1000 new subscribers in our Jubilee Year is meeting with marked success and already we have welcomed to our circle of weekly readers one hundred and fifty new subscribers. The response has been very gratifying and the reception which The Liberal representative has received in all communities visited thus far has been most cordial. Everywhere is evidence of a general appreciation of a HOME PAPER which endeavours to serve its field thoroughly and efficiently. We hope to continue to merit that confidence—we promise to do our best.

Phillip said last night: "What's the matter with you Daphne!"
I replied "There's nothing the matter with me that a chocolate sundae won't cure. Let's go to Austin's—of course!"

Practical Demonstration Of Traffic Control

While town fathers, police force, dignitaries of the bench and scores of the rank and file of citizens have puzzled long hours and days and weeks and months in an effort to devise ways and means of controlling the speed of traffic on Yonge Street, some visitors came to town on Tuesday evening and gave a practical exhibition of how it could be done. It was Mrs. Skunk and her healthy family of eight little skunks who showed the world how to slow up traffic. Coolness is one of the attributes of a good traffic cop and Mrs. Skunk sure took one hundred per cent. in this test. About seven o'clock, unheralded and without the blare of trumpets or the presence of pomp or ceremony amid a heavy evening traffic the mother skunk coolly piloted her little family across Yonge Street near the south end of the village. Unflustered by the oncoming rush of motors, she guided her "youngsters" with all the skill, precision and efficiency of a Roman general of old, maneuvering to the right and then to the left to miss certain venturesome motorists now going back to encourage a straggler of the household who was having difficulty in negotiating the dangerous journey and every now and then casting a threatening glance at the startled onlookers. Traffic which a few minutes before was whizzing down the street in mad haste came to a dead standstill and awaited until the aristocratic looking lady and her family landed safely on the other curb and scurried away up the bank to continue their peaceful journey. No member of the town council was present to witness the scene, the village traffic officer did not witness the spectacle but it is hoped that they will be on the lookout and that when Mrs. Skunk makes her return they will be on hand to get some pointers in traffic control.

INSTALL NEW SCALES

I. D. Ramer & Son have purchased and will shortly install at the Elevator a new set of modern ten ton truck scales. They will replace the four ton scales now in use.

Victoria Square

The members of the J. W. I. of Victoria Square held their meeting at the home of Miss Alice Reid on Saturday, July 7th. The meeting opened at 2.30 with the singing of the opening ode, followed by repeating the Lords Prayer. The roll call followed which was well responded to with an economy wrinkle. It being impossible to secure a speaker, the time was spent in discussions for the future benefit of the institute. Miss Lena Moynihan played an instrumental. First Aid demonstration exercises were then given by some of the members on drowning and suffocation. Miss Laura Gee gave a splendid reading entitled, "The League of Nations." Dainty refreshments served by the hostess brought the meeting to a close.

Mrs. W. Meek enjoyed her ninetieth birthday on Wednesday. The ladies of W. M. S. made her a life member of the auxiliary at their meeting this week. Mrs. Meek's many friends wish her many happy returns.

Mrs. W. Alder of Durham and Miss D. Helmky, of North Bay, spent Tuesday afternoon with Mrs. L. Nichols.

Unionville

The two road graders purchased by the Township of Markham arrived here on Wednesday. They will be assembled to-day and started to work on the roads immediately.

To Mrs. William Pingle must be accorded the honor and distinction of having received the first mail via the "Air Route" in Unionville. Recently she received a letter from her daughter Miss Irene Pingle of Albany, N.Y., which was despatched via the "air mail."

TEMPERANCEVILLE

The annual garden party of the Temperanceville United Church will be held at the home of Mr. John Jennings, Temperanceville, on Tuesday evening, July 17th. Among the entertainers already secured are Harvey Lloyd, Toronto, Wise Brothers, and Mt. Pisgah Orchestra.

Crop Prospects Good Throughout The County

Crop reports received from all sections of York County this week are very promising and farmers are more optimistic concerning the prospects than at any time this season. The weather conditions are ideal and the country side never had a more beautiful appearance. Haying is well under way and some excellent crops are reported which are far in excess of what was anticipated early in the year.

There are many fine fields of fall wheat in the County and it is ripening fast. Spring grains are making a healthy and rapid growth. Weeds as well as the crops are growing and it is keeping the farmer busy to keep them down. The heat following the moisture of the past weeks has produced a remarkable growth which in the estimation of many farmers interviewed is almost unprecedented.

Taking it all together the season is maybe a little late but conditions have greatly improved in the recent weeks and a more hopeful and optimistic feeling prevails throughout the rural districts of York and neighboring counties.

HOSPITALITY TO VISITING DIGNITARIES

Richmond Hill's hospitality to uninvited guests who pass this way and who are in need of a meal cost the municipality \$25. in the past two years. A bill for this amount was presented to council on Monday night by "Mine Hosts" Grant Bros. of Hotel Richmond, who on various occasions during this period have been responsible for the entertainment of these "Knights of the Road."

ANNOUNCEMENT

Commencing with our issue of July 19, single copies of THE LIBERAL will sell for FIVE CENTS instead of three cents per copy as has been charged previously. The yearly rate of \$1.50 is unchanged and during the months of July and August we are making a special offer of fifteen months for the regular price of \$1.50 to new subscribers. Let us have your name as a regular subscriber.
