DISCUSS APPOINTMENT OF LOCAL MAGISTRATE

Public Sentiment Favorable

There is much speculation locally concerning the appointment of a local magistrate which would mean the establishing of a traffic court in Richmond Hill. A great many citizens interviewed this week feel that such a step would be very commendable and would be in the interests of safety and law enforcement in this district. It is pointed out that such a court could serve the North Yonge Street district from the City limits for some distance as the next court going north that such a court would greatly facilitate the handling of infractions of the law by tourists as they could be dealt with promptly here and let travel on their way without the inconvenience and loss of time to go to a city court. Several prominent citizens interviewed contend that the establishment of such a court is inevitable somewhere on North Yonge St. and that the way having now been practically cleared for the appointment, that the Richmond Hill council would be well advised to press the matter further.

The appointment would be made by the Attorney-General's department of the Ontario Government and although several local names have been prominently mentioned in connection with the appointment it is impossible to say at present who the incumbent of the office will be should the council decide to go ahead with the matter.

HAPPY RE-UNION OF JEWETT FAMILY

Mr. and Mrs. Albert Jewett and Family and Mr. Frank Jewett Motored From Western Canada

After twenty two years of pioneering in Western Canada, Mr. and Mrs. Albert Jewett and family of three boys and a brother Mr. Frank Jewett enjoyed a very pleasant visit at their old home with their parents Mr. and Mrs. John Jewett who have both passed the four score mark and live on the second concession of Markham.

Mr. and Mrs. Jewett left their home at Loyalist Alberta, on May 29 and motored a distance of 2400 miles in eight days to visit a brother Dr. Jewett, of Flint Michigan. After spending a few days there they continued their journey to Ingersoll to visit with another brother, Abe Jewett. Continuing the journey they arrived in Toronto to visit their only sister Mrs. Mary Maw. They next visited their parents and other relatives in Markham Township and started out to visit another brother, John in Parkham Maine. After visiting across the border they returned to their home here accompanied by their brother John.

Sunday, July 15, was spent in reminiscing childhood days and many of their friends and relatives and associates of other days called and visited with them at their parents home. Mr. and Mrs. Jewett report a most enjoyable trip from start to finish with only two punctures and few near accidents to provide the only unwelcome diversion. They carried their camping outfit with them and in their opinion this is the only way to travel. While passing through different centres they received many greetings especially from the French in Montreal and Quebec who greeted them with such exclamations as "Hello Alberta" having noticed the license plates on the car.

On Monday, the eve of their departure a happy time was spent at the home of Mr. and Mrs. D.W. Clubine where friends and neighbours gathered to wish them all the best of luck on their return journey. They left for their home on Tuesday, July 17 and expect to reach their home in Alberta about August 10 after travelling some six thousand miles.

Sandy Macbeth had starved to death. On a one-man car we spied him. A sign which read "Pay as you leave" Lay on the floor beside him.
