

### Cashel News

Miss Kresler, of Toronto, spent last week holidaying at the home of Mr. and Mrs. Thomas Hobbs.

Mr. and Mrs. Harvey Houck motored to Guelph over the week-end.

We see that harvest has begun around this section. Several crops of wheat and alsyke have been cut. A gain we had a succession of thunderstorms last week, which have made work with a binder very difficult. The storms which we had previous to last week did heavy damage to grain crops. Some crops were straightening favorably until the recent torrents of rain which resulted in being worse than before. Though several grain fields were flooded and the creeks were seen to be over flowing their banks. We did not get the storms as heavy as in some parts of the province. The storm struck Ottawa district more severely. As the result of a hail storm grain crops were cut to pieces and completely ruined. The roofs of barns were lifted and silos blown down. We sincerely hope that the weather may clear up during the next few weeks to enable the farmers to get a head with their work.

Glad to say that Mr. Forrester is progressing as favorably as can be expected.

Mr. and Mrs. Bob Salt and family, of Toronto visited Mr. and Mrs. Arthur Barnett on Sunday.

A successful ice cream social was held in the school grounds last Tuesday evening under the auspices of the Young People's Society of Melville Presbyterian church.

We note that Mr. Frank Roberts is still convalescing at his home here as a result of his recent illness.

#### Injured by Fall

Little Miss Gloria, infant daughter of Mr. and Mrs. Albert Cleverdon, of Seventh line, Markham had her arm

broken in two places below the elbow as a result of a fall last week. The child was sitting on the veranda when she over balanced and fell a distance of three feet to the ground. She was immediately rushed to the office of Dr. Ball, of Stouffville, where she was given medical attention. As the baby was so fat, four ex-rays had to be taken to determine correct setting of the injured bone. However we are very pleased to report that she is progressing favourably. We wish her a speedy recovery.

#### SOFTBALL LINERS

By Elgin Mills girls winning from Lansing on Tuesday night have upset the whole works in the Yonge Street Softball League and are apt to up-set it more before it is finished with, if Lansing girls fail to come across with their hits. If they ever meet them again it will be a game worth seeing. All they have to do now is to beat Thornhill and if they do there will be sure to be a play-off and a good one. Watch for date.

Softball fans are to be treated to a fast ball game on Thursday night (tonight) when Elgin Mills and Newmarket girls will meet at the Elgin Park in an exhibition affair. The game will start at 7.30 daylight saving time and there will be no admission, but a silver collection will be taken during the game to help pay expenses. Let's go everybody the girls need your support.

#### HARDBALL GAME AT RICHMOND HILL PARK FRIDAY NIGHT

For the first time this season the hardball fans will have a chance to see a hardball game in the Richmond Hill park, Friday night, between the Local boys and Willowdale. The game will start at 7.30 and it promises to be a dandy. Come on fans turn out in full force and let the boys know you are with them in sport.

### Better Business Bureau Has Been Established In Toronto

The Better Business Bureau Movement, which is widespread throughout the United States and which is taking hold in Canada, has been influential in raising the standard of merchandising, preventing false advertising and unethical business practices, resulting in greater confidence between buyer and seller as well as in the protection of investors from the activities of those individuals who prey upon the public in the offering of securities of doubtful value and in many cases very little or no value at all. These individuals are very versatile in their method of operation, and in the use of high pressure methods, and have robbed trusting investors of many hundreds of millions of dollars during the past few years. The better business bureaus have been instrumental in curbing to a marked degree the operations of these doubtful individuals, and in sending many of them to jail, while many others have been forced to close their offices and cease operations in the districts where the Better Business Bureaus have been active.

As announced in the press a short time ago by the Attorney-General, he welcomes the formation of a Better

Business Bureau in the Province of Ontario—already a Bureau is in active operation in the Province of Quebec, with headquarters in Montreal, and is doing excellent service.

The Better Business Bureau, as at present constituted comprises representatives of the Toronto Board of Trade, Toronto Stock Exchange, Standard Stock Exchange, Investment Bankers' Association, Dominion Mortgage and Investment Association, Toronto Real Estate Board and others. The officers and members of the Executive Committee of the Better Business Bureau are as follows:—

Chairman—C. L. Burton, President, Toronto Board of Trade; Vice-Chairmen—C. E. Abbs, President Toronto Stock Exchange; A. M. Macrae, rep. Investment Bankers' Association; Secretary-Treasurer—J. A. Kingsmill, Room 706, 45 Richmond Street west. Executive Committee — R. P. Baker, Dominion Mortgage and Investment Association; F. J. Coombs, Investment Bankers' Association; R. T. Stanley, Retail Merchants' Section, Toronto Board of Trade; F. J. Crawford, Standard Stock Exchange; J. C. Suydam, Toronto Real Estate Board.

#### Sporting Notes

##### ELGIN MILLS CREEP UP ON THE LEADING LANSING GIRLS

Before one of the largest crowds of the season on Tuesday night at Lansing Park, the Elgin Mills girls kept in the hunt for the second series of the Yonge Street Softball League when they whipped the Lansing girls for the first time this season by a score of 11 to 5. The opportune hitting behind Lillian Burns steady pitching was a big factor in the outcome. The fielding of Effie Jones on third base was the bright light of the game, turning in some very clever fielding which were labelled sure hits and was also a leading hitter. Olive Walmsley was on the mound for Lansing, and for the first time this season was defeated, but it was not her fault, they were beaten, her team mates threw her down bad, and the Elgin had no trouble in travelling around the bases after the third innings, when they scored seven runs, while Lansing scored three in the third and two in the fourth. Elgin Mills girls looked like real champions on Tuesday night and they sure played good ball from the start of the game until the last batter was out. Every girl played good ball and it was hard to pick a star. The score by innings is as follows:—

Elgin Mills — 0 0 3 1 1 1 5 — 11  
Lansing — 0 0 3 2 0 0 0 — 5

The batteries — Elgin Mills — L. Burns pitching and Annie Walker catching. Lansing — Olive Walmsley pitching and May Kerr catching. Umpire — Pat Kelly.

The line up of the Elgin girls is as follows: — A. Walker, L. Burns, E. Morrison, V. Jones, M. Tyndall, E. Jones, B. Gamble, G. Burns, M. Chapman. Eric White, coach.

Judge Knott was asked which of two stunning girls at a party he considered the prettier, "I'm no judge of paintings," he replied,—Texas Courier.

#### Victoria Square

Harvesting operations are in full blast just now, alsyke, wheat and barley cutting is quite general, bumper crops in every line is the order of the day. The ground is soft, thus providing a cushion for the machines, freedom from bumps for the operation, and a heavy draught for the horses.

Mr. and Mrs. Pressen, of Toronto, spent Tuesday with Mr. and Mrs. W. F. Nichols.

About fifty of the young people from here were royally entertained by Mr. and Mrs. Robeson, Maple on Wednesday evening of this week. The good time prepared by the host and hostess of his birth in the attendance of our young people at the special services held in the United Church at Maple last winter. While Mr. and Mrs. Robeson are Presbyterians they appreciated the efforts of the Square people in helping to make these services a success. The beautiful grounds surrounded by banks of flowers were electrically illuminated and provided an excellent spot for games and contests, which were heartily enjoyed by all. After two hours of out door sports an excellent musical program was given in the drawing rooms, which were tastefully decorated for the occasion. In the guessing contest to estimate the number of cherries on a branch, Miss Effie Gamble came first, her guess being seventy-five, the number was seventy-six. In another contest of skill, to pin a tail to a donkey, the contestant being blindfolded, Mr. Gordon Mortonson received first prize. Deputy-Reeve Robson, of Vaughan was a good loser by pinning the tail midway between the feet.

The host and hostess served ice cream, cake and iced drinks to satisfy the inner man. The President of the Young People's Society, Mr. Lyon moved a vote of thanks for the kindness of Mr. and Mrs. Robeson in giving them such an excellent evening. The gathering closed with singing of some choruses. The young people were unanimous that they had a profitable and pleasant evening at Mr. and Mrs. Robson's expense. They were also agreed that they even entertained in an exceptionally lovely home.

Mrs. Thos. Frisby is spending a few weeks with her sister in Michigan.

Mrs. Homer Burke and Miss Verna are the guests of Mrs. Wilmot Brumwell this week.

Miss Mae Flavelle is enjoying this week holidaying at home. Last week she spent with friends at Creemore.

Mrs. Vanhorn of Toronto spent part of the week with Mrs. H.L. Kaiser.

The members of the J.W.I. will meet at the home of Miss Irene Smith on Saturday, August 4, at 2.30 p.m. Miss V. Mortonson of Chicago, will give the address. The Roll Call is to be responded to by a choice bit of poetry.

#### Telephoning on the Wing!

"I am told," says Major-General J. H. MacBrien, President of the Aviation League of Canada, "that Bell Telephone scientists are directing their attention to improving communication with airways and to aeroplanes in flight. Developments along such lines will be of great value in the extension of commercial aviation."

"The effort suggests to my mind the immense strides which wire and radio communication have made and how greatly modern civilization is indebted, not only to the telephone scientists and engineers who evolve the apparatus, but to the great army of telephone operatives, male and female, who make it function throughout our waking and sleeping hours for the benefit of their fellow men."

In the picture is shown the aeroplane now being used by Bell Telephone scientists in their experiments.
