

A FEW FROM RECENT EXAMS NOT IN RICHMOND HILL

William the Conqueror was thrown from his horse and wounded in the feudal system and died of it. In Holland the people use water power to drive their windmills. Cereals are films shown in the pictures. People of Iceland are called equinoxes. Queen Elizabeth was called the Virgin Queen because she knew Latin. John Bunyan was an eminent spec-

alist on foot troubles. Glaciers are the guys who fix windows when they are broken. A volcano is a mountain with a hole in the top. If you look down you can see the creator smoking. Steel wool is the fleece of a hydraulic ram. A curve is a straight line that has been bent. Mars is a star so far off that it would take a million years to walk there in an express train. A miracle is anything that someone does that can't be done.

Weekly News Notes From The Unionville District

First Annual Field Day of United Church Sunday School Was Successful Event.

Victoria Square Won From Unionville By Small Margin

Despite threatening weather the first annual Field Day held at Crosby Memorial Park by the Sunday School of the United Church on Saturday last was a decided success. There was a large attendance and all the program of sports and games were contested with enthusiasm. The success of the day is a tribute to the efficient and untiring efforts of the capable sports committee of which Mr. William Champion was chairman and who was assisted by Alfred Dyke, Campbell Sabiston, Dr. Kennedy, Jean Stonehouse and Grace Hobb. All scholars under sixteen years of age were admitted free and it was a red letter day for the kiddies. There were baseball games for people of all ages, football for the intermediate boys, races for the children and horseshoes for the men. Suitable prizes were given for all the events and some of the ladies races were particularly keenly contested. A sumptuous supper such as you could only get in Unionville was served to over four hundred people and the shut-ins of the community were remembered with a well filled box of dainties. A feature of the day was the baseball game between Unionville and Victoria Square. It was a hard fought game with good playing much in evidence. It resulted in a victory for Victoria Square by a 4-3 score. The marked success of the day promises to make the event an annual one. The fine park and commodious building contributed much to the success of the undertaking.

WEDDING

Armstrong — Underwood

A quiet but pretty wedding took place on Wednesday, July 25th, 12 o'clock noon, at the home of Mr. and Mrs. T. W. Underwood, Markham, when their daughter, Mary Louise, a well known and popular young lady in this vicinity, was united in marriage to Dr. George W. Armstrong, of Ottawa. Rev. B. D. Armstrong, of Durham, brother of the groom officiated assisted by Rev. W. A. Fuller, Markham. The bride who was unattended, was given away by her father and wore a gown of white georgette and veil of net with pearl and orange blossom trimmings, she carried a shower bouquet of butterfly roses and lily of the valley. Miss Marion Underwood, sister of the bride played the wedding music. After the wedding breakfast, Dr. and Mrs. Armstrong left for a motor trip to the Maritime Provinces, returning through the New England States to Ottawa where they will reside.

SO THIS IS RICHMOND HILL by KRALC

Howdy gentle readers of The Liberal. As I make my debut as a column artist in this great Home Paper I wish to warn one and all that I play no favorites and that if we happen to mention your name in this column it is not because we think any more of you than of anyone else—but just it happened that your name crept into print.

We heartily endorse this idea of a magistrate for Richmond Hill which we read about in The Liberal this last few weeks and we think that there are lots of good men to fill the job but speaking quite modestly we'd like to have the job for just about two hours—that is provided we could have the ones up we'd want to.

We hear so many names mentioned that its struck us as queer that the ones suggested have all been men. Why not have a woman for the job. We know some women that motorists would be afraid to talk back to.

Anyway why argue about who should get the job—why not appoint this man William Davies who writes so many letters to the editor. He seems to know how to run everything.

But honest folks we'd hate to hear the sentence he would hand out to the Reeve if he ever came up before him.

Speaking seriously though we like to see some ratepayers taking enough interest in public affairs to discuss them through the press.

We are very fond of the children and we like to see them enjoy their holiday so we'll just remind them that the holidays are half over.

It must be provoking to the youngsters that July and August come only once a year.

We overheard this conversation in Baldock's garage this week; "What's your new car?" "An Ash" "Nash you mean" "No Ash. It's a used Cole."

What's the matter with sport in Richmond Hill anyway? Why can't we at least have some softball or some of this barn-yard golf that got away to such a good start at the sports day held here on Fair Day.

Heard on the street this week; Do you know who's going to be the magistrate now? I hear there's going to be some fun at the next council meeting over this waterworks business.

"I hear the council had a secret convlave this week over the magistrate business?"

"Where are all the councillors anyway?" "I haven't seen the Reeve or any of them for weeks. Wonder are they hidin'?"

"No one has yet suggested that George Smith be the magistrate in order to keep expenses down."

Our idea of real patriotism is the guy who will say, "My country is the greatest country in the world and my town is the greatest in the country."

We are told that in the past week Charlie Cooper was trying to talk a customer into buying a bicycle. "They are good and cheap now he urged" "and they won't eat their head off when not in use. You'll find one mighty handy to ride around on your farm. I can sell you this one for \$35. "Thirty five dollars, I'd rather put the money in a cow" "But you'd look foolish riding a cow around your farm" "No more than milking a bicycle."

GIRL'S JUDGING COMPETITION

The Girl's Judging Competition for York County will be held on August 17th. Many of the institutes have donated additional cash prizes this year. A committee of the Junior girls and Mr. R. J. Rogers had a meeting in the Parliament Buildings this week and made plans for a Junior and Senior Competition. Championship prizes will be given, consisting of silverware and flatware, and further announcement will be made in The Liberal of additional prizes which will be offered. Three coaching periods previous to the competition will be held.
