

Long Service

THE Imperial Bank was founded during the period when farming constituted almost the whole industrial life of Canada. City streets were once thronged on Market Day and the teams waited at every post.

Times change—the hitching post has gone—but the farming industry can never be superseded. Every day is market day now, and the farmer is a business man and a student of markets.

The Bank has always regarded the farming industry as of prime importance and will give every consideration to the interests of its farmer clients.

Mr. William McDonald, Road Superintendent for Vaughan Township had a narrow escape on Wednesday afternoon when the large five ton Township truck which he was driving collided with a train here. The truck was coming loaded from the gravel pit and at the railway crossing before the highway was reached, the accident took place. The driver saw the train coming and on the slight grade endeavoured to stop the heavy truck and almost succeeded. The truck was travelling at a very slow rate of speed when it crashed into the coal tender of the train which swung the motor vehicle sideways resulting in considerable damage. Mr. McDonald the driver miraculously escaped without serious injury.

We are glad to note that Mr. Neil McElroy and Mr. Carl Saigeon captured the second prize in a large field of contenders in the Horseshoe Pitching contest at the Lennox picnic on Monday.

Plans are now completed for the annual Field Day and Old Boys Reunion to be held here on Saturday, August 18. The proceeds of the day will be used in the purchase of an athletic grounds for the community and it is hoped that there will be a large crowd on hand to ensure the success of the day. See the ad elsewhere in this issue and large posters for full particulars.

Crops in this district are looking well and despite the wet weather harvesting is proceeding. Alfalfa crops are not what they have been some years but some fair yields have been reported. There have been some complaints of second growth and in many cases the wheat crop has not been up to expectations. There were many good fields in Vaughan however and The Liberal received this week an excellent sample of wheat from J. W. Bone, of the third concession of Vaughan which was a good type of seed and was harvested in good condition.

A gravel truck was upset in the ditch and badly damaged on the fourth concession south of here on Wednesday morning. The driver of the truck which it is understood belonged to Mr. Lockyer of Lansing, was following Mr. J. H. Downey south on the fourth. Mr. Downey swerved apparently to make the turn into his own lane which was mistaken by the driver of the second truck as a turn to allow pass. When the mistake was evident he took the ditch to avert a crash and turning over a couple of times badly damaged the truck but the driver escaped with minor injuries.

MARKHAM

Civic Holiday was not a very pleasant one for pleasure seekers, owing to recent heavy rains. The skies remained dull all day. The traffic on the highways was very heavy and was marred by two accidents, one on the Markham-Pickering townline and the other near the seventh where a coupe took a nose-dive into the ditch. Several people required the doctors care. Last week our rose garden was at the height of its beauty, when the climbing roses, white, pink and dark red were in bloom. The heavy rains spoil them badly, but there will still be a few nice blooms from time to time for those who wish to see them. The three peonies donated by H. R. H. the Prince of Wales have made rapid growth and look to be in fair condition to stand the winter.

The Christian Endeavor Society of St. Andrew's Presbyterian church held their August meeting Sunday evening. Besides the usual program they were addressed by Miss Selkirk a student missionary on the subject, "Why Missions have been a failure." She also had with her a number of curios from India, which were passed around and examined with much interest and amusement. Another pleasing feature was a duet by Mrs. Herb Thomas and Miss Sommerville.
