## Ontario Government Appoints G. H. Duncan As Magistrate

Official announcement was made this week of the appointment by the Ontario Government on Friday, August 31 of Mr. Garnet H. Duncan as a Police Magistrate. This is the outcome of representations which have been made to the department during recent months emphasizing the need of a court here to handle cases especially those dealing with infractions of the traffic regulations which come from this district. The creation of a court in Richmond Hill will greatly facilitate the machinery of justice as cases of offenders in the North Yonge Street district and this section of the County can be brought expeditiously before the magistrate without the necessary delays and loss of time incurred by the necessity of taking them to the busy County Court in Toronto.

GARNET H. DUNCAN  
Whose appointment as Police Magistrate was announced this week.

It is not definitely known how soon the court will be in operation here but every effort will be made to speed up the necessary preliminary work and it is hoped to have the court working in the course of at least two weeks. The details have not been arranged and it cannot be stated how often court will be held. Sittings will probably be temporarily in the Council Chamber but it is possible permanent quarters may be arranged before the end of the year.

The appointment of Mr. Duncan to this important position is received with much satisfaction locally and he will enter upon his new and important duties with the whole-hearted support of public opinion in this community. A life long resident of this district and a descendant of one of the pioneer families of the County he enjoys the confidence, respect and esteem of the general public. He has always taken an active interest in all matters of public affairs. In 1910-11 he was president of the East York Conservative Association and is a life member of the York Pioneer Society. He has been a member of the Richmond Hill Board of Education for the past ten years, has been chairman of that body

for three years, and under his leadership the business of the Board has been administered in a most efficient and commendable manner. His knowledge of educational matters was recognized by the Markham Township Council at the last regular meeting when he was appointed to represent the township in the arbitration proceedings in connection with the establishing of a new school section.

Mr. Garnet H. Duncan is the son of Mr. and Mrs. John Duncan of Richmond Hill and was born in Markham Township. His grandfather the late William Duncan came from Scotland and settled in York Township at Downsview in 1818, and since that time members of the family have taken an active part in the social, business and public life of this County. An uncle William Duncan was Reeve of York Township for about twenty-years and is a past Wardens of the County of York.

Interviewed by The Liberal following his appointment Mr. Duncan stated that he felt the great need of this country was better citizens, and that his aim in the carrying out of his official duties would be to create a respect for law and order and a desire to become better citizens on the part of those who appeared before him.

## Disapprove of Councils Action And Buy Constable's Uniform

Not satisfied with the action of the council at the last regular meeting in laying over the matter of a grant towards a uniform for Constable Barraclough about a dozen public spirited citizens of Richmond Hill have subscribed enough money to pay the full cost of the new uniform which Constable Barraclough wore for the first time on Sunday night.

Interviewed by The Liberal one of the group said that he agreed with Councillor Sloan that anything that was worth doing was worth doing right. He felt that the town had a capable officer in Constable Barraclough and that he wanted him to know that the citizens were behind him.

Another one said that when he hired a man he expected to give him the equipment to work with if he expected results. He thought it unfair that when the town engaged a constable to ask him to purchase not only his own uniform but his stop watch, his badge, his gun and his baton. "As far as I'm concerned" he said I don't want our police officer to risk his life trying to stop traffic without a uniform.

"I gladly subscribed to this idea" said another "because I want to let Constable Barraclough know that he has the whole hearted support of the citizens at large if not of the council. I believe he is a capable officer conscientiously trying to do what is right."

"Pretty small Potatoes" said another of the subscribing citizens regarding the action of the council towards the purchase of a uniform. "I don't approve of the principle of the citizens doing these things which should be done by the council but if they want to act that way over a small amount like ten dollars then I think it up to the citizens to correct the mistaken impression which gets abroad.

"I said I would rather put up the whole ten dollars myself," said one of the prime movers of the plan, "than have our police officer parading up and down Yonge Street with an ordinary suit of clothes and an official blue cap."

As a result of the efforts of this group of citizens Constable Barraclough appeared on Sunday night last neatly attired in a blue serge suit, of faultless fit hand tailored in Richmond Hill by Richmond Tailors and with the regulation blue cap provided by the council.

The uniform which the constable now wears will not only add dignity to the position which he holds but will also be a great assistance in the carrying out of his duties, particularly the regulation of traffic.
