CULVERT ON FOURTH CONCESSION IS IN BAD SHAPE

A veritable death trap has been set most of the summer for the traveling public in the road culvert on the fourth between lots thirty and thirty one. That no serious accident has occurred may be attributed to the fact that traffic slows up to make the short turn. For months two large holes have been opened and for the past fortnight a third one in the centre of the roadway yawns to wreck the motorist. Many motorists have uttered high sounding words when suddenly halted when their car dropped into the trap. Despite the fact that the county councillors have been notified, still the defect goes unremedied.
