GENERAL NEWS AND VIEWS

It is expected the hydro electric power line from Uxbridge to Goodwood will be ready for use about Dec. 1st, and a street demonstration of some kind will be provided when the current is turned on at Goodwood.

Premier Ferguson stated definitely on Tuesday that with the exception of placing the "two purpose" vehicles in the same category as the small passenger car, there would be no reduction in motor car licenses next year. He stated that the government proposed spending \$18,000,000 next year on highways improvement and the most the government could expect from motor licenses and gasoline tax at five cents a gallon was \$16,000,000. The two-purpose vehicles referred to are mostly Ford cars that can be converted into small trucks and used for both passenger and truck marketing purposes.

The work of sinking artesian wells on the Stoffville reservoir property in Whitechurch Township, is now completed and the undertaking has proven a great success, four wells having been located giving an estimated water supply of 70,000 gallons per day. This supply could be increased at any time on the shortest notice by the addition of more wells, as it seems possible to get them without any trouble right around the reservoirs.

The Markham High School plans to hold its annual Commencement exercises in the Town Hall, Markham, on the evening of Dec. 7th. All ex-students desiring to have their graduation diplomas presented at this commencement are advised to submit their certificates to the Principal at once in order that they can be recorded at the Department. Mr. Robert Loffree is the valedictorian this year.

Potatoes sold at 50c bag in Uxbridge last week, and with the yield of late tubers only around 80 bags to the acre the farmers are getting but \$40 per acre. This looks like the cheapest root crop going this fall.

One does not count the crop of blueberries to be worth very much. Yet over \$300,000 worth were shipped out of Canada last year and was the second largest fruit crop to be exported, being exceeded only by apples. These are practically all grown wild, so that it is nature's wealth like fish and timber or minerals that is being reaped.

An exchange says: A town that never has anything to do in a public way is on the way to the cemetery. Any citizen who will do nothing for his town is helping to dig the grave. A man that curses the town furnishes the coffin. The man who is so selfish as to have no time from his business to give town affairs attention is making the shroud. The man who will not advertise is driving the hearse. The man who is always pulling back from any public enterprise throws bouquets on the grave. The man who is so stingy as to be howling hard times preaches the service, sings the doxology, and thus the town lies buried from all sorrow and care.

All municipal clerks are required under revised Act this year to send by registered mail to the clerk of the county, six days previous to municipal nominations, a certificate as to the number of voters that may be legally counted as qualified to vote to determine representation of each municipality to the County Council.

"I solemnly advise my sons and daughters, grandsons and granddaughters to keep the ordinances and statutes as laid down by our Saviour, reads one clause in the will of Walter James Foote, retired farmer, who died at Stoffville, October 2nd, leaving \$28,000 secured by mortgages, \$5,333 in bonds, \$839 in promissory notes, \$3,499 cash, a farm in Whitechurch, valued at \$5,000, and a house in Stoffville \$1,300.

Alphonse and Alfred Hell, of Pelham, N.Y., who had suffered ridicule because of their family name, asked a court to permit them to change it to Heil. The judge thought their requests reasonable and approved the change.

In two years more than 1,000,000 pounds of reindeer meat was shipped out of Alaska.

The nut of the Tagua palm of Ecuador produces much of the so-called vegetable ivory used by the button industry of the United States and Europe.

The Japanese government has purchased 5,000 Canadian hens for its experimental poultry stations.

Among a party of Moroccans that arrived in Algiers was a giant 9 feet 4 inches tall.

The most expensive trans-Atlantic telephone call made took place when an American visitor to London rang up a business associate in New York City and talked 95 minutes at a cost of \$1.425.

The medicine kit carried by the Byrd Antarctic expedition weighs more than a ton.

A part of southern India has the enormous rainfall of almost 500 inches a year.

Tripoli has three Sabbath days which the religious population insists upon observing—The Christians, Sunday, the Jews, Saturday, and the Moslems, Friday.

Citizens of Portland, Ore., are now able to obtain meat at about one-half the price heretofore paid for beef; that is if they are not too particular. Wild horse steaks are being sold at a public market there.

Mike Hass decided that women buy from women more readily than from men, so he dressed in female attire and peddled wearing apparel from house to house in New Orleans with considerable success. A policeman observed the size of Mike's hands and feet and landed him in jail.

King Township Council

The above Council met at Sutton's Hotel, Schomberg, on Saturday, Oct. 27th, 1928.

Members all present except Councillor Armstrong who was absent owing to illness. The minutes of last meeting was read and confirmed.
