Strong Opposition To Bus Proposal

NORTH YONGE STREET MUNICIPALITIES WANT A RADIAL SERVICE — BOARD OF TRADE REPRESENTATIVES INTERVIEW T. T. C.

A storm of protest in practically all sections of York County has greeted the proposal of the T. T. C. to abandon the radial service and substitute a bus service on Yonge Street. In making public the announcement T. T. C. officials drew attention to the heavy interest charges which were a great burden and to the fact that last year the Metropolitan line did not even meet operating charges. With this also, is the statement that the year 1928 will probably make a worse showing as the revenue has dropped as compared to last year, although the expenses will not be as heavy.

From Newmarket, Aurora, Sutton, Richmond Hill and practically all the urban Municipalities as well as from the townships, prominent and representative men have voiced in no uncertain terms their disapproval of a bus service. On Wednesday, Mr. W. H. Murphy, President of the Richmond Hill Board of Trade and Mr. J. A. Greene waited on Mr. Harvey, general manager of the Transportation Commission and on behalf of the organization laid before the officials a formal protest against any interference with the present radial system. The Commission could give no definite statement as to what will be done as it was explained that final action rested with the City of Toronto. The T. T. C. has made a report to the City Council showing the facts as they exist and it remains with the City Fathers to say what will be done. It is a well known fact that within the council and on the Board of Control are strong factions which vigorously oppose the bus buying policy of the T. T. C. Therefore it would appear that the abandonment of the radials for a bus service is not by any means a closed chapter yet and it is certain that before any such action is taken it will be fought not only in the City Council and the Board of Control but by all interested municipalities of York County.

County Council is in session this week and it is probable that before adjournment some action will be taken by this body. A meeting of all interested municipalities is also being considered as is a meeting of the Yonge St. Highway Improvement Association.

Another Fatality On Yonge St.

INQUEST WILL BE HELD TO-NIGHT

Keith Cortney, 7 year old son of George Cortney, Langstaff, one of a family of five children, was almost instantly killed when struck by a hit-and-run automobile driver shortly before 6 o'clock Saturday night.

It would appear that the boy and his older brother Grant, had been at a grocery store at Langstaff and were walking toward their home when the accident occurred. The driver of the automobile stopped, but when he saw people approaching drove rapidly away. No one was able to secure the license number.

The boy died ten minutes after he had been hurled to the pavement. The body was ordered removed to Wright & Taylor's undertaking parlors, Richmond Hill, by Coroner Dr. Dales, of Newmarket. An inquest will be held at the Richmond Hill Municipal Hall to-night at 8 p. m.
