

Victoria Square News Notes

Colds, sore throat and the grippe have taken command in many homes. Dr. Kiteley and Miss Vrooman of the Provincial Health Dept. spent a busy day examining the pupils of No. 7, Markham. They found every pupil in excellent condition from standpoint of cleanliness, and many of them presented a robust physical condition. The parents who were present at the examination of their children speak in the highest terms of the work of these young women.

Mr. and Mrs. Egbert Avison are enjoying a few days holidays with friends at Orangeville.

The teachers and pupils in the Public Schools are busy preparing for their Christmas programs. At No. 7 on Thursday, December 20, 1.30 p. m. A short session will be held consisting of choruses, pantomimes, dialogues, recitations and addresses by the children; also an interesting address, "Around the world in fifteen minutes" by Mr. C. E. Heise, who has had the pri-

vilage of travelling round the world from Toronto, Vancouver, Yokohama, India, England and back to Victoria Square. Mr. Brown of No. 4 has a snappy program to present to the public on Friday, Dec. 21, Miss Walker of No. 6 and her pupils are holding their closing exercises on Friday afternoon also. To close each class a visit is expected from Santa Claus. The public are invited to be present to show their interest in the work and to encourage the little folk.

Mrs. William Haig delighted the Sunday school with her very appropriate address on "The Christmas Spirit" on Sunday afternoon.

The Sunday school decided to supply the fowl for the Christmas Dinner at the Orange Orphanage.

Next Tuesday evening a visit is expected from the Pilgrims, accompanied by some of their friends from Toronto, Rev. W. A. Nesbitt is expected to address the Prayer Meeting.

Mrs. Thos. Lyon attended the fun-

eral of her brother, Mr. Fursman, of Toronto a few days ago.

Mr. William Dennie is completing a new up-to-date garage this week.

Presentations to Miss Meek

On Thursday evening of last week the Sunday School and the Young People of the Institute met in the school room to show they appreciated the services of one of our young maidens who is giving up teaching in the school to take charge of a young man and his new home in Alliston. With Rev. Mr. Haig in the chair, an hour was spent in singing and addresses. Mr. and Mrs. Herbert Smith, of Headford, with Miss Henrick accompanist, very ably rendered solos. Addresses were read by Mr. Fraser Gee, for the Sunday school and a presentation of a beautiful clock was made by Mr. Cecil Nichols; by Miss Myrtle Avison for her Sunday school class and a presentation of a silver cake basket was made by Miss Thelma Hart. Miss Meek replied in a few words of appreciation. Then followed a miscellaneous shower given by her friends in the school.

The addresses given were as follows: By Mr. Gee, Secretary of School—

Dear Miss Meek,

We the members of Victoria Square Sunday School are gathered to-night, having learned that an event in your life is about to take place that will make you mistress of a home some distance from here.

We realize that our loss is indeed a great one, but the splendid example you have set for us remains and should be worth more than all some of us will ever do. Your ability Mae has been truly wonderful in every line of our schools endeavours, as teacher, speaker, elocutionist, leader in all our social enterprises, in fact in everything we have undertaken for the past number of years and is only to be equalled by your cheerful willingness to exercise these many God-given talents.

Your friendliness and cheery disposition have made you so popular in this community that to number your friends would simply be to count us all. Knowing the lucky man so well as one who too has been a favourite in this community and Sunday school makes our wish for a very happy future for you seem really a certainty.

Now though it in no way estimates the high regard we hold for you, we ask you to accept this small token of that esteem as a parting gift. We know we need not remind you that Victoria Square isn't likely to get shifted very far from its present location and its only a little motor ride back to friends who will always be glad to have you and a Sunday school always looking for a visit from you.

We wish you all that could be desired in future success and happiness.

Signed on behalf of the Sunday School.—Rolph Boynton, R. F. Klinck, Harold Mottson, Frank J. Brumwell, Miss H. Hopper, Vera I. Nichols.

Dear Miss Meek:—

To-night, dear teacher we are here gathered to show you that we are thankful to you for the work you have done in teaching us Sunday after Sunday.

You have been faithful and patient in guiding our thoughts in the way of truth.

We shall miss you we assure you but we are delighted to be here to offer you our best wishes as you go to your home. We hope that you may ever be as successful in handling your new master as you have been successful in teaching us.

As a slight token of our kind feelings we ask you to accept this little gift to remind you of a little band of girls whom you pointed and guided to that city whose builder and maker is God. We assure you we shall have a happy time as we surround the throne.

Your Class.

In the Chevrolet six-cylinder line just announced is seen one of the most important developments in recent motor history—the production of a powerful and attractive six in the low price range hitherto occupied exclusively by fours. Among the seven new models offered are the coach and sport cabriolet, seen above together with the fully enclosed valve-in-head motor.

This motor develops 46 horsepower—32 per cent more than its four-cylinder predecessor. The factory states that "speed has been stepped up to satisfy maximum requirements."

Notable features are gasoline pump instead of vacuum tank

feed, adjustable driver's seat, water temperature gauge on dash, and special accelerating pump which operates when the accelerator is depressed.

The announcement of the new car reveals that Chevrolet engineers began four years ago the research work, planning and proving ground testing which culminated in the new car. More than 100 different motors are said to have been built and tested.

MAPLE

The "Upper Ten" Euchre club met on December 7 at the home of Mr. and Mrs. Neil Malloy. All members present and a real sociable time spent. The high lady was Mrs. Garrett Blough; high gentleman Mr. Chas. Black. After which our meeting was held and decided to use our surplus funds in making some little tots happy with a few appropriate gifts at Christmas tide.

Lunch was by no means the least of the evening's entertainments, which all enjoyed to the utmost capacity. The meeting then adjourned for the present year to meet again early in the New Year. You'll hear from us then.

One dollar invested in a years subscription to the improved Family Herald and Weekly Star of Montreal will bring the farmer better dividends than one hundred dollars in the bank. The farmers' wives, daughters and sons, get free, the best magazine extant.
