

Vaughan Township Elections

(Continued from Page 4)

The next unfortunate condition that arose was that we got our truck smashed. Our truck could not be stopped and ran into the railway train...

Another item. Besides paying for the truck on the 15th day of December we had bought a piece of land which had been outstanding for two years and that came in on the 15th of December, of \$1000.00, and we paid it...

Mr. James Robson
Mr. Chairman, Gentlemen:
I want to thank my mover and seconder for nominating me for the Reeve-ship and to wish to all the compliments of the season—a happy and prosperous New Year.

I am pretty near at sea about figures, but I am going to start off in another line what you have had. I thought I would try to cover the ground of what you have paid in taxes and follow the channels down to where the money has gone out in big channels.

Next, comes the Public Schools in our own border. The Public schools in our own border have taken in the neighborhood of \$38,000.00. The two put together brings us to the item of about \$88,000.00, leaving us, as you have been told, with a balance for the township of \$32,000.00.

There is another item that I have been pressed very strongly to explain here to day, which is a history on the forming and the beginning of the Clergy Reserve Fund. In that, we have to go back to the year 1791. It is the first introduction that we have at all of what was then Upper Canada. You will find pages of it along history from 1791 to 1857. This Clergy Reserve at that time was set aside by the Government for the support of the Clergy of the Church, and that was at that time the English Church.

Q. Mr. Robson, have you that \$10,000.00 or \$12,000.00 intact or is it spent?
A. I am afraid it is spent, unless we want to draw on this year's taxes.

Q. How much has the Council borrowed?
A. There is somewhere between \$10,000.00 and \$12,000.00 invested.
Q. That means that the Council owes the Clergy Reserve \$10,000. Who is liable for this \$10,000.00?
A. In debt the \$10,000.00.
Q. How long has that been owing?
A. I cannot tell you. It has been on the working fund for some time.

as Reeve. If you think I am fit, I want you to support me, but if not, I will go down with a smile.

Mr. Arthur W. Farr
Mr. Chairman, fellow ratepayers:
I would like to first congratulate you on your chairman today, upon the position he has been appointed to fill.

I am sure I am pleased this afternoon to be present that I may stand before you and defend the course that I have pursued as a member of this Council during the years I have been your representative.

Mr. Kellam, our Reeve, has gone over the affairs of the township, and I concur fully in everything he has said this afternoon, and I feel that it is not necessary for me to enlarge any on what he has said.

I would like just to say that my work in the County has been largely of an educative nature. I have thought it wise generally to sit quiet and listen attentively to those who were taking a part in the discussions in County Council, that I might be able to vote intelligently when the time came.

Most of you know that I have been in favor of this road machinery. From start to finish I think it has been a good investment. We found the grader a good investment. I was in favor of the purchase of that truck and in favor of the purchase of other trucks. It had paid its way.

I advocated in the Council that we required a gravel loader. I think we were justified in getting this road machinery and it will prove a very great asset to the township.

Mr. Johnson
Councillor William J. Johnson thanked his mover and seconder and stated that he would be a candidate for re-election. He stated that as he listened to the facts and figures as presented he wondered what was the cause of all the uproar.

Mr. Robert William Scott
We feel that we haven't been represented for a long while, and I have seconded a man to come out who has tried here a couple of years ago.

Mr. J. T. Saigeon
Mr. Chairman and Gentlemen:
I have come to the conclusion that it needs a fellow with a good thick skin to stand this.

One thing I heard Mr. Farr say, he concurred with the Reeve. Everybody says he is doing that. As far as I know, we are told it is a family combine and we want it broken.

I think you have heard all you want about the truck, all the Clergy Reserve you want. I don't blame anybody for the Clergy Reserve. I don't believe the Township of Vaughan or the schools are out, because you know you have to pay 6 per cent. when you borrow money and you have to pay it one way or another, but my idea is, get it invested.

The Council that has been in are all good, straight-level-headed fellows. There is one thing I want to give the Council advice upon. I am just about as old as any of you fellows, although I don't look it. Don't grade more than you can gravel.

I have been asked would I run for Reeve. I said, no, I have been out of harness four years and being Reeve of the Township of Vaughan is no small thing and a man would have to do a lot of study to be in shape again.

Mr. W. O. McDonald, Superintendent
Mr. Chairman, and gentlemen:
I am sure I don't see much reason for calling me. The ground has been all covered thoroughly.

Mr. D. C. Longhouse, Chairman
Ladies and gentlemen: I must thank you for the very good attention you have given to the candidates.

Here is my idea of it: We haven't got a cross road in this township. They have taken up immense mileage. Our roads are in worse condition now than ever before in my time, the worst I have ever seen them.

A. No, we are not in debt when the taxes are all collected. We can borrow on the strength of the unpaid taxes.

Q. What do you say, Mr. Robson?
A. I cannot agree with that. Mr. W. Eldrick:—Again, as to the roads, they have gotten into a terrible condition.

I am going to stand my ground. I am coming out for First Deputy Reeve. I think that it is about time that this combine was broken up.

Q. Were you in the County Council at the time they raised the salaries up to \$8.00 a day?
A. I was.

Q. Did you vote for it?
A. I did. I think a man's time is worth more than the ordinary. He has to dress and has to stop at the ordinary hotel.

Mr. Robert Dooks
I want to thank my movers and seconders for nominating me at this time. This is the third time, and there are so many this year, maybe you can find a better man.

I think there has been things this year that shouldn't have been. I don't believe we have had as good a Council this year as we have had in the past, and I don't believe the majority of the people think so, and I don't believe the roads are as good as they were two or three years ago.

I think the truck is a great big white elephant on your hands and I don't think the tractor is put to much use.

Mr. Baker
Mr. Thos. M. Baker who has received an acclamation as second Deputy Reeve, following several years of service to the Township as Councillor dealt with township matters and questions of ratepayers.

Mr. David Middleton
Mr. Chairman, gentlemen:
I am not going to make a speech. If you elect me as your representative I will do all I can for the township as a whole.

Mr. Duncan McMurphy
I think this is inspection day. You want to take a good look and see how I compare with the rest of them. One of the great troubles today is that we have too many white-collar officials.

Mr. W. O. McDonald, Superintendent
Mr. Chairman, and gentlemen:
I am sure I don't see much reason for calling me.

Mr. D. C. Longhouse, Chairman
Ladies and gentlemen: I must thank you for the very good attention you have given to the candidates.

Lake Simcoe Line Patrons advise that there will be a change in the passenger service about the middle of January. New time tables will be available shortly.

A doctor who had been called in to him the necessity of drinking hot water with his whisky. "Otherwise," he said, "you must not take it at all."

"But how shall I get the hot water?" plaintively inquired the patient. "My wife won't let me have it for the whisky."

"Well, tell her you want to shave," answered the doctor, as he took his departure.

The next day the doctor called again, and when the wife opened the door he asked how the patient was.

"I'm awfully worried, doctor," was the reply. "I'm afraid he's gone raving mad. He shaves every ten minutes."
