Our Representative in this District

The Bell Telephone Company and its financial policy

If given authority by parliament, the Bell Telephone Company will issue new shares of stock over a period of years, at intervals and in amounts depending on the expansion required to serve public demand.

The new shares will be offered for purchase by shareholders and the price will depend on the management's judgment of conditions.

This method is the exact procedure by which the company has built the present telephone system in Ontario and Quebec.

In forty-eight years the telephone company has neither suggested nor received a government subsidy.

In forty-eight years it has never split its stock, nor issued shares that were not fully paid for at par or more.

In forty-eight years it has never been exploited for the benefit of either individuals or groups, although it is now one of the largest institutions in the country.

has met double obligation

In choosing and following this financial policy the management of the company has had constantly in mind the double obligation of those who operate a public utility.

There is, first, the obligation to the users of the telephone system to give them proper service at lowest possible cost. And, secondly, there is the obligation to the owners to protect their property and pay them a fair return on the money they advance to build the system.

These two obligations have been scrupulously fulfilled.

Service has been given by steadily extending the system from a few hundred telephones in 1830 to over 700,000 now in use. The company is spending over \$27,000,000 this year to extend and improve the system further and has made plans to spend over \$120,000,000 in the next five years.

And this service has been given at low cost. The rates paid by telephone subscribers in Ontario and Quebec are the lowest in the world for comparable service. The Board of Railway Commissioners has officially acknowledged that they are more reasonable than other rates in Canada.

The 15,900 owners of the system receive a fair return, but not more than a fair return. The company's policy has handed out no "melons" nor extra dividends.

A test of this is the actual experience of a shareholder who bought Bell Telephone stock on the market fifteen years ago at \$145 and has since taken advantage of every opportunity to buy new shares as they have been offered.

His annual return today, on the money he has paid for his shares, is less than seven per cent. To be exact it is 6.9 per cent.

in the national interest

THE management does not favor any change in its policy, because:

1. the record of the company's policy in efficiently fulfilling the obligations to both users and owners justifies its continuance.
2. if, however, the financial policy of public utility companies is to be fixed by parliament it should be made applicable to all such companies rather than to single out one company which does not deserve special restrictions.
3. a change in policy is not in the national interest; it means that Canadian investors will be attracted to put their money into numerous American utility companies with which the telephone company is now competing for new capital and where it is the recognized practice to offer new shares to stockholders.

The present policy of the company safeguards future expansion of the telephone system by retaining support of reliable investors, and promotes the national interest of Canadians in Canadian development.

Newtonbrook Newsy Notes

The Choir of the Newtonbrook United Church organized last Friday evening. Mrs. Glenn Shaw was elected President; Miss Irene Smith, Secretary; Mr. George Street, Treasurer. These with the following constitute the Executive Committee: Mr. G. R. Goulding, Mr. Harry Smith, Miss Bertha Smith, Miss Alma Smith and Mr. Harry Hill, Choir leader. They purpose putting on a Choir concert on March 6th.

Miss Doris Soden gave an introductory address on the subject of "Our New Canadians" at the Young Peoples Society on Monday evening. She spoke of their remarkable contribution to our Canadian Industrial life, on railroads, in mines and in the lumber camps. Miss Irene Smith contributed a vocal solo and Miss Eileen Moore a piano solo, to the pleasure of the gathering.

A week from Sunday, the United Church will hold a book donation day for the benefit of the Sunday School library. Those, who have suitable books and are through with them in their homes, are asked to donate them to the Sunday school and thus put them to further use in the community.

On Sunday evening, February 10th, there will be a special song service; Old Hymns and old tunes will be to the fore. Come to church that night.

The members of the Woman's Association of St. Paul's Church and their friends gave the humorous sketch, "Aunt Susan's Visit," in the Zion United Church last Tuesday evening. All the performers did exceptionally well but the star was certainly Mrs. Acreman, who took the part of Aunt Susan, the irrepressible. And her good old fashioned advice about the proper use of Sundays, attendance on church worship and husbands seeing that their love does not grow cold in six months, found quick response with the audience.

The Newtonbrook United church held a well attended congregational meeting last Wednesday evening. Mr. G. R. Goulding was chosen chairman and Miss Sutterby was elected secretary. The different departments of church work brought in their reports. The Sunday school had raised and expended \$177. The Woman's Association \$420, the Woman's Missionary Society \$188. The Missionary and Maintenance Fund \$540. Zion Woman's Association raised \$288. The whole charge raised \$4,038 for all purposes during the year. Mr. G. R. Goulding was elected representative to Presbytery and Conference, with Mr. H. B. Schmidt as alternate. Thirty-two had been nominated for position on the Committee of Stewards, twenty-one allowing their names to be placed before the members. The following fourteen were elected: Miss G. Sutterby; Mrs. G. R. Goulding; Messrs A. W. Stephenson; H. B. Schmidt; O. D. Bales; G. R. Goulding; H. Smith; J. C. Bales; W. T. Wells; R. M. Proctor; L. A. Grisdale; J. R. Smith; E. Brett and F. W. Danby.

The Senate and the House of Commons were petitioned with regard to the issuing of licenses to vessels and vehicles carrying liquor which it was known would be taken to the United States. Such unfriendly acts as helping men to break the laws of a peaceful neighbor nation was condemned. The Royal Commission on Customs and Excise had condemned the action and had called upon Parliament to make the treaty of 1924 effective. The petitions asked the Parliament to put into force the suggestions of their own commission, suggestions that had also been asked by representatives from the United States.

The ladies of the church served refreshments and a friendly hour was enjoyed by all present.

Address of Presentation Read by Mr. A. W. Stephenson

Miss Bertha Smith,
Miss Edna Street,
Miss Cora Good,

Newtonbrook, Ont.

Dear Friends:—

We, the members of the Congregation of the Newtonbrook United Church, cannot allow you to step aside from your services at the Church Organ without some expression of our appreciation of your faithful services and of our esteem of your willingness to use your talents in Christ's service and our Church's work so freely and so cheerfully. We are glad to know that, though you have relinquished the organ to another, you still purpose to serve in the Choir. Music is a great talent and an especial blessing when consecrated to Christian service, for by it many people have been helped to richer Christian experience. We hope, therefore, that you will be able to serve the Church by your singing for a long time to come. We cannot let this change in service on your part, however, pass by without marking the occasion with some tangible expression of our esteem of your past services. We cannot speak too highly of the way in which you have all served us. Especially would we thank you

Miss Bertha Smith for your splendid services as both Choir Leader and Organist, and we wish you to accept this silver service with our love and esteem of your work.

We thank, Miss Edna Street, for your faithful services and willingness at all times to sacrifice yourself for the good of the Church and to see that the musical part is sustained. Kindly accept this travelling-bag with our sincerest appreciation.

We also thank you, Miss Cora Good, for taking your part as an assistant organist in our church services and we hope that you will accept the accompanying purse as a mark of our appreciation of your services.

Signed on behalf of the Church and Congregation by:

A. W. Stephenson,
Mrs. J. C. Bales

Here and There

(166) Employment officials at Regina state that out of the 6,000 British harvesters brought to Saskatchewan, at least 75 per cent, will remain in the West to become permanent Canadian citizens.

A 700-pound sea cow was shot the other day on the shore of Sea Cow Pond, Prince Edward Island an inlet which once swarmed with these gregarious, aquatic mammals but which are now a rarity. The animal was bought by a Summerside manufacturing concern which used the hide for leather, the flesh for fox meat and the fat for lubricating oil.

A wool pool in Alberta is now a possibility. Premier Brownlee met a number of representatives of the industry in this province the other day and the subject was opened up in a preliminary way. It will likely come before the executive council for further considerations in the future, the Government being interested in all co-operative efforts by way of advising and encouraging.

The Department of Public Works, at Ottawa, will shortly invite tenders for the first part of the public undertakings, designed to make Prescott, Ont., the transfer terminal for lake traffic. The ultimate outlay at Prescott is estimated at approximately \$5,000,000, covering rail facilities, docks and elevators. It is understood that plans are now being prepared for the railway layout in which both the large railway companies are concerned.

The Lord Nelson Hotel, containing 200 rooms and decorated in the Georgian style, has just been opened in Halifax, Nova Scotia, facing the city's beautiful Botanical Gardens. The opening ceremonies were marked by a dinner given by the Board of Trade to E. W. Beatty, chairman and president of the Canadian Pacific Railway. Up to date in every particular and quietly and tastefully decorated in the period of design recalled by its name, the new hotel will fill a long felt want in the province.

Snow and dog teams are lacking in "His Destiny" a seven reel film produced by British Canadian Pictures Limited of Calgary, stated Guy Weadick, general manager of the company. The mountain scenes shot around Banff and Lake Louise are the finest backgrounds possible for an outdoor picture, he said. The Governor General and Lady Willington appear in the part showing the Calgary Stampede, and 800 horses are used in a round up scene in this all Canadian film.

An interesting and remarkable feat in railroad engineering is now being effected on the main line of the Canadian Pacific Railway near Toronto. Span by span the old steel bridge built in 1888 is being dismantled and replaced by heavier girders resting on new concrete piers without causing any interruption in traffic. During a six hour interval in the train schedule during the daytime tracks and ties are ripped up, an old span removed, and a new section weighing 45 tons is swung into place by a great crane especially constructed for the purpose. The short gap left between the new and the old spans is temporarily filled by special girders, new ties and track are laid by gangs of workmen, and the bridge is open to trains again. Preparations are then made to tackle the next of the thirteen spans.

Herbs That Heal When Lungs and Bronchial Tubes Seem all on Fire

Fifty years ago, a quiet-going soul, James Gallagher, came to Peterborough County. His was a marvelous skill in compounding herbal medicine. One of his many prescriptions—for folk subject to Bronchitis or similar ills and nasty coughs and colds—was his Indian Lung Remedy, full of the health-giving power drawn from Mother Nature, herself. Wonderfully healing to inflamed tissues. A builder of good, red blood. Make the acquaintance of this tried, reliable remedy. Keep well this Winter. Together with the other fine Gallagher Herbal Household Remedies, now obtainable from
