APPRECIATE VALUE OF THE HOME PAPER — SEND YOUR NEWS ITEMS TO THE Y. P. S.

Every organization of any value to a community should boost its own home locality when possible. One of the ways to do this is to keep the doings of the neighborhood before the people—through the local newspaper and with this in view Headford United Y. P. S. will endeavour to send all items of real news to The Liberal. Send your news to the Y. P. S.

Some of the young people attended the box social at Carrville last Friday evening and reported a splendid time. Watch future issues for the happenings in the Headford district.

The weekly meeting of the Young People's Society was held last Thursday evening at the home of Mr. and Mrs. F. Lee. Miss Mary Henricks had charge of the meeting and a real good programme was given. This week they are holding the annual Valentine Box Social in the Church on Thursday evening, Feb. 14th. Everybody cordially invited.

Miss Rhoda Barker spent the weekend in Toronto, visiting Miss E. G. Barker.

Mr. and Mrs. L. Bagg entertained a number of the young people last Wednesday evening. A very enjoyable time was spent by all.

We are sorry to report the death of Miss Margaret Thompson and sincere sympathy is extended to the bereaved family.

CASHEL

Mr. and Mrs. Stephenson and family, of Toronto, visited Mr. and Mrs. R. Lotton last Sunday.

Miss Ruby Forrester, of Toronto, spent the week-end at her home here. Regret to report that Kathleen Gwiggell, Albert Carr and Thomas Hobbs Jr. are on the sick list this week. We wish them a speedy recovery.

The pupils of Cody Corners School held a Valentine Party last Thursday afternoon. An enjoyable afternoon was spent by all present.

Miss Flossie Roberts attended the Minstrel Show given by "Canadian Ladies Club" in Forrester's Hall, Toronto, last week.

We are wondering what has become of that perfectly good snow plow that was seen travelling up the highway during our first heavy snowfall. We are of the opinion that it could certainly be used to advantage right now.

Some Light

Since the Hydro Electric Power has been turned on in our locality, headlights on cars travelling on the highway could almost be disposed of, since we have been trying out the new "lighting system" the reflection from the farms situated close to the road has provided sufficient light to guide the traffic for some distance.

(179) The Canadian Pacific has decided on a new ferry service between Steveston, on the mainland, and Sydney, on Vancouver Island, according to Captain C. D. Nerentsos, manager of the B. C. Coast Steamship Service. The new service will begin early next summer, being inspired by the increased demand for short water hauls.

Tourists to Victoria, the capital of British Columbia, this year numbered 370,000, according to the Victoria Publicity Bureau. Tourist travel from Canadian points and from the west coast of the United States to Vancouver Island and Victoria, via the C. P. R. and the coastal steamship service, show an increase over last year.

New York newspaper cameramen want cow-boys to do their stuff on the parapets of skyscrapers and are not content with ordinary portraits, was the somewhat bitter observation of Guy Weadick, manager of the Calgary Stampede, who returned to Canada recently from participating in Tex Rickard's radio in Madison Square Garden, New York. "They wanted real action for photographs," he said, "and we had to lasso policemen from the top of busses on Fifth Avenue to please them."

Grain storage facilities of the harbor of Vancouver, B.C., which now exceed 10,000,000 bushels, will be largely increased next season, it is believed, in view of the fact that storage bins are already nearly full and the westward flow of grain may have to be reduced in consequence. It is being reported currently that the Alberta Wheat Pool, the Midland-Pacific Terminals and other groups will add storage capacity to existing terminal houses.

Over 175,000 trees have been planted along the main highways of the province of Quebec during the past two years by the Roads Department, in following out its embellishment scheme, which includes co-operation from residents along the roads. "Since the beginning of the season," states an official bulletin, "the Minister of Roads has been insisting on the importance of beautifying roadsides. Tourists can now travel throughout the province on modern and perfectly maintained roads."

"Canary Korndyke Alcartra," Holstein-Friesian cow belonging to the herd of Ben. H. Thompson of Boharm, Saskatchewan, has been declared world's champion butterfat producer, according to an award received by the owner from the five stock commissioner at Ottawa, stating that the cow has won the world championship with an enormous margin to spare. The record of Canary Korndyke Alcartra for 305 days was 1,080 pounds of butter-fat, or 106 pounds more than any previous record holder. In the 305-day period the cow produced 26,396 pounds of milk with an average test of 4.04 butter-fat.

There is no doubt in the mind of L. S. James, of New York, as the New York Central Railway, as to whether moose will attack human beings. Although the subject is a controversial one among big game hunters, decisive testimony was afforded recently in the experience of Mr. James in the Metagama district, lying between Sudbury and Chateau in Northern Ontario. He was paddling in his canoe along the shore of the Spanish River and came upon a bull moose unaware. The animal at once gave chase and only by dint of hard paddling by Pete Comanda, the Indian guide were they able to escape. Another canoe in rear was similarly pursued.

Some foundation for the old nickname "woolly" west is found in the report that Alberta's wool output for 1928 amounted to 3,033,181 pounds. Altogether the Dominion produced over eighteen and a half million pounds.

Steel is replacing wood in freight service on the Canadian Pacific Railway as 7,500 box cars now on order for the company will be of steel construction. They will have a capacity of about 2,000 bushels of grain and a load of 120,000 pounds.

Fur-farming is developing many branches, one of the most recent being the organization in Manitoba of the Manitoba Muskrat Breeders Association. The body plans to study muskrat breeding conditions and to investigate all phases of the industry.

In a recent speech at Kitchener, Ontario, E. W. Beatty, chairman and president of the Canadian Pacific pointed out that the average freight rate per ton per mile in Canada is about 5 1/2 per cent lower than in the U.S., and that the average of Canadian grain rates is 40 per cent lower.

The Trans-Canada will cross the continent in an hour and a half less time eastbound, and an hour less westbound than it did last year. This does not mean that Canada has got any smaller, but that the Canadian Pacific Railway is running the famous flyer on an improved schedule.

Penny postage, inaugurated at Christmas, is working well and bringing about a notable increase in letter mails from Canada to the British Isles, according to federal postal officials. It is estimated that the increase in the course of a year would be such as to offset the \$200,000 estimated reduction in revenue by the penny rate.

In Manitoba, there is one tractor for every 4.6 farms; in Saskatchewan, one for every 4.7 farms; and in Alberta, one for every 7.5 farms. If all the tractors were hitched together, how long could it take a garage mechanic to reach the moon.

For the sixth successive year Dean Sinclair Laird of Macdonald College, Ste. Anne de Bellevue, Quebec, will conduct an all-expense tour across Canada and back, starting from Toronto on July 22, and lasting for 21 days. The party travels in a special train with a baggage car filled up as a sixty-foot dressing-room.

Equipped with a bow-rudder, a new device that will aid in navigating the harbours of Victoria and Vancouver and the waters of the British Columbia coast, the Princess Norah has arrived on the Pacific seaboard to join the fleet of the B. C. Coastal services of the Canadian Pacific Railway. She is the eighteenth ship to be built for this work and has just been constructed at the shipbuilding yards on the Clyde in Scotland.

High School Notes

The first half of the inter-school basketball schedule has been played, with St. Andrew's team carrying off the honours, not having lost any games. Richmond Hill was second, having lost one game, tied one and won two.

The schedule is being repeated for the second half and a close contest is expected to produce the winner. Richmond Hill will play their first game with Aurora at Aurora to-day. The Hill team has been strengthened by the return of Charles Proctor on the forward line and Allan White on defence so that a lively team will be placed on the floor.

The school basketball schedule is about half finished with the following standing of the teams.

Table with columns: Group I, Won, Lost. Rows: Wright, Langstaff, Perkins, Frisby, Young, Echlin, Mackey, Mason.

The girls basketball team met defeat on Tuesday afternoon when the Aurora girls met our girls at home. The score was 22-12.

(226) A skin game.—Two young boys living 90 miles northwest of Edmonton started a coyote farm in 1927 by digging young coyotes out of the ground and confining them in a pen. They got 140 young animals and when their skins were mature sold them for \$12 each.

A southern packing plant specializes upon horse meat for shipment to parts of Continental Europe where it is very popular. It has been suggested that the nondescript range horses straying about Southern Alberta be herded for packing purposes. It is a pity someone could not figure out a similar way of consuming some of the old motor cars that are loose on the highways.

Twenty oil burners measuring overall 97 feet in length and weighing 725,000 pounds have been ordered by the Canadian Pacific Railway and will be in passenger and freight service through the mountains this summer. Each of them will do the work of two or more of the lighter locomotives. They are the largest in the British Empire and will revolutionize transportation in the west, it is predicted.

Victoria is having a mid winter golf tournament open to members of the local clubs and to guests of the Empress Hotel, and the players won't have to play in mittens and fur coats, either. In the east they have a game called winter golf that they play with bow and arrows on skies or snowshoes, but the golf at Victoria is the legitimate article. The game is played the year round in the equable climate of the Pacific coast.

Unique and luxurious cars, differing from anything operated in this country before, will be carried by the two crack trains of the Canadian Pacific Railway, the Trans-Canada Limited between Montreal, Toronto and Vancouver, and the Mountaineer, from Chicago to the Pacific coast, it has been announced. The cars will have bath rooms, valet service, lounge and smoking space, and a solarium, with vit-a-glass windows.

The sea is constantly productive of tales of adventure. A recently told story is that about Commander S. Robinson, O.B.E., of the Canadian Pacific liner Empress of France who turned his ship into the face of a hurricane and went 500 miles out of his course to take aid to injured seamen on a storm tossed Japanese freighter. The great liner waited beside the freighter, which had been badly battered by the huge waves and some members of whose crew had been injured, but found it impossible for boats to pass between the two ships to convey a doctor. After waiting for half a day the master of the Japanese ship reported that he could make port, and the Empress of France continued on her interrupted voyage.
