T.T.C. Refuses Citizens Request For More Cars

PETITION SIGNED BY 600 RESI-
DENTS IS OF NO AVAIL

Reeve Lunau and Ex-Reeve T. H. Trench interviewed the officials of the T.T.C. on Thursday last requesting some additional radial car service for Richmond Hill and district. They carried with them for presentation to the Commission a petition protesting against the present service and asking for at least two additional cars per day and which was signed by nearly six hundred residents of the district. The deputation was given a very courteous and attentive hearing by the officials who could give no definite answer but promised to take the matter up with the Commission.

The Commission under date of Mar. 5th notified Reeve Lunau stating that they are unable to meet the request. The reason given is "the improved highway condition and the resultant increasing use of trucks and private automobiles has so seriously affected the revenue that it was absolutely necessary to make reductions in the service."

The letter received by Reeve Lunau was as follows:—

March 5th, 1929

Transportation
Richmond Hill.
Mr. Jacob Lunau, Reeve,
Village of Richmond Hill
Ontario.

Dear Sir:—

Further to our conversation of the 28th February, at which time you presented a petition signed by various residents of Richmond Hill and the adjacent district, requesting that the Commission reconsider its recent schedule of radial cars to and from Richmond Hill and Toronto, this will advise you that we have carefully considered this request, and in view of the consistent decline in passenger travel, we are unable to justify adding additional cars to the present service.

We regret we are unable to meet this request, but the improved highway condition and the resultant increasing use of trucks and private automobiles has so seriously affected the revenues of this railway, that it was absolutely necessary to make reductions in service, and reductions were made at those times of the day that would least inconvenience the travelling public.

Yours very truly,
H. W. TATE, Assistant Manager

YORK PIONEERS WILL HOLD ANNUAL CONTEST

For several years the York Pioneer and Historical Society has arranged a Musical Contest—open to Church Choirs and Boys and Girls of the County of York outside of Toronto. This is part of the plan of the Society to aid in developing the Community spirit in all its phases. The events were most successful—last year eight church choirs and 11 soloists competed.

For this year the Society is offering the following rewards:—

(1) Silver Shields for the best Church Choirs—first and second—with Silver Medals for leaders of winning choirs.

(2) Gold Medal for the Best Girl Singer, under 18 years of age.

(3) Silver Medal for the Best Boy Singer, with unchanged voice.

The competitions will be held in the United Church at Richmond Hill, on Saturday, May 11th, 1929—in the afternoon; Soloists at 1.30 and choirs at 2.30, standard time. Capable and experienced judges have consented to act. The public invited—no admission fee.

Details of these competitions with names of selections for choirs and soloists may be had from the Secretary, N. F. Caswell, 148 King St. West, Toronto, and entries may be made with him at any time.

Another Victim Motor Accident

One more fatality was added to the long list of accidents on Yonge Street on Wednesday evening, when William Leonard, six year old son of Mr. and Mrs. A. J. Leonard, Rumble Avenue was almost instantly killed when he was struck by a truck just north of Elgin Mills.

The unfortunate lad accompanied by five year old Donald MacMillan were walking south, when the accident occurred. According to witnesses both boys took a sudden move to cross the street, but Donald MacMillan quickly jumped back and saved himself, but the Leonard boy was struck. The truck which belongs to the John Shell Cartage Co., Toronto was driven by Fred Cole, 21 Ontario Street, and was brought to a stop in twelve feet and the driver of the truck took the injured boy to the office of Dr. Langstaff where he was rendered first aid, but passed away in a few minutes. Constable S. Barraclough investigated the accident, but after hearing the story of the witnesses and testing the brakes of the truck attached no blame to the driver and allowed him to go.

An inquest concerning the death will be held in the Magistrates office next Tuesday evening at 7.30 p. m.

The Board of Trade Meets Next Monday

The regular meeting of the Richmond Hill Board of Trade will be held in the council chamber next Monday evening at 8 p. m.

A large attendance of the members and citizens is desired as Mr. Murr of the Industrial Department of the Canadian National Railways will be present to discuss ways and means of obtaining industries and to explain how that department of the railway is prepared to co-operate with the Board of Trade in this important work.

In view of the refusal of the T.T.C. to grant any consideration of the request of some six hundred ratepayers who signed a petition asking for additional car service it is likely that transportation problems will also be discussed.

An important recommendation from the program committee relating to the form of future meetings of the Board will be presented for the consideration of the members.

UNITED CHURCH Y. W. A.

The Y.W.A. will hold their March meeting on Tuesday, March 12th, at the home of Miss D. Hart, Arnold St., at 8 p. m. All the young ladies are welcome.

T. T. C. BUS UPSET

A southbound T.T.C. bus upturned in the ditch south of Thornhill on Wednesday evening. None of the four passengers were hurt and all made their way to safety through the door in the top of the bus. It is understood that the driver of bus crowded too close to the side of the road and that when the wheel hit the soft shoulder the bus took to the ditch.
