HOTEL RICHMOND CHANGES OWNERSHIP

MR. PIPHER THE NEW PROPRIETOR TOOK CHARGE THIS WEEK

A real estate deal of importance locally was consummated this week when the Hotel Richmond which for the past number of years has been owned and operated by Grant Bros. was sold to Mr. W. Pipher.

The new owner took charge this week and to him and his family The Liberal extends a very hearty welcome to the village and extends sincere good wishes for the best of success in their new undertaking.

Mr. Pipher who comes from Newmarket is an experienced and well known hotel-man having been in the business for over seventeen years. In the tobacco and pool business the new proprietor has had even a longer experience having been associated with this line of business for twenty-three years.

Under the new management some important and notable improvements are planned which when completed will improve the facilities of the house for catering to the general public and especially the great tourist traffic, which passes along Yonge Street.

DAYLIGHT SAVING TIME

Daylight Saving time becomes effective in Richmond Hill on Sunday, April 28th at 2 a. m. The change is made to conform with the city of Toronto which changes to "summer time" at this hour and it is understood that the new time will be generally effective in the North Yonge Street district. Local church services on Sunday will be on Daylight Saving time and if a person walks into church nearly an hour late on Sunday it will be because the offender either has a poor memory or else does not read The Liberal. Advance the hands of the clock one hour on Saturday night before you retire and then go to bed with the happy satisfaction that from then on for the rest of the summer you are going to save one hour of precious daylight — and then the first of the week just try to convince some people that they are saving daylight.
