MAPLE

The new Fire Engine recently purchased for the village from the Lorne Fire Engine Company of Mitchell, Ont., arrived on Monday night and several demonstrations were made the next day with a volunteer fire brigade. A meeting will be held on Saturday evening in the Community Hall to discuss matters in relation to the Fire Brigade and the Park.

The Community Hall was crowded on Friday night at the dance given by the Fifth Concession Euchre Club.

Twenty-five Canadian Scouts from Toronto, camped on Dufferin Street, over the holiday and had a very enjoyable outing.

Mr. and Mrs. Lund are preparing to move into their new home on Richmond Street.

Early on Tuesday morning a fire alarm was rung in from the home of Wm. Burns, when it was found his barn was in flames. The efforts of a large number of people could not save the building and it was totally destroyed.

Mrs. D. Brown who spent the winter with her daughter and sons in McKeesport, Pa., returned to the home of Mr. and Mrs. H. C. Bailey last Friday.

Mr. and Mrs. Geo. Garrow who have spent several months in Toronto, have returned to their home here.

The Alerts one of the groupes of the Maple C.G.I.T. spent a jolly time together on Saturday evening on the grounds at Mr. T. Cousin's cottage. A game of softball was enjoyed, after which supper was served. A series of gymnastic stunts was carried out and during the business part of the program it was decided that the dedication ceremony take place at the next meeting. The gathering concluded with a sing song and the repeating of the "purpose".

Miss Helen Jackson, of Perth Ave. School visited over the holiday with Miss Marguerite Bailey.

Here and There

(297) Arthur W. Cullen, Chicago wheat king, is erecting a hotel in his native city of Guelph, Ontario, which will be operated by the Canadian Pacific Railway. A golf course and pleasure park will be also established, the whole undertaking involving an expenditure of about \$2,000,000.

The sumptuous new Solarium lounge car put into service by the C. P. R. as rear end equipment aboard the Trans-Canada Limited is being nicknamed the "mustard plaster car". It was facetiously suggested by railway officials that the company should provide passengers with mustard plasters as it was recently claimed in England that these were more effective than ultra-violet rays. This contention was disproved, however, and the trouble taken by the railway is glazing the end sun room of the car with special vita-glass, which admits the ultra-violet and most beneficial rays of the sun, was justified.

Officials of the C. P. R. in the east can now speak to their confreres in the west—as in connection with the recent improvement and extension of the railways telegraph carrier system telephone facilities were also thrown open.

The community of globe trotters who made a circuit of the globe during the winter aboard the Canadian Pacific liner Empress of Australia contributed a series of remarkable items to the social notes of the New York newspapers when their vessel terminated her voyage there. An engagement, a marriage, and the birth of five children to a Japanese passenger were announced, constituting in the opinion of Captain Latta, commander of the cruise ship, something hitherto unrecorded in seafaring annals. The five Japanese babies were appropriately named the "Empress of Australia," "Empress of Scotland," "Empress of France," "Empress of Canada," and "Empress of Russia" after the giants of the Canadian Pacific fleet. The babies were canaries.

D. C. Coleman, vice-president of western lines of the Canadian Pacific Railway, has been elected a director of the Metropolitan Life Insurance Company of New York. The only other Canadian director is Hon. L. A. Taschereau, Premier of the Province of Quebec.

A tunnel built at a cost of \$250,000 makes it now possible for trains from North Vancouver to connect with the Canadian Pacific Transcontinental system. The first train making use of this new connecting link that also makes use of the second narrows bridge and the harbour rail system, carried the Governor-General and many distinguished westerners.

Funerals and weddings can hold no terrors for Captain Frank Middleton, of the Canadian Pacific ship "Alberta," who has been presented with no less than three top hats. As captain in charge of the vessel entering the ports of Sault Ste. Marie, Port McNicoll and Fort William for the first time this season, opening navigation at each point, he was given the traditional welcoming address and presented with a silk hat on each occasion. His three shining toppers repose in a neat row in his cabin and it is estimated that it will take three hundred years to wear them all out.

Newtonbrook

Master Alex Drury had the misfortune to break his arm last week. He is, however, making as good improvement as is possible.

Mr. Carberry, of Connaught Ave., is very ill.

Mrs. Brown, of Toronto, sister of Mrs. Thomas Wice, spent Sunday in Newtonbrook with her sister.

The Newtonbrook baseball team made a splendid showing at the Richmond Hill Fair on Victoria Day. They won second place, being beaten only by "The Pals," of Toronto, and that only after playing three games in succession and taking on the Pals, who had had a rest. Philip Harper won the first prize in the three mile race at the same Fair and T.S. Whitehorn was the champion in the shot-put. Newtonbrook is proud of her champs.

Miss Doris Soden presided over the meeting of the Young People's Society last Monday evening. Miss Janet Riddell read the lesson and Miss Ida Thomas gave a special reading. Mr. F. J. Mason addressed the young people on Citizenship, emphasising particularly the force of personal influence. There will be no meeting of this society next Monday as it is a public holiday. On the week following, the gathering will take the form of a social and will be the last regular meeting before the summer holidays. It is hoped that every member will attend this social rally on Tuesday, June 11th.

Last Thursday afternoon the teachers and pupils of the Newtonbrook Public School gave a very fine Empire Day programme on the school grounds. The afternoon was threatening but there was a splendid turn-out of parents and friends. Rev. E. R. Young was chairman. The massed children sang "O Canada" for an opening selection. They sang this chorus well and also "The Maple Leaf." The girls of Miss Russell's room gave a dainty flag drill and song, while the sturdy little primary boys "brought down the house" with their fine exhibition of the Farmer Drill. Recitations were rendered by Peggy Merrill, Dorothy Dugan, Marjory Scruby and Betty Round. Delva Connor gave a dainty folk dance. Drills and dances were presented very creditably by the girls of Miss Tate's, Miss Milburn's, Miss Soden's and Miss Jackson's rooms; while the boys of the two higher rooms gave a fine exhibition of club swinging. The program ended with the National Anthem and three cheers for the teachers.

We regret to hear that thieves have made their appearance in our village. Last week the store of Mrs. McKague was robbed. The loss is estimated at about \$300.

Rev. F. M. Bellsmith, of Toronto, is building a house on Moore Park Ave.

Mr. and Mrs. Proctor and sons motored to Kingston for the week-end.
