**RETAIN THE RADIALS**

The large and enthusiastic meeting held in Richmond Hill last week by the Yonge Highway Association was ample evidence that the people of York County want a RADIAL SERVICE and the opinions expressed freely at that meeting stated plainly that the people do NOT WANT A BUS SERVICE.

We sincerely hope that the committee appointed to confer with the City of Toronto will be able to impress upon the city fathers the folly of draining the revenue of the railroad by running busses parallel to the road and that the outcome of the deliberations will be a decision to operate the radials and inaugurate a real service for the municipalities of York County north of the City of Toronto.

**CHECKING BRAKES**

Defective brakes on motor vehicles are a menace to other motorists, to pedestrians, and to the driver himself. In a moment of crisis, the condition of the brakes on a car may mean all the difference between life and death. Yet attention to brakes is not a troublesome matter. It demands only a few moments for a test, and, if defects are found, no motorist of common-sense would object to the necessary adjustments. In the interests of safety, it should not be necessary for the police to act before the defective brakes are remedied. It should be a matter of conscience for each motorist to attend to this important matter.

Municipal clerks have been asked for a list of burying grounds in their municipalities. The agitation to have neglected cemeteries cleaned up and put into proper shape is gaining to enlist the sympathy of the public and also the department of the government which has this work under its control.

The Secretary of the Ontario Motor League advocates the abolition of the speed limit. Thousands of motorists have already anticipated his idea.

The people of York County are looking to the members of the County Council to zealously guard their interests in maintaining the Radial service. County Council meets next week and the members should lose no time in seeing that no stone is left unturned in the matter of the present radial situation.

**DO YOU REMEMBER  
This Week of 1895**

When Markham Township Council met at Victoria Hall, Unionville, on Saturday, May 25. Members all present except Deputy Reesor. The Reeve in the chair. The minutes of the last meeting were read and confirmed.

When at the regular meeting on Monday evening, the following officers of Richmond Lodge were elected:—I. P. M., J. E. Clubine; W. M. T. F. McMahon; S. W., P. G. Savage; J. W., T. H. Trench; Chap., A. L. Skeele; Treas., W. Trench; Sec., H. A. Nicholls; Tyler, R. E. Law; Auditors, I. Crosby, R. E. Law.

When Ingersol tried to organize a Lacrosse team but failed.

When the school report for the month of May at Maple Public School was:—Sr. IV—R. Naughton, D. Dillworth, A. McNeil, E. Keffer, C. Shunk H. Keffer, H. Glass. Junior IV—N. Watson, W. Watson, F. Matheson, A. Wylie, F. Johnston, E. Dillworth, P. Wood. Sr. III—I. Johnston, R. Kirby, W. Matheson, W. Powers, T. Wilson. Jr. III—H. Rumble, J. McNaughton, L. Shunk, R. Kirby, M. Clark, S. Rankin, N. Line, R. Campbell, M. Line, J. McNeil, E. Matheson.

**DO YOU REMEMBER  
This Week of 1900**

When Mr. Joseph Knight, of Chicago, formerly of Maple, was home on a

visit to his father and many other friends in Maple.

When Mr. Joseph Colman and Miss Margaret Marshall were united in marriage in the R. C. Church, Thornhill, on Tuesday, the ceremony being performed by the pastor the Rev. Father McMahon.

When the School Report for Markham and Vaughan S.S. No. 2 was:—Sr. III—Emily Boyle, Mabel Gooderham; Jr. III—Florence Chapman, Medie Clubine, Arthur Ball; Sr. II—Emma Weldrick, Marguerite Boyle, Annie Chapman, Cora Weldrick. Jr. II—Otta James; Sr. Part II—Beatrice Flavelle, Herbie Luesby; Jr. Part II—Boynton Weldrick, Myrtle Weldrick, Lorne Gooderham; Sr. Part I—Ethel Flavelle, Herbie Boyle.

**DO YOU REMEMBER?  
This Week of 1909**

When Mr. D. Hill and daughter Eva and Master Carl motored to Craighurst, Saturday and returned Monday evening. They also visited at Hillsdale, Elmvale and Barrie.

When Mr. and Mrs. G. Osmond and daughter spent Sunday with Mrs. A. Diceman, of Teston.

When Messrs A. J. Anderson and W. J. Baird were on Saturday elected Aldermen in the new ward in Toronto, formerly Toronto Junction. Mr. Andersons vote was 777 and Mr. Bairds 604.

**A REAL HOLIDAY**

The season has come when many people are preparing for their summer holiday. There is no question but that a rest, a change of environment, a period spent chiefly out of doors at play, and a release from the usual responsibilities and routine of work are all good for everybody. It is not intended to suggest a routine of life for the holiday; in fact, the release from doing things by the clock is, in itself, a relaxation, and this appeals to many as the most desirable part of the holiday. However, it is foolish not to give some consideration to a few things, which, if overlooked, may result in the holiday's developing the aspects of a calamity.

Water in the country, water at summer resorts will, if continued, spread disease—particularly typhoid fever—just as readily as will water in a town or city. When selecting a summer resort, or when renting a cottage or site for a camp, find out whether or not the water is pure. You cannot judge as to this from the appearance of the

water. Water may be clear, cold and sparkling, and may still be impure and dangerous. The only way to be sure is to have the water examined. Your provincial health department will do this for you. Write and ask them how to take and send in a sample. Do this before you establish yourself at a summer resort.

Milk in the country, despite popular belief, is generally not safe. Do not use milk unless you know that it is safe. Visit the farm from which it comes, see for yourself if the cows are kept in a cleanly way, how the milk is handled, and then decide for yourself if the conditions are satisfactory. We would advise that, at least for children all milk used be pasteurized. There is no object in taking precautions all the year round, and then allowing children to be exposed to danger during vacation. You cannot tell from their appearance whether or not cows have tuberculosis. You cannot tell from his appearance if the farmer is a disease carrier. You cannot tell from appearance whether or not the farmer's well, the water which he uses, is safe. The most practical safeguard is to boil or pasteurize the milk.

Upon request, instructions as to pasteurization in the home will be supplied.

Questions concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

**Newtonbrook**

Mrs. D. Foreman has returned from a visit to Bracebridge and Muskoka Lakes.

Mrs. G. Cornell, of Detroit, paid a short visit to her sister, Mrs. Bert Smith, last week.

In a few days Mr. and Mrs. James Vanderburgh will have the honor of celebrating their golden wedding. We hasten to extend our sincere congratulations.

Mr. and Mrs. J. R. Smith spent last Sunday at Lake Scugog.

Mrs. Egerton R. Young, Sen., of Toronto, spent Sunday at the Newtonbrook Parsonage.

The last regular meeting of the Young People's Society, before the summer holidays, will be held on Monday evening, June 10th. It will be a rally soicable and all the young people of the community are invited to attend.

The Young People are also asked to reserve the date of July 6th., as that date has been chosen for the Annual Young People's Picnic. Further details will be given later.

Mr. G. R. Goulding sang a solo in the Newtonbrook United Church last Sunday morning and at the evening service, Mr. George was the soloist. Mr. Hill's organ selections were very finely executed and called forth many words of appreciation.

The North Yonge Street League of baseball players has started their schedule. Several games have been played. The first to be staged in Newtonbrook will be on Tuesday evening, June 11th. The Richmond Hill team will face the locals. Come out and cheer for the home team.

IT takes more than mere size to make a BIG Six. It takes more than beauty, more than style, more than performance. True, a car needs all of these before it can become a BIG Six. True, Pontiac Big Six has all these.

But it has something more . . . something that stamps it once and forever as a real BIG Six. It has the "feel" of a BIG Six. People accustomed to much driving will know immediately what that means.

And it's not a sensation you can counterfeit. You have but to sit behind the wheel, drive the car and get the "feel" of it . . . you'll know in an instant whether or not you are driving a Big Six.

**WHAT CHANCE AGAINST  
FIRE  
HAS A ROOF LIKE THIS?**

Old roofs like this are rapidly becoming things of the past. Fireproof, permanent, Rib Roll roofs mean lower insurance rates, banish upkeep trouble and give your building an attractive, spic-and-span appearance.

RIB-ROLL

A "close-up" of Rib-Roll and the Preston Led-Hed Nail. Note the tight fitting, overlapping weather-proof joint. It is invisible from even a short distance away. Illustration shows the neat pattern which has been widely but unsuccessfully copied.

**MODERN BUILDING**—for permanence, low-upkeep and appearance—sounds the death-knell of wooden roofs. The dangers of fire to the building itself, to other buildings and to human life is rapidly being banished by metal roofs of high quality.

**RE-ROOF WITH RIB ROLL**

The appearance of this roofing alone has sold thousands. Whenever a roof of this material is laid in any district, it immediately secures a preference, and others who are roofing any kind of building, whether it be barn, house, garage, shed or warehouse insist on Rib Roll. It is made to famous "Council Standard" specifications.

**EASY TO LAY ON NEW ROOFS  
OR OVER OLD ROOFS**

The cost of laying Rib Roll is lower than that of nearly all other types of roofing. Any man who is handy with a hammer can put it on. Its handsome appearance adds many dollars to the value of your property. Send ridge and rafter measurements of roof or roofs in question, for free estimate of cost.

**PRESTON LED-HED NAILS**

The new nail with the lead on the head. No more "threading". Can be handled even with mitts on. The lead on the head positively seals the nail-hole—makes it weather proof, water-tight. Only 22¢ per lb. Free samples on request.
