

Ben Bernie to Open Royal York

Top, The Royal York Hotel as it stands out, even from the air. Below, Ben Bernie and his orchestra

"I hope you like it". To millions of radio listeners-in, that announcement, coming from Ben Bernie, "the young maestro", is a fulfilled promise of symphonic dance music of extraordinary quality. Though Ben Bernie cannot possibly have appeared in person before the many millions for whom he is the favorite of radio broadcasters, his name and the music for which it stands have become household words throughout the world, emblematic of the best in symphonic jazz orchestration. It is for that reason that Ben Bernie and his World-Famous Orchestra have been chosen above all others to open the new Royal York Hotel in Toronto, an engagement of three weeks at the highest salary ever paid by a hotel.

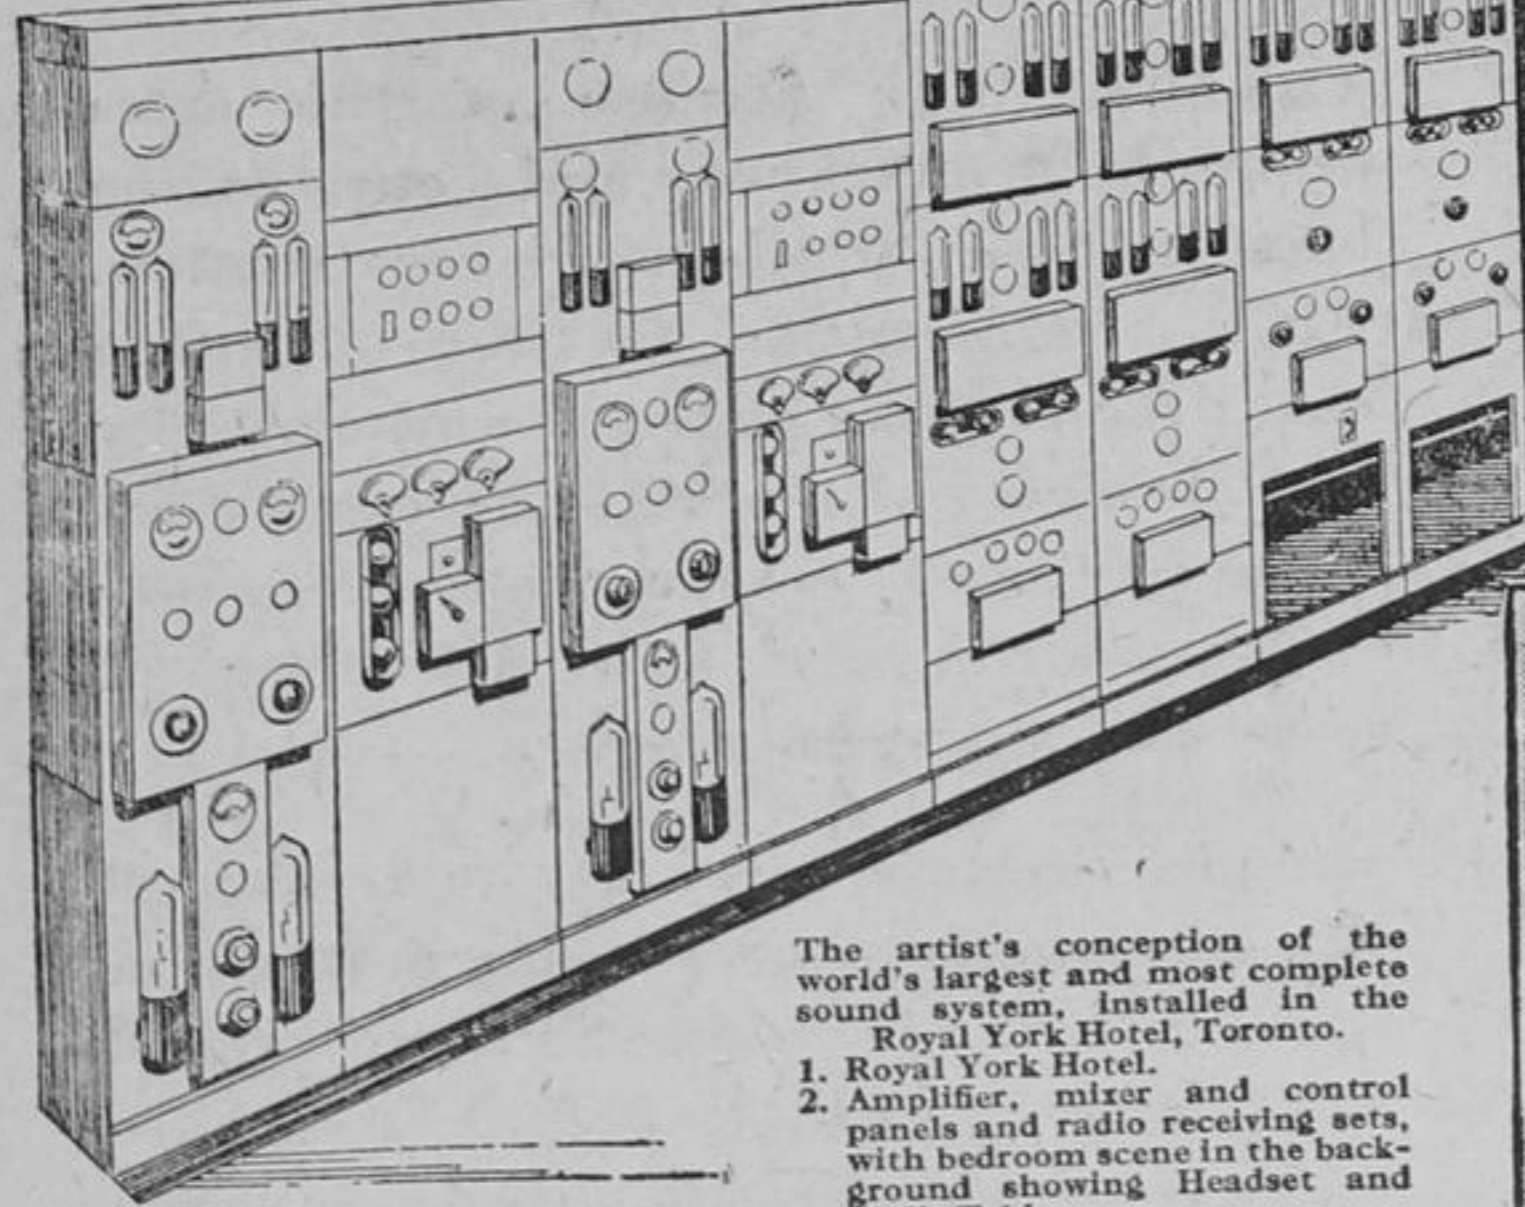

For the past seven years Ben Bernie and his orchestra have been featured at the Hotel Roosevelt in New York, one of the best and most widely known hostels of the Metropolis. The Ben Bernie music made the Roosevelt Grill the favorite rendezvous of dance lovers, young and old. Ben Bernie and his

Orchestra are also exclusive Brunswick recording artists and are featured by that company wherever phonograph records are played.

Ben Bernie's music is distinguished for the ingratiating rhythm of his orchestrations and the symphonic overtones applied to syncopation. It is pre-eminent among the "new jazz" orchestras for the quality of its music. Ben Bernie's orchestrations are arranged with the greatest of care and artistry, and are played by an aggregation of artists each of whom is an outstanding master of his medium.

Unrivaled in its versatility, the Ben Bernie Orchestra offers, in addition to the familiar popular tunes, symphonic jazz renditions of classical symphonies. The Ben Bernie arrangement of "Scherzade" presents in synopated form one of the most colorful of modern symphonies, striking a balance between the irresponsible gaiety of jazz and the austere solemnity of the classics, and appealing with equal force to lovers of the old and the new in music.

The World's Largest Sound System

The artist's conception of the world's largest and most complete sound system, installed in the Royal York Hotel, Toronto.

The Royal York, the new Canadian Pacific Hotel in Toronto and the largest modern descendant of the Village Inn beneath the Union Jack, is being equipped with the most extensive centralized radio and public address system installation ever attempted in any part of the world. The equipment was designed and manufactured in the Radio and Telephone Laboratories of the Northern Electric Company, in Montreal and is now being installed in the hotel. When the Royal York is declared officially opened on June 12th, this year in each of its twelve hundred bed rooms will be a radio outlet on the wall to which headphones may be attached, so that guests may enjoy one or two programs originating from anyone of five different sources. The Vice-Regal Suite will be equipped with

specially designed loudspeakers having the most pleasing tone quality and an artistic appearance in keeping with the decoration of the suite. In the main dining room, ball room, banquet hall, convention hall, roof garden, and the private dining rooms will be located groups of both microphones and horns; permitting either the picking up of programs from these locations and the "broadcasting" of them to all parts of the house, or the distribution of a program to any one of these points from any other locality or via radio from outside. Two highly sensitive and ultra selective radio receiving sets will be located in the control room on the fourth floor. There also will be found imposing "mixer" and control panels and five steel

framed amplifier panels capable of boosting up the strength of the received signals one million, million (1,000,000,000,000) times—powerful enough to deliver good volume at all points in the building—and yet may be tuned down to the softest tones desired for the most restful entertainment in the private rooms. A five horse-power motor generator set is used to convert the 25 cycle current supply into the 60 cycle power source necessary to operate these various systems. These function through some twelve hundred and fifty outlets connected together by a network of nearly ten miles of high quality rubber insulated and cotton covered, tinned, copper wire, supplying musical entertainment to every corner of this modern hotel.

Prize Winners At The Fair

(Continued From Last Week) W. W. Boynton captured the prizes for Yorkshire hogs and for Berkshires while C. Boynton was the main exhibitor of Tamsworts. The special prize for the best pen of bacon hogs went to C. Boynton. The showing of poultry was not large but there were some very fine birds on exhibition and it was pleasing to the directors the large number of young exhibitors who were on hand. Billy Buchanan, Ray Hopper and A. Stonehouse were among the prominent prize winners.

MARKHAM

The epidemic of measles has so far been confined to the village school. Last week however the junior room in Mount Joy school was dismissed for a week as a matter of safety. As none of the children took sick they resumed their studies on Tuesday.

Mrs. Wilmot Schell who went to the hospital last week for an operation is progressing favorably. On Wednesday night Mr. Gideon Brownsburger was taken violently ill and was rushed to the hospital where he underwent an operation for appendicitis and is now doing as well as can be expected.

Wedding bells continue to ring in town.

A quiet wedding took place on Saturday evening at six o'clock, when Ruby Hicks, of Whitevale, was united in marriage to Harold M. Boyington, younger son of Mr. and Mrs. Wm. Boyington, of Markham. The ceremony was performed at the Parsonage by Rev. Stuart Woods. The happy couple left on a short honeymoon to Algonquin Park, but not before their friends gave them a rousing send-off. On their return they will take up housekeeping on Main Street.

A baby boy arrived at the home of Mr. and Mrs. Ross Gowland on Sunday, June 2nd.

A number from here took in the Oddfellows parade at Stouffville on Sunday afternoon. Headed by the Stouffville Citizens Band, they paraded to St. James Presbyterian church where they were addressed by Rev. W. H. Fuller who preached a splendid sermon on "The Good Samaritan."

Cars may come and cars may go, but the happiest lads of all we saw the other day driving a little shaggy pony about the size of a collie dog.

Heaven knows best, but it would be nice if some of these imported insect pests liked dandelions.
